POTTERYBARN
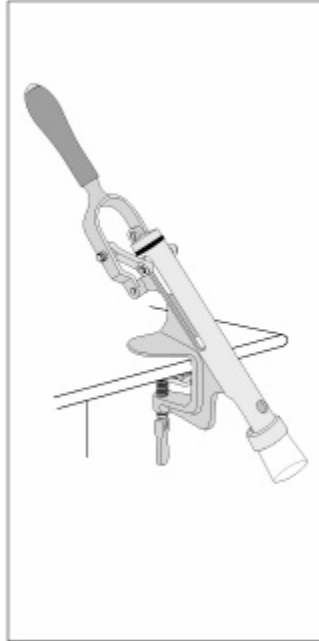

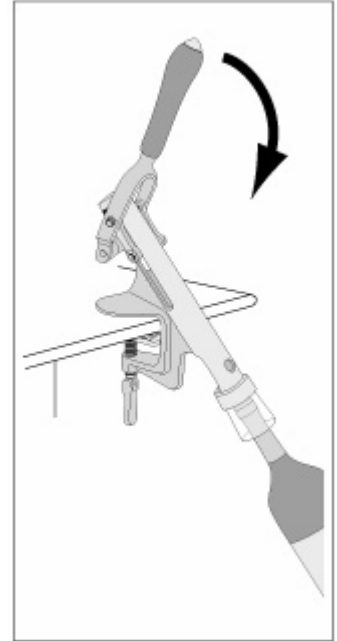

TABLE MOUNT WINE OPENER
Instructions

1. Fasten the CORK PULLER tightly to the edge of table or bar.
   Note: The wine opener must be mounted to a sturdy surface as it will provide support when removing the cork.
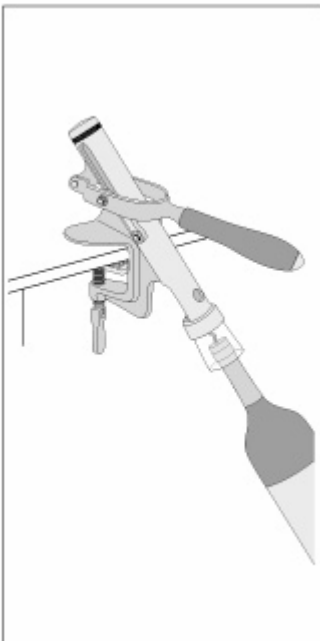

2. To begin the operation, the wooden handle must be in the UP position.
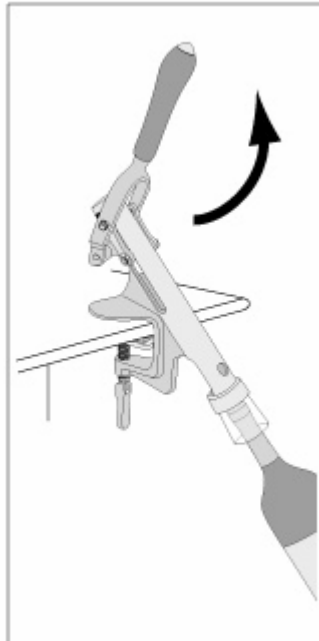

3. Hold the wine bottle firmly and push up into the transparent cap

4. While holding the wine bottle very firmly, pull the handle all the way down in a swift motion.

5. The cork is now extracted from the wine bottle and the bottle may be removed.

6. The cork will eject automatically when the handle is raised to the UP position.
