Attach each Side Rail (F) to Headboard legs by inserting the hooked ends of the Side Rail (F) into the corresponding slots in the Headboard legs. Push down firmly on the top of the Side Rails (F), until they sit themselves over the pins inside the leg slots, as shown in the illustration below. Be sure the small ledge on each Side Rail (F) is facing inward. There are two levels for the Side Rails (F). If you plan to use a trundle, please use the higher setting.
