Message from the Chairman of the Board of Directors

Dear Shareholders,

On behalf of the Board of Directors of Atos SE, it is my pleasure to invite you to the Annual General Meeting ("AGM") of the Company which will be held on Wednesday, June 28, 2023 at 2:00 p.m. (Paris time).

The year 2022 was a year of courageous and well-considered decisions by Atos Group in view of the challenges it was facing. The present Annual General Meeting of Atos is of particular interest, as it is likely to be the last at which shareholders will vote on the basis of the current scope of its activities. In June 2022, the Group unveiled its new strategic plan, which involves the combination of Digital, Big Data, and Cybersecurity activities into one entity (referred to as the Eviden scope), and the combination of Managed Services and Infrastructure activities into another entity (known as the Tech Foundations scope). This project aims to establish two new independent companies, enabling each of them to pursue its distinct business trajectory. The separation project was initiated at the beginning of this year, following a productive dialogue with our social partners, with completion anticipated by the end of 2023. In the second half of 2023, Atos intends to convene a dedicated General Meeting of shareholders, specifically focused on finalizing the contemplated separation project and on the future governance bodies. You will receive a formal invitation in due course, along with comprehensive information pertaining to that meeting.

Furthermore, while successfully executing this project, the Group demonstrated over the past year its ability to significantly improve its performance and to deliver its recovery plan. The year 2023 promises to be a period of great excitement for the Group, and I have full confidence in Nourine Bihmane, Diane Galbe, and Philippe Oliva to steer the Company in accordance with its new strategic direction. The Board of Directors and I firmly believe that the collective efforts undertaken by all parties have set the Group on the right course to guide both entities towards their respective success.

This AGM will allow us to present the Group's activity report for the year 2022, and to vote on the approval of the 2022 financial statements. This AGM will also be the occasion to strengthen the diversity of skills within the Board of Directors in order to support the Group's strategic reflections and separation project. We will therefore submit to your vote the ratification and appointment of two new independent directors following a rigorous selection process: Mr. Jean Pierre Mustier and Mr. Laurent Collet-Billon. We will also submit to your vote the renewal of the term of office as director of Ms. Caroline Ruellan.

This brochure contains all the information you need to vote on the draft resolutions submitted by your Board of Directors to this AGM. It also details the procedures for participating in this AGM. Once again this year, we will be pleased to welcome you to our headquarters in Bezons. The AGM will also be broadcast live on the Company's website to allow all shareholders to attend, with the possibility for them to ask questions remotely.

Looking forward to welcome you soon, I would like to thank you for your confidence in the Atos Group and for your attention to the proposed resolutions.

Bertrand Meunier

Chairman of the Board of Directors

Message from the Executive Management

« Based on a comprehensive analysis and a constructive dialogue with our stakeholders, the Board of Directors and General Management of Atos have decided that change is required for our full potential to be met. »

Dear Shareholders,

In 2022, we embarked on establishing the groundwork for the group's transformative project. Within the Tech Foundations division of our business, the challenge at hand is significant. While we made notable progress in 2022 by mitigating the decline in revenue through heightened focus, successfully reversing the trend, and returning to profitability ahead of our strategic plan by three years, we must persist in our efforts. Continuously improving our cost structure should stay our focus while advancing our business portfolio by integrating further cloud and generative artificial intelligence technologies. These efforts are crucial for paving the path to future success and, importantly, resuming a profitable and sustainable growth trajectory by 2026.

Nourdine Bihmane

Group CEO and Co-CEO
Tech Foundations

Dear Shareholders,

Operationally, Atos registered a strong recovery in the second semester 2022. Having set out the new strategic plan for the business, we renegotiated the financing of the Group and launched the social dialogue on the transformation project. To date we have secured 80% of our disposal program, which is ahead of our planning. Over 500 colleagues from across the business have been leading the detailed analysis required to implement the strategic transformation in 2023. Atos has continued to perform very well across CSR and ESG (Environment, Social and Governance) scopes with recognition including leadership status in the Dow Jones Sustainability Index, CDP Climate A List, S&P Global ESG assessment and many more. CSR and ESG are critical sources of pride across Atos and will remain core to the new organizations' strategy.

Diane Galbe

Senior Executive Vice President

Dear Shareholders,

Our unique technological positioning enables us to take the full advantage of all the opportunities, and to further accelerate our growth in the future.

The Atos group in 2022

Group revenue was € 11,341 million in 2022, up +4.6% compared to 2021. At constant currency, revenue grew +1.3%, with an organic stabilization over the full year (+0.1%) and a +1.2% contribution from acquisitions net of disposals. Organic growth turned positive in H2, at +2.3%, with a strong Q4 at +4.6%. **Eviden's** revenue was € 5,315 million, growing +4.8% at constant currency and +2.0% organically. Organic growth accelerated in H2, to +5.4% (Q4 at +11.0%), driven by the ramp-up of Advanced Computing, steady strong growth in cybersecurity services where Eviden capitalizes on global leadership, and an acceleration in Digital.

Tech Foundations' revenue was € 6,026 million, decreasing by only -1.6% organically, a sharp improvement compared to 2021 (-11.4%). Following an earlier-than-anticipated stabilization in Q3, Tech Foundations accelerated the rationalization of its portfolio in Q4, particularly in BPO and value-added resale. Excluding non-strategic activities (BPO, VAR, UCC), Tech Foundations' Q4 organic growth was +1.0%.

