Pre-Assembly:

Assembly Instructions:

1. Due to uneven floors the furniture may not sit level causing it to wobble. If the piece wobbles, determine which corner does not touch the ground correctly. With two people follow these steps: (Figure 1)
 - Carefully elevate the item slightly to provide access to the levelers attached to the bottom.
 - Turn the levelers in a counter-clockwise direction.
 - Gently set down the piece and check stability.
 - Repeat steps until the furniture sits firmly on the ground.
2. Determine the desired level for the shelf. Fit the Shelf pegs (b) into the pre-drilled holes.
3. Carefully insert the Shelves (A) into the cabinet and gently rest the shelf onto the Shelf pegs. Repeat for all shelves.
