November 17^h, 2011

- ▶ This document contains further forward-looking statements that involve risks and uncertainties concerning the Group's expected growth and profitability in the future. Actual events or results may differ from those described in this document due to a number of risks and uncertainties that are described within the 2010 Reference Document filed with the Autorité des Marchés Financiers (AMF) on 1 April 2011 under the registration number: D11-0210 and its updates filed on 8 June 2011 under the registration number: D11-0210-A01 and on 29 July 2011 under the registration number: D11-0210-A02.
- ▶ Global Business Units include Germany, France, UK & Ireland, Benelux (The Netherlands, Belgium and Luxembourg), Atos Worldline (French, German, Belgian and Indian subsidiaries), Central and Eastern Europe (CEE: Austria, Bulgaria, Croatia, Serbia, Poland, Czech Republic, Russia, Romania, Slovakia and Turkey), North America (NAM: USA and Canada), North & South West Europe (N&SW Europe: Switzerland, Italy, Denmark, Finland, Sweden & Greece), Iberia (Spain, Portugal & Major Events), Other Business Units including Latin America (Brazil, Argentina, Mexico, Colombia and Chile), Asia Pacific (Japan, China, Hong Kong, Singapore, Malaysia, Indonesia, Philippines, Taiwan, Thailand and Australia), IMEA (India, Middle East, Morocco and South Africa) and Atos WorldGrid.
- ▶ Revenue organic growth is presented at constant scope and exchange rates.
- ▶ The backlog at 30 September 2011 includes an update in the booking recognition according to the new Group revenue profile.
- ▶ The AtoS pro forma financial information for the 18 months to 30 June 2011 comprises the results of the former Atos Origin perimeter and the acquired scope of the ex Siemens IT Services (SIS), as if AtoS had been in existence since 1 January 2010. The information is provided as guidance only; it is not audited and, as pro forma information, it does not give a full picture of the financial position of the Group. The key assumptions used in the preparation of the information are as follows:
 - The pro forma information has been prepared using accounting policies consistent with those used in the historic Atos Origin interim and year-end financial statements;
 - Pro forma tax is based on the estimated effective rate of tax for AtoS for the relevant periods applied to pro forma profit before taxation.
 - The pro forma Profit and Loss account excludes significant exceptional items as being non-recurring, notably provisions on contract risks recorded in the first semester 2011.

Follow-up TOP² and synergies

SG&A: Close gap with former AO level and extract volume synergies

SG&A as a % of revenue

Restructuring combined with structural actions on SG&A staff will go beyond aligning SIS on Atos, and allow capture of economies of scale

*Activity Value Analysis: methodology used at Atos in 2009-10

**Assumption based on past years AO trend

A sustainable productivity approach on SG&A as opposed to cost cutting

Morgan Stanley

Emergence of Cloud is an opportunity

Morgan Stanley
TMT Conference
Barcelona
November 17th, 2011

SCALE

is essential to industrialize and achieve economies of scale

CLIENT BASE AND CLIENT INTIMACY
are required to be their partner through out the transformation

ABILITY TO FORM PARTNERSHIPS
is critical as the frontier between Outsourcing, Software and Services blurs

DELIVERY CAPABILITY
is needed both in Integration and Operation to address all aspects of the transformation

What did we announce on November 8th 2011?