Operating margin was € 356 million, or 3.1% of revenue. In a context of high-cost inflation (salaries, energy) and supply chain tensions, Atos managed to drastically improve its operating margin in H2, to 5.1%, after 1.1% in H1, thanks to vigorous performance improvement actions focused on structure costs (unwinding of the Spring program, selective hirings, better cost discipline), underperforming contracts and pricing. Over the full year, **Eviden's** operating margin was € 276 million, or 5.2% of revenue. **Tech Foundations'** operating margin turned positive in 2022, three years ahead of plan, to € 79 million or 1.3% of revenue.

Free cash flow was €-187 million in 2022, including € 129 million of costs related to the Group's transformation plan. Excluding these costs, Free cash flow was € -58 million, a strong improvement compared to 2021 thanks to a strict control of working capital, as well as a € 60 million refund related to the early termination of the German restructuring plan announced in July 2021.

Net debt was €-1,450 million at the end of December 2022, or 2.4x pre IFRS 16 OMDA, providing ample headroom to the Group's bank debt covenant of 3.75x. Having successfully refinanced its bank debt in July 2022, Atos is adequately funded. The Group's liquidity remains solid, with € 3.3 billion of gross cash and €2.0 billion of undrawn credit facilities at end December 2022.

Book-to-bill rebounded sharply in Q4, to 112%, compared to 71% in Q3, with both perimeters improving markedly. Eviden's book-to-bill was 130% in Q4, driven by both Digital and BDS. Tech Foundations started to reap the benefits of its refocused commercial strategy, with Q4 book-to-bill at 94%, driven by large contracts and a sharp increase in net new logos. This renewed commercial traction demonstrates Atos' strong positions in its core markets and the intact attractiveness of the Group's offering.

Delivering on our transformation project

Significant progress achieved in carve-out preparation, clear path for completion in H2 2023

In June 2022, Atos announced its intention to split into two publicly listed entities, both strong leaders in their respective markets, in order to unlock value and implement an ambitious transformation plan. Since this announcement, the Group has already made significant progress and is on track to decide on the separation project for a completion in the second half of 2023.

Started on September 7, 2022, the information and consultation process of Atos' European works councils (SEC) was completed within three months, with good collaboration, and represents a major milestone in Atos' transformation project. In parallel, local consultation processes have also been completed in all 31 countries where such consultations were required. As a result, Atos now has a clear path to complete its separation into two listed entities (subject to final confirmation by its board of directors and shareholder approval, among other customary conditions), and to accelerate the implementation of its transformation plan.

All internal separation workstreams are progressing as planned, across four pillars: (i) go-to-market and commercial continuity, (ii) carve-out operations covering tax and legal structuring, strategic agreements, and preparation of carve-out financial statements, as well as Day-1 operational readiness, (iii) operating model and support functions set-up and (iv) program coordination and change management.

Eviden: strong value proposition around clear distinctive factors

In 2022, Eviden has implemented a clear roadmap to increase the synergies between its digital, cloud and big data & security core activities, and to leverage its unique combination of services and high-end technologies across the full digital continuum. This roadmap will position Eviden as a leading provider of high-value-added services and solutions to customers who are increasingly mindful of sovereignty and security issues. In parallel, Eviden accelerated the development of its global offshore and nearshore centers, to reinforce its delivery capabilities.

Tech Foundations: fast and tangible first results on turnaround plan

Tech Foundations is delivering on its announced strategy and objectives. In 2022, the business line mobilized its teams around an ambitious turnaround plan and started to gradually rebuild a robust commercial pipeline. In parallel, Tech Foundations has positioned its portfolio to be the partner of choice for digital services and infrastructure modernization, leveraging its strength in private and hybrid cloud, employee experience and innovative offerings focused on reducing IT carbon footprint. A comprehensive set of actions were initiated to reduce underperforming contracts and their

associated losses, particularly in BPO, and to gradually wind down the value-added resale activity, and to dispose of the UCC business. Major steps were taken to reduce costs, with the first tangible results achieved in H2, as Tech Foundations' operating margin turned positive three years ahead of plan.

80% of the €700 million divestment program already secured

On June 14, 2022, Atos announced a divestment program of non-core businesses representing around €700 million of expected proceeds, as part of the financing of its transformation plan. Eight months later, the Group has already secured c.80% of the €700 million expected proceeds, demonstrating Atos' ability to execute in a swift and efficient manner.

Transactions finalized or secured as of March 31, 2023, include the sale of Atos' 2.5% stake in Worldline on the stock market in June 2022, the sale of Atos Italia to Lutech S.p.A. at the end of March 2023 and the signature, at attractive conditions for the Group, of the Unified Communications & Collaboration business in January 2023. This transaction is subject to the consultation of relevant employee representative bodies and other customary regulatory approvals and is expected to close in H2 2023.

2023 outlook

Digital transformation, cybersecurity and big data markets are expected to continue growing at a strong pace despite a more challenging macroeconomic context. In 2023, Eviden will focus on deploying its new value proposition and offerings, maximizing synergies, and leveraging a joint go-to-market across its unique array of expertise. At the same time, Eviden will continue to enhance its sales and delivery capabilities, driving an acceleration of its profitable growth in 2023.

Following a better-than-anticipated performance in 2022, Tech Foundations will continue the fast implementation of its turnaround plan. With a strong focus on business selectivity and quality, Tech Foundations will accelerate the reshaping of its portfolio, resulting in a managed revenue decrease in 2023 in non-strategic activities, while core business revenue will be stabilized. In parallel, Tech Foundations will step up the adaptation of its cost structure, with benefits offsetting the impacts of lower revenue, investment in sales and portfolio and inflationary pressure.

