CARE INSTRUCTIONS.

Upholstered seat: Spot clean only. Vacuum or brush with a soft brush regularly, at least once a month. For spills, immediately dab with a towel dampened with club soda or distilled water. To clean, use a commercial dry foam upholstery cleaner. Follow manufacturer's directions. Test for color fastness first on the fabric on the bottom of the seat.

Legs: Wipe with a soft, dry cloth. To protect the finish, avoid the use of all chemicals and household cleaners.
