To fulfill the annual ESSER fund reporting requirements, answer all questions based on the reporting period shown in the Annual Reporting table below.

Definitions

These definitions are provided for the purposes of this reporting activity.

ARP - American Rescue Plan Act of 2021

ARP ESSER - Elementary and Secondary School Emergency Relief fund authorized under section 2001 of the American Rescue Plan Act of 2021

Awarded- An SEA awards funds when it makes a subgrant to an LEA or, in the case of the SEA Reserve, when it enters into a subgrant or contract with a subrecipient.

CARES (ESSER I) - Coronavirus Aid, Relief, and Economic Security Act

CRRSA (ESSER II) - Coronavirus Response and Relief Supplemental Appropriations

ESSER I- (CARES) Elementary and Secondary School Emergency Relief fund authorized under Section 18003 of Division B of the Coronavirus Aid Relief, and Economic Security (CARES) Act

ESSER II- (CRRSA) Elementary and Secondary School Emergency Relief fund authorized under Section 313 of the Coronavirus Response and Relief Supplemental Appropriations (CRRSA) Act

Evidence-based- The ARP Act defines the term “evidence-based” as having the meaning in section 8101(21) of the ESEA. Accordingly, “evidence-based” includes several tiers of evidence.

Specifically, “evidence-based,” when used with respect to an SEA, LEA, or school activity, means an activity, strategy, or intervention that:

- Demonstrates a statistically significant effect on improving student outcomes or other relevant outcomes based on—
 - Strong evidence from at least one well-designed and well-implemented experimental study (“tier 1”);
 - Moderate evidence from at least one well-designed and well-implemented quasi experimental study (“tier 2”); or
 - Promising evidence from at least one well-designed and well-implemented correlational study with statistical controls for selection bias (“tier 3”); or
- Demonstrates a rationale based on high-quality research findings or positive evaluation that such activity, strategy, or intervention is likely to improve student outcomes or other relevant outcomes and includes ongoing efforts to examine the effects of such activity, strategy, or intervention (“tier 4”).

Given the novel context created by the COVID-19 pandemic, an activity need not have generated such evidence during the COVID-19 pandemic to be considered evidence-based.

Expended- The actual spending of money; an outlay. For purposes of this reporting, reimbursements that are made in the current reporting period that reimburse expenditures made prior to the start of the reporting period and on or after March 13, 2020, are considered “expenditures” for this reporting period.

Full-Service Community School- The term “full-service community school” means a public elementary school or secondary school that—participates in a community-based effort to coordinate and integrate educational, developmental, family, health, and other comprehensive services through community-based organizations and public and private partnerships; and provides access to such services in school to students, families, and the community, such as access during the school year (including before- and after-school hours and weekends), as well as during the summer.

G5- U.S. Department of Education’s grant management and payment system

LEA- Local Educational Agency

Planned Uses of Funds- Remaining funds that have been earmarked or budgeted for specific purposes are considered “Planned Uses” of Remaining Funds. The Department acknowledges these plans may change; please provide the State’s most current information regarding budgeted or earmarked uses of remaining funds.

Qualified Educator - For the purposes of this document “qualified” means an educator has met all requirements to earn a state license or certification in the area they are assigned to teach (and does not include substitute or provisional license or certification).

Remaining Funds- The balance remaining after all expenditures through the end of the reporting period have been subtracted from the total award.

SEA- State Educational Agency

SEA Reserve funds- An SEA may reserve 10 percent or less of its ESSER I and II grants (the “SEA Reserve”), to address emergency needs as determined by the SEA resulting from COVID-19, which may be addressed through the use of subgrants or contracts, and up to ½ of 1 percent of its total ESSER I and II award for administrative costs, which must come from the SEA reserve. An SEA must reserve at least 7 percent of its ARP ESSER award for mandatory set-asides for evidence-based interventions, as described below, and up to 3 percent for emergency needs as determined by the SEA (the “SEA Reserve”). An SEA may also reserve up to ½ of 1 percent of its total ARP ESSER award for administrative costs, which must come from the 3 percent for emergency needs.

State– The 50 States, the District of Columbia, and the Commonwealth of Puerto Rico

Reporting Periods

Annual Reporting: This report should be completed based on activities in each State’s Fiscal Year 2021 for ESSER I, ESSER II and ARP ESSER, respectively. Due dates will be determined close to the date of publication of the final template in the Federal Register.

Section 6- Maintenance of Equity

As a condition of receiving funds under ARP ESSER, each SEA and LEA that receives ARP ESSER funds must comply with the applicable maintenance of equity requirements. For more information on these requirements, please refer to ED guidance ([link to Maintenance of Equity FAQ](#)). Please provide the following information to meet the current FY 2022 annual reporting requirement. SEAs will be required to provide additional information in subsequent reporting years on how the State maintained equity. Data reported in this section will be used to assess the extent to which each State has maintained equity.

SEA Maintenance of Equity

- The statewide per-pupil amount of State funds allocated or appropriated to all LEAs in the State in FY 2022: \$ _____
- Per-pupil reduction of overall State funds for FY 2022 *(Note: If the per-pupil amount for FY 2022 is less than FY 2021, the difference is the amount by which the SEA has reduced its per-pupil amount of State funds to LEAs in FY 2022. If an SEA increases or maintains per-pupil funding to all LEAs in FY 2022, then for the purposes of determining whether the SEA has maintained fiscal equity for its high-need LEAs, the reduction is zero.):* _____ (Auto-calculated)
- Provide the per-pupil amount of State funding appropriated or allocated by state fiscal year for each high-need LEA as identified by the SEA. SEAs are expected to provide the following data for the same high-need LEAs that it reported baseline and initial Maintenance of Equity data to Department in 2021.