In 2023, Group revenue organic growth is expected between -1.0% and +1.0%, as an acceleration of Eviden's organic growth will be offset by the managed reduction of Tech Foundations' revenue resulting from portfolio reshaping.

Group operating margin⁽¹⁾ is expected at 4% to 5%. Eviden's operating margin is expected to increase compared to 2022. Tech Foundations' operating margin is expected to remain in positive territories, well ahead of plan.

1) At current perimeter, including Italian activities & UCC (transactions closed on March 31st for Italian activities and expected in H2 2023 for UCC)

On track with 2026 objectives

Eviden and Tech Foundations are well on track to achieve their 2026 objectives. In particular, Tech Foundations is performing better than planned as of today, with operating margin turned positive as soon as 2022. Each company will present more detailed guidance, including on cash generation, during Investor Days to be held prior to the contemplated spin-off.

Operating Margin to Operating Income

In addition to the costs of workforce adaptation measures already planned at the beginning of 2022, and mostly executed in H1, Reorganization costs included €266 million of costs related to Atos' envisioned transformation plan. Such costs included the first restructuring and reskilling costs incurred by both Tech Foundations and Eviden, as well as some one-off costs linked to the preparation of the envisioned separation into two public entities.

Impairment of goodwill and other non-current assets for €177 million in 2022 were mainly related to assets held for sale and reflected higher interest rates.

Other items included a one-off €210 million impact from Tech Foundations addressing some large underperforming contracts, particularly in BPO, and a €37 million loss from the disposal of Atos' Russian activities. The balance mainly came from settlements on customer and vendor contracts, as well as pension and early retirement programs in Germany, the UK and France.

Operating income to Net income Group share

Net financial expense amounted to €175 million in 2022 and included €109 million related to the sale of Worldline shares in June, for net proceeds of €219 million. Net cost of financial debt was €29 million, broadly stable compared to 2021 (€25 million).

Free cash flow and net debt

Free cash flow was €187 million in 2022, including €129 million of cash costs related to Atos' transformation plan. Excluding such costs, Free cash flow was €58 million, better than the Group's guidance of €150 million.

The change in working capital was positive, at €126 million.

Reorganization, rationalization and integration costs amounted to €283 million and included €129 million of cash costs related to the Group's transformation plan.

Other changes amounted to €305 million, corresponding to the cash impacts of other items in the operating income described above.

As a result and including the impacts of acquisitions and disposals, the Group's net debt as of the end of December 2022, was €1,450 million compared to €1,226 million at the end of December 2021.

The Atos group in 2022

On July 29, 2022, Atos signed a new €2.7 billion bank debt financing. This unsecured debt package includes a €1.5 billion term loan with very satisfactory tenure and pricing conditions, a €0.9bn revolving credit facility supporting the Group's liquidity, and a €0.3 billion bridge loan to be repaid out of the expected proceeds from the Group's non-core businesses divestment program. Financial covenant was reset to 3.75x net debt to OMDA⁽¹⁾, tested at year-end. The amount drawn at end of December 2022 was €600 million for the term loan and €80 million for the revolving credit facility.

Order entry and backlog

Order entry was € 10.2 billion in 2022, representing a book-to-bill ratio of 90%. Book-to-bill improved markedly in Q4, to 112%, compared to 71% in Q3.

Full backlog at the end of December 2022, amounted to €21.2 billion, down €3.2 billion compared to the end of December 2021, including € 1.9 billion of corrections pertaining to prior periods and partly due the exit of underperforming contracts. Backlog at the end of December represented 1.9 years of revenue. The full qualified pipeline was €6.6 billion, slightly down compared to the end of December 2021, and representing 7.0 months of revenue.

Human resources

The total headcount was 110,797 at the end of December 2022, up +1.5% compared to 109,135 at the end of December 2021 (+1.7% organically).

In 2022, the Group hired 29,458 employees (16,089 in H1, 13,369 in H2). 62% of hirings were in offshore and nearshore countries. Attrition rate was 21.6% in 2022.

In September 2022, Atos was listed for the first time by Great Place to Work® as one of 'Europe's Best Workplaces' in the 2022 annual list. It is ranked 21st position in the multinational company category. As of today, Atos has achieved Great Place to Work® certification in 42 countries.

Industry-leading CSR recognition

In September 2022, for the third year in a row, Atos was awarded the EcoVadis Platinum Award for its Corporate Social Responsibility performance, with the highest score ever received by the Group, at 84 points out of 100. As a result, Atos confirms its position in the top 1% of companies assessed by EcoVadis within its sector.

In October 2022, Atos was upgraded to the highest rating available (the AAA rating) in the Morgan Stanley Capital International (MSCI) ESG rating 2022, ranking it among the top 7% of companies in the "Software and Service" industry with a good performance in Sustainability measured through the Environmental, Social and Governance dimensions.

In November 2022, Atos was ranked in the top 1% of the IT Services industry in the 2022 S&P Global Corporate Sustainability Assessment with a score of 85/100, reflecting a 2 points year-on-year improvement.

In December 2022, Atos was selected as a member of both the 2022 Dow Jones Sustainability Index, World and Europe. In the 2022 DJSI Europe Index, Atos ranks among the first three companies included in the "TSV IT services" sector.

In December 2022, Atos was recognized for leadership in corporate transparency and action on climate change by the Carbon Disclosure Project, securing a place on its annual 'A List', based on the Group's last climate reporting. 2022 was the 10th consecutive year that Atos had been on the CDP Leadership Band.

