FAQ's

Q: How do I fill my Better Bean Bag?

A: You can use the Better Bean Bag Electric Air Pump (sold separately) or any air mattress pump you already have.

Q: Can I adjust the firmness?

A: Absolutely! Using the Electric Air Pump, you can fill it to exactly the level of comfort you want. We suggest you start at about 80% filled, try it out and then fill to your perfect firmness You get a perfect fit every time!

Q: What if it loses air?

A: You may find that a day or two after filling that your chair may feel softer. The PVC has a little bit of stretch – so you may need to add air to create your perfect firmness.

A: Check the tightness and threading of the air valves. There is a two stage valve that requires both to be tight.

A: In the unlikely event that you have a tear or puncture, we have included a patch kit. Just follow the instructions with it.

Q: Can it be cleaned?

A: You bet! The slipcovers are easily removed to machine washed in gentle cycle, just tumble dry on low. The Iron Cloud inflatable inner can be wiped clean with warm water. Lots of customers get extra covers so they can switch out for washing.

Q: How hard is it to remove the slipcover?

A: With traditional bean bags, it can be a huge struggle. But with the Better Bean Bag, it's easy using our patented EZY-Change System™. You just deflate the Iron Cloud inner, remove the slipcover, put a new one on, and then re-inflate the chair. It takes one person just minutes!

Q: Can I customize my Better Bean Bag?

A: It's simple to customize your Better Bean Bag with our slipcovers (sold separately). These faux fur slipcovers are incredibly soft, come in four fun colors, and are machine washable. If you feel like changing up your style, just put on a different slipcover. You can find additional styles and fabrics at thebetterbeanbag.com.

Q: Will it hold an adult comfortably?

A: Yes! The Better Bean Bag is designed with real people in mind... These are chair height (18") so no one has to roll out of it, has a more generous seating area with the ability to hold up to 350lbs.

Q: Is it easy to store The Better Bean Bag?

A: To store The Better Bean Bag, all you need to do is deflate it, carefully fold it, and put it in a secure and safe place until you need it again. Re-inflate, and you're all set!
