digital games

'Digital learning game based system is able to engage / have an impact on students' school results'

19.15%

'Students are
expected to bring at
school their own
hardware'

'THE OVERLOAD OF HOMEWORK
PROBABLY IS AFFECTING THE
ENGAGEMENT OF STUDENTS IN
EXTRA SCHOOL ACTIVITIES'

BALANCE

Importance to keep in mind the risk of over-digitalisation.

INCLUSIVENESS

Using the digital tools potential for accessibility.

CRITICAL THINKING

Digitalization always accompanied by those skills acquisition.