Report of the Board of Directors on the resolutions

Ordinary items

1 Resolutions regarding the financial statements and the allocation of the net income

Approval of the Company and consolidated financial statements for the financial year ending December 31, 2022

1st and 2nd resolutions

We request you to approve the Company and consolidated financial statements for the financial year ending December 31, 2022. The management report on the 2022 financial year is included in the 2022 Universal Registration Document of the Company filed with the AMF on April 21, 2023 and available on the websites of the Company (<https://atos.net/wp-content/uploads/2023/04/atos-2022-universal-registration-document.pdf>) and of the AMF (<https://www.amf-france.org/en>).

Allocation of the net income for the financial year ending December 31, 2022

3rd resolution

The financial year ending December 31, 2022 will result in a loss of €700,677,092.56. It is proposed to allocate this entire loss to the "Retained earnings" account and to allocate all amounts in the "Retained earnings" account (including prior retained earnings after allocation of

income for the year ended December 31, 2022) to the "Other Reserves" account, which will thereby amount to €3,363,952,000.77.

As a reminder, considering a negative net income attributable to the Group in 2022, the Board of Directors of the Company, at its meeting held on February 28, 2023, decided not to propose the payment of a dividend at this Annual General Meeting.

The following dividends were paid in the three financial years preceding the 2022 financial year:

| Exercise | Number of remunerated shares ⁽¹⁾ | Dividend per share (in €) | Total (in €) |
|----------|---|---------------------------|--------------------|
| 2021 | N/A ⁽²⁾ | N/A ⁽²⁾ | N/A ⁽²⁾ |
| 2020 | 109,214,290 | 0.90 ⁽³⁾ | 98,292,861.00 |
| 2019 | N/A ⁽⁴⁾ | N/A ⁽⁴⁾ | N/A ⁽⁴⁾ |

1) Number of shares having carried entitlement to dividend, net of treasury shares on the ex-dividend date.

2) The Company's Board of Directors decided not to propose the payment of a dividend in view of the losses for the financial year 2021.

3) The dividend was eligible to the 40% tax deduction.

4) In 2020, considering the Covid-19 crisis, the Company intended to act responsibly and spread the efforts requested across all its stakeholders. As a result, the Board of Directors decided on April 21, 2020 to withdraw its proposal to pay a dividend and therefore the related option to receive the dividend in shares at the Annual General Meeting held on June 16, 2020.

Report of the Board of Directors on the resolutions

2 Resolutions regarding the renewal of mandates, ratifications and nominations

Renewal of the mandates of Directors, ratifications and nominations

4th to 7th resolutions

A strengthened Board of Directors

Atos SE's Board of Directors aims at constantly improving its governance practices and is determined to continue to do so, which is why it was awarded a triple A ESG rating by MSCI in September 2022. The functions of Chairman and CEO currently are dissociated, in line with the shareholders' preferences. In addition, the Board of Directors and its committees have already been largely recomposed in recent years (more than six new independent directors). All the chairs of the Board committees have been independent since July 2022. The Board of Directors is very active (21 meetings in 2022) and the members extremely assiduous (average attendance rate of 96.5% in 2022). In line with the evaluation made by the directors, who showed a high level of satisfaction with the functioning of the Board of Directors, the Nomination and Governance Committee has worked diligently to continue strengthening its skills. Thus, at the 2023 Annual General Meeting, you are called to vote on the ratification of the co-opting of two directors, Caroline RUELLAN and Jean-Pierre MUSTIER, as well as with the nomination of a new candidate, Laurent COLLET-BILLON. These developments are in line with the needs identified and the strategy pursued, in particular in terms of corporate governance, digital transformations of businesses, particularly in the financial sector, and digital strategies in the areas of security and defense.

Changes in the composition of the Board of Directors and the Committees

Since the 2022 Annual General Meeting, the composition of the Board of Directors has been modified as a result of the following events:

1) As part of the study of the Group's strategic plan presented at the June 14, 2022. Capital Market Day, the Board of Directors decided to set up an Ad hoc Committee whose mission, among other things, is to provide recommendations and to oversee the study and implementation of the project by the management team.

2) Provisional appointment by the Board of Directors on July 26, 2022, to replace Mr. Cedrik Neike, which will be submitted for ratification to the next General Meeting called to approve the accounts for the year 2022.

3) Chair of the Committee.

4) Provisional appointment by the Board of Directors on May 16, 2023, to replace Mr. Rodolphe Belmer, which will be submitted for ratification to the next General Meeting called to approve the accounts for the year 2022.

5) Following his appointment as a member of the Audit Committee on May 5, 2022, Mr. René Proglio was subsequently appointed by the Board of Directors on July 12, 2022 as Chairman of that same committee.

Proposals for renewal of terms of office and appointments

6th and 7th resolution

The Board of Directors has examined its composition with regard to its policy of diversity, notably in terms of skills and professional experience within the Board, and has decided, on the recommendation of the Nomination and Governance Committee, to modify its composition in order to strengthen the diversity of skills within the Board of Directors and to support the transformation of the Group. Consequently, we propose to this Annual General Meeting the following renewal of term of office and appointment, which reflect the needs identified as part of our work and the strategy pursued after the adoption of the strategic plan presented at the capital markets day of June 14, 2022, particularly in terms of corporate governance, digital transformations of businesses notably in the financial sector, and digital strategies in the areas of security and defense:

|---------------|---|---|------------------|
| 6 | Caroline RUELLAN (renewal) | Caroline RUELLAN was co-opted by the Board as a director for the remaining term of Cedrik NEIKE, who has resigned, i.e. until the present General Meeting, because of her extensive experience and knowledge of corporate governance. In the context of the future French law on military programming, and the strategic plan to separate Eviden from Atos Tech Foundations, Mr. COLLET-BILLON will provide the Board of Directors with sound advice, particularly in the digital, defense and security sectors. | 3 years |

8th resolution

The Board of Directors requests, under the terms of the 8th resolution, that you approve the special report of the Statutory auditors on related-party agreements and the agreements and commitments referred to in articles L. 225-38 et seq. of the French Commercial Code, and the agreement referred to therein relating to the conditions of departure of the Chief Executive Officer, Mr. Rodolphe BELMER.

