

- ! Tool required:
- ! Do not throw away packaging materials until assembly is complete.
- ! Assemble this item on a soft surface, such as cardboard or carpet to protect finish.
- ! Proper assembly of this item requires 2 people.

## Hardware

## Parts

## Base unit sold seperately

1. Lay top upside down on a soft surface to protect finish. Attach metal bracket (A) to table top by aligning predrilled holes on metal bracket to pre-drilled holes in under top frame. Run 3 screws (B) to hold each bracket to under top frame.

2. Position 2 tall bookcases to make sure the distance between them match the distance between the 2 assembled metal brackets under top. Carefully flip the top right side up with a helper. Then lift on 2 bookcases as shown below. Run 3 screws (B) on each bracket through pre-drilled holes in brackets with Philips head screw driver to hold metal brackets to bookcase.

#### CARE INSTRUCTIONS

Hardware may loosen over time. Periodically check that all connections are tight.

Wipe with a soft, dry cloth. To protect finish, avoid the use of chemicals and household cleaners.