This agreement places Mr. Rodolphe BELMER under an obligation to cooperate with and assist the Company to ensure an orderly transition of general management internally and with respect to stakeholders until his effective departure from the Group. The agreement also provides for a mutual obligation of non-disparagement by Mr. Rodolphe BELMER and the Company.

Finally, the agreement provides for the financial conditions of the termination of Mr. Rodolphe BELMER's duties, which are in line with the compensation policy approved by the Company's General Meeting of May 18, 2022. These financial conditions are also presented in detail in section 4.3.2.3 of the 2022 Universal Registration Document and in section 4 below (see paragraph Severance Payment).

The Board of Directors considered that the conclusion of the Agreement allows the Company to preserve its interests in the

* Performance shares attributed to Rodolphe Belmer have been forfeited. Rodolphe Belmer left the company on July 13, 2022 and therefore no longer met the presence condition

Fixed compensation:

Rodolphe Belmer's fixed remuneration was paid prorata temporis from January 1, 2022, until July 13, 2022, date of his effective departure, i.e. a gross amount of €642,857.15 for the year 2022.

Variable compensation:

The annual variable compensation of Rodolphe Belmer for the 2022 year amounted to € 600,000 for the first half and € 0 for the second half taking into account his effective departure from the Group on July 13, 2022.

The variable compensation awarded to Rodolphe Belmer for the first half of 2022 was set by the Board of Directors on July 26, 2022, on the recommendation of the Remuneration Committee, at € 600,000 gross (or 100% of the target variable compensation) after validation of the achievement of the pre established qualitative criteria, as included in the 2022 compensation policy, namely: the preparation and the validation of a medium term strategic plan by the Board of Directors and the presentation of this plan during a dedicated investors day, which took place on June 14, 2022.

For the last year in 2022, the Company's executive officer compensation policy provided for annual variable compensation divided into two semesters with predetermined objectives: the variable for each 2022 semester for Mr. Belmer was capped at half of the annual variable pay. The qualitative share of Mr. Belmer's variable was therefore capped at 50% of his annual target variable remuneration, without outperformance since quantitative financial criteria had to apply exclusively in the second half of the year.

With respect to variable compensation for the period from July 1 to the date of his effective departure date on July 13, 2022, the Board of Directors decided on July 13, 2022, that 100% of the target variable compensation would be paid on a prorata temporis basis subject to the achievement of qualitative criteria to be decided by the Board of Directors regarding the success of the transition of the Executive Management. At the meeting of July 26, 2022, the Board of Directors, considering the effective departure of Rodolphe Belmer on July 13, 2022, and the absence of performance to be assessed over such a short period, noted that there was no need to set the performance conditions, and that no variable compensation would be due to Mr. Belmer for the second half of 2022.

The payment of the variable compensation for the first semester 2022 will be subject to the approval of the Annual General Meeting called to approve the financial statements for the financial year ending December 31, 2022 in accordance with article L. 22-10-34, II of the French Commercial Code.

Multiannual equity based compensation

The Board of Directors decided, during its meeting held on May 18, 2022, and upon the recommendation of the Remuneration

Report of the Board of Directors on the resolutions

Committee, to allocate 99,000 performance shares in favor of the Chief Executive Officer.

This grant was decided in accordance with the approval given by the Annual General Meeting of May 18, 2022 under the 21st resolution ("Remuneration Policy applicable to the Chief Executive Officer), within the framework of the authorization given by this same Annual General Meeting under the 31st resolution. It represents 8.3% of the total number of performance shares allocated and 0.09% of the share capital at the date of the authorisation given by the General Meeting.

The resignation of Rodolphe Belmer made him lose all his performance share rights, the condition of presence being no longer fulfilled.

Fringe benefits

Rodolphe Belmer benefited from the use of a company car with driver and from the collective life, disability and health insurance schemes applicable to the French employees. The annual employer's contribution in respect of the life and disability scheme amounts to € 1,479. The annual employer's contribution in respect of the healthcare plan stands at € 1,612. The benefit in kind related to the use of the Company car with driver is assessed to € 8,720.

Other compensation elements

Mr. Rodolphe Belmer did not receive exceptional compensation for his mandate.

As a reminder, Mr. Rodolphe Belmer did not receive any other compensation component or fringe benefits related to his mandate from Atos SE or other companies of the Group. He was not bound by any employment contract and did not benefit from any supplementary pension scheme from the Company and was personally responsible for building up a pension supplement beyond the mandatory basic and complementary schemes.

Severance payment

As a reminder, Mr Rodolphe Belmer submitted to the Board of Directors on June 13, 2022 his resignation from his mandates as Director and Chief Executive Officer of the Company. During this meeting to ensure the orderly transition of the Group's governance, the Board of Directors authorized, pursuant to articles L.225-38 et seq. of the French Commercial Code, the signing of an agreement defining for the termination of the terms of office as Director and Chief Executive Officer of Mr. Rodolphe Belmer between the latter and the Company (the "Agreement"). The Agreement will be subject to the approval of the Annual General Meeting called to approve the financial statements for the financial year ending December 31, 2022 on the special report of the statutory auditors.

The Agreement was concluded prior to the announcement by the Company, by a news release dated June 14, 2022, of the decision of its Board of Directors, following the preliminary strategic review work

carried out under the aegis of Rodolphe Belmer, to study a project to separate the historical activities of Atos (Tech Foundations), on the one hand, and its Digital, Big Data and Cybersecurity activities, on the other hand, through two autonomous companies. The Board of Directors of Atos considered that the conclusion of the Agreement which places Mr. Belmer under an obligation to cooperate and assist the Company, allowed the Company to preserve its interests in the context of its executive corporate officer's departure, by providing in particular for commitments made by Rodolphe Belmer to ensure an orderly transition of the Executive Management, internally and with respect to stakeholders until his effective departure from the Group, as well as a mutual obligation of non disparagement by Mr. Belmer and the Company. Rodolphe Belmer effectively left his position on the evening of July 13, 2022. The financial terms of the termination of Mr. Belmer's mandates were decided by the Board of Directors on June 13, 2022, and July 26, 2022, on the recommendation of the Remuneration Committee, and comply with the compensation policy approved by the General Meeting of the Company on May 18, 2022, under the 21st resolution, namely:

The departure of Rodolphe Belmer can be qualified as constrained, as defined in the compensation policy, due to the complete redefinition of Atos SE's strategy resulting in a possible change in Atos' components by separating the Group's activities and thus a complete redefinition of the scope, the substance, functions and mission of the Executive Management function. In addition, the recovery plan had been presented by Mr. Belmer on the Investor Day dated June 14, 2022 after being approved by the Board of Directors, and the first steps in implementing the plan had been taken upon his departure.

Rodolphe Belmer may therefore receive a severance payment of €1.8 million corresponding to 9 months of theoretical gross monthly compensation (fixed plus target annual variable).

In agreement with Mr. Rodolphe Belmer, and taking into account the special circumstances, the amount of the severance payment was reduced compared to that approved by the General Meeting pursuant to article L.22-10-8 of the French Commercial Code. Indeed, the 2022 compensation policy provides that the maximum amount of the indemnity may amount to 200% of the theoretical gross annual compensation (fixed and target annual variable).

The payment of this severance indemnity will be subject to the approval of the Annual General Meeting called to approve the financial statements for the financial year ending December 31, 2022 in accordance with article L.22-10-34, II of the French Commercial Code.

Non compete clause

The Board of Directors has decided to release Mr. Rodolphe Belmer from his non compete undertaking upon termination of his mandate. Consequently, no indemnity is due in this respect.

Report of the Board of Directors on the resolutions

Summary of elements making up the total compensation and benefits of any kind paid during the financial year ending December 31, 2022 or awarded for the same financial year to Mr. Nourdine BIHMANE, Deputy Chief Executive Officer then Chief Executive Officer

11th resolution

As part of the appointment of Mr. Nourdine Bihmane as Deputy Chief Executive Officer of the Company with effect from June 14, 2022, then Chief Executive Officer with effect from July 13, 2022, the Board of Directors dated June 13, 2022 and July 26, 2022, set, on a proposal from the Remuneration Committee, the terms and conditions of his compensation as of June 14, 2022 in compliance with the compensation policy of the executive corporate Officers approved by the General Meeting of Shareholders on May 18, 2022.

The Annual General Meeting held on May 18, 2022, under the 21st resolution approved the compensation policy applicable in 2022 to the Chief Executive Officer.

Meeting on June 13 and July 12, 2022, the Board of Directors applied a compensation structure to the executive corporate officers, including Mr. Nourdine Bihmane, which complied with the limits set by this policy.

With a view to set an adequate compensation adapted to the project of separation of Atos into two autonomous companies, Eviden, a leading player positioned in the high growth digital transformation, big data and cybersecurity markets, on the one hand, and Atos Tech Foundations, leader in Managed Infrastructure Services (Digital Workplace) and Professional Services, on the other hand, and to align the interests of the shareholders and those of the executive corporate officers, the Board of Directors decided: (a) removing the severance payment for the executive officers in case of forced departure (b) the pursuit of the evolution of the short term annual remuneration assessed on an annual basis, as announced as part of the 2022 compensation policy which introduced non financial criteria (representing 20% weighting), and (c) the decrease of the maximum amounts allocated to the two executive officers, as reflected in the 2023 compensation policy.

This compensation policy therefore applies to the new Chief Executive Officer, Mr. Nourdine Bihmane, as well as during the period from June 14 to July 13, 2022, during which he served as Deputy Chief Executive Officer, it being specified that his compensation remained unchanged when appointed as Chief Executive Officer.

In accordance with the recommendations of the AFEP MEDEF Code, Nourdine Bihmane resigned from his employment contract.

* Including an impatriation gross allowance of € 164,773, as decided by the Board on December 15, 2022

Fixed compensation

Nourdine Bihmane's fixed remuneration was paid prorata temporis, from his appointment on June 14, 2022 as Deputy Chief Executive Officer and then as Chief Executive Officer from July 13, 2022 until December 31, 2022, i.e., € 329,545 gross for 2022.

To take into account his specific situation, the Chief Executive Officer also benefits, as of his appointment as Deputy Chief Executive Officer on June 14, 2022, in addition to his fixed compensation, a gross monthly allowance of € 25,000 to offset the increase in all of his personal expenses and family members directly linked to his impatriation in France, impatriation made mandatory because of his nomination as a corporate Officer since June 14, 2022. The overall amount paid in 2022 is € 164,773. This temporary allowance is not taken into account in the calculation of the other elements of Mr. Nourdine Bihmane's compensation presented below.

Variable compensation

Nourdine Bihmane's annual variable compensation is based on objectives, whose target is 100% of the fixed compensation (i.e. a target annual variable compensation of € 600,000), with a maximum payment limited to 130% of the target annual variable compensation in case of outperformance (i.e. a maximum annual variable compensation of € 780,000 as of the date of taking up the position) and no minimum payment.

With regard to the variable compensation for the period from June 14 to December 31, 2022, the Board of Directors has decided, making use of the flexibility allowed by the current policy, on the recommendation of the Remuneration Committee, considering the exceptional circumstances and the latest significant developments,

Report of the Board of Directors on the resolutions

introduce a criterion in the objectives comprising the variable compensation related to the new governance structure and to the major transformation project announced on June 14, 2022. This amendment responds to strong requests from shareholders with whom the Company and its Board of Directors exchange continuously. The nature and weighting of each variable compensation indicator for the second half of 2022 for the Chief Executive Officer have thus been adjusted by the Board of Directors as follows:

The variable compensation of the Chief Executive Officer for the second half of 2022 was therefore based on the achievement of objectives:

- ▶ for 80% of the weighting, based on three financial indicators;
- ▶ for 20% of the weighting, based on a new criterion related to the new governance structure and the transformation project announced on June 14, 2022

The last criterion included four key indicators:

- ▶ a high level of collaboration within the Group's new governance;
- ▶ the improvement or at least the achievement of an equivalent retention rate for all Group employees and Big Data and Cybersecurity executives in the second half of 2022 compared to the first half of 2022;
- ▶ the achievement of some key milestones of the separation project measured at the end of 2022;

Report of the Board of Directors on the resolutions

The Board of Directors will decide on the achievement of the performance indicators and the resulting average acquisition rate after consultation of the Remuneration Committee. The achievement rates of performance indicators and the final acquisition percentage will be disclosed in the Universal Registration Document for the financial year 2024, made available to the shareholders in connection with the Annual General Meeting.

The value of the performance shares is determined, on the grant date, pursuant to IFRS 2 standard, and recognized in the consolidated financial statements. This value corresponds to a historical value on the grant date calculated for accounting purposes. This value does not represent a current market value nor the actual value that may be received by the beneficiary upon vesting provided that the performance shares finally vest.

It is specified that on May 18, 2022, Nouridine Bihmane was granted, under his employment contract, 30,000 performance shares and free shares (on a 100% target basis) as part of the allocation plans, Plans No.1 and No.2 dated May 18, 2022 (refer to section 4.3.2 below). The employer's contribution in respect of the life and disability scheme amounts to € 1,648. The employer's contribution in respect of the healthcare plan stands at € 5,672. The benefit in kind related to the use of the Company car is assessed to € 5,869.

The Chief Executive Officer is not entitled to any severance payment in the event of departure.

Non compete clause

The Chief Executive Officer will be entitled to a monthly non compete indemnity for a period of eighteen months from the end of his term of office as Chief Executive Officer.

The amount of this monthly indemnity would be equal to 100% of one twelfth of his theoretical gross annual compensation (fixed plus target

variable), calculated on the basis of the last twelve months preceding the termination of his duties.

By exception, if the Chief Executive Officer exercises his right to retirement, no indemnity may be paid to him beyond the age of 65.

The Board of Directors may decide to release the Chief Executive Officer from his non compete undertaking.

Summary of elements making up the total compensation and benefits of any kind paid during the financial year ending December 31, 2022 or awarded for the same financial year to Mr. Philippe OLIVA, Deputy Chief Executive Officer

12th resolution

As part of the appointment of Mr. Philippe Oliva as Deputy Chief Executive Officer of the Company with effect from June 14, 2022, the Board of Directors dated June 13, 2022 and July 26, 2022, set, on a proposal from the Remuneration Committee, the terms and conditions of their compensation as of June 14, 2022 in compliance with the compensation policy of the executive corporate officers approved by the General Meeting of Shareholders on May 18, 2022.

The Annual General Meeting held on May 18, 2022, under the 21st resolution approved the compensation policy applicable in 2022 to the Chief Executive Officer. Meeting on June 13 and July 12, 2022, the Board of Directors applied a compensation structure to the executive corporate officers, which complied with the limits set by this policy.

With a view to set an adequate compensation adapted to the project of separation of Atos into two autonomous companies, Eviden, a leading player positioned in the high growth digital transformation, big data and cybersecurity markets, on the one hand, and Atos Tech Foundations, leader in Managed Infrastructure Services (Digital Workplace) and Professional Services, on the other hand, and to align the interests of the shareholders and those of the executive corporate officers, the Board of Directors decided (a) removing the severance payment for the executive officers in case of forced departure (b) the pursuit of the evolution of the short term annual remuneration assessed on an annual basis, as announced as part of the 2022 compensation policy which introduced non financial criteria (representing 20% weighting), and (c) the decrease of the maximum amounts allocated to the two executive officers, as reflected in the 2023 compensation policy. This compensation policy therefore applies to the Deputy Chief Executive Officer, Mr. Philippe Oliva.

In accordance with the recommendations of the AFEP MEDEF Code, Philippe Oliva resigned from his employment contract.

Fixed compensation

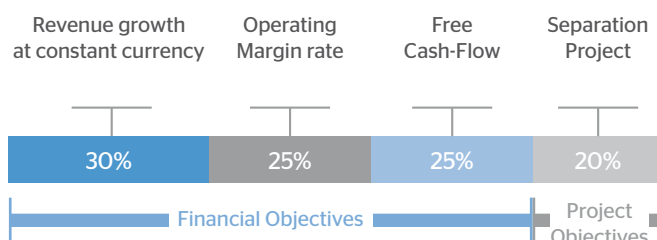

Philippe Oliva's fixed remuneration was paid prorata temporis, from his appointment on June 14, 2022 as Deputy Chief Executive Officer until December 31, 2022, i.e., € 329,545 gross for 2022.

Variable compensation

Philippe Oliva's variable compensation is based on objectives, whose target is 100% of the fixed compensation (i.e. a target annual variable compensation of € 600,000), with a maximum payment limited to 130% of the target annual variable compensation in case of outperformance (i.e. a maximum annual variable compensation of €780,000 as of the date of taking up the position) and no minimum payment.

With regard to the variable compensation for the period of the second semester of 2022, the Board of Directors has decided, making use of the flexibility allowed by the current policy, on the recommendation of the Remuneration Committee, considering the exceptional circumstances and the latest significant developments, introduce a criterion in the objectives comprising the variable compensation related to the new governance structure and to the major transformation project announced on June 14, 2022. This amendment responds to strong requests from shareholders with whom the Company and its Board of Directors exchange continuously.

The nature and weighting of each variable compensation indicator for the period from June 14 to December 31, 2022 for the Deputy Chief Executive Officer have thus been adjusted by the Board of Directors as follows:

The variable compensation of the Deputy Chief Executive Officer for the second half of 2022 was therefore based on the achievement of objectives:

- ▶ for 80% of the weighting, based on three financial indicators;
- ▶ for 20% of the weighting, based on a new criterion related to the new governance structure and the transformation project announced on June 14, 2022

The last criterion included four key indicators:

- ▶ a high level of collaboration within the Group's new governance;
- ▶ the improvement or at least the achievement of an equivalent retention rate for all Group employees and Big Data and Cybersecurity executives in the second half of 2022 compared to the first half of 2022;
- ▶ the achievement of some key milestones of the separation project measured at the end of 2022;
- ▶ the successful implementation of the employee engagement plan in the transformation project and the achievement of defined target for surveys reflecting this engagement

The achievement of those criteria and the resulting variable compensation amount have been validated by the Board during the meetings held on February 28, 2023. The variable compensation of the Chief Executive Officer stood at € 322,955 for the period from June 14 to December 31, 2022, or 98% of its target variable compensation.

In the scope of the 15th resolution, you are requested to approve the compensation policy applicable to the Chairman of the Board of Directors (cf. sections 4.3.1.1 and 4.3.1.3 of the 2022 Universal Registration Document).

General principles of the compensation policy applicable to the Chairman of the Board of Directors

Mr. Bertrand Meunier was appointed Chairman of the Board of Directors with effect as of November 1, 2019, following the Board's decision to separate the offices of Chairman of the Board and Chief Executive Officer.

The term of office of the Chairman of the Board is two years and expired at the Annual General Meeting held in 2021 to decide on the 2020 financial statements. The Board of Directors, on the recommendation of the Nomination and Governance Committee, decided to propose to this General Meeting the renewal of Bertrand Meunier's term of

Report of the Board of Directors on the resolutions

office as Director. The shareholders General Meeting on May 12, 2021 decided pursuant to the 5th resolution to approve the renewal of his term of office for three years.

The mandate of the Chairman of the Board of Directors may be terminated at any moment by the Board of Directors.

Bertrand Meunier is not bound by any employment agreement with the Company or any other group Company.

The Board of Directors met on December 15, 2022, and on the recommendations of the Remuneration Committee, decided to propose to renew the compensation policy for the non-executive Chairman of the Board of Directors in effect since 2020, as approved during the Annual General Meetings held on June 16, 2020, on May 12, 2021 and on May 18, 2022. This policy takes into account the additional missions, which the Board of Directors has entrusted to the Chairman of the Board of Directors under its Internal rules after having obtained the opinion of an ad hoc Committee of the Board of Directors.

The objective of the compensation policy for the Chairman of the Board of Directors is to offer a transparent, competitive and motivating global compensation consistent with market practices. To preserve the independence of his judgment on the action of the Executive Management of the Company, the compensation of the Chairman of the Board of Directors does not include any variable component depending on long- and short-term performance.

After examination of similar mandates, the Board of Directors took the following into account to set the structure and the amount of the Chairman's compensation:

- ▶ the absence of a pre-existing executive corporate officer mandate;
- ▶ the specific missions entrusted to the Chairman of the Board in addition to his legal missions.

After reviewing this compensation structure for the Chairman of the Board in December 2022, the Board of Directors, on the recommendation of the Remuneration Committee, decided to keep it identical in 2023. The Board of Directors praised the particularly important commitment of its Chairman during the year 2022, in particular given the current events of the Company.

In accordance with the objectives of the compensation policy, the following principles were adopted by the Board of Directors on the recommendation of its Committee in charge of remuneration:

What we do

- A single fixed annual compensation based on the comparable market practices

Approval of the compensation policy applicable to the Chief Executive

16th resolution

In the scope of the 16th resolution, you are requested to approve the compensation policy applicable to the Chief Executive Officer (cf. sections 4.3.1.1 and 4.3.1.4 of the 2022 Universal Registration Document).

General principles of the compensation policy applicable to the Chief Executive Officer

The Board of Directors, meeting on June 13, 2022, appointed Nouridine Bihmane and Philippe Oliva as Deputy Chief Executive Officers who assumed their duties on June 14, 2022.

The Board of Directors, meeting on July 12, 2022, on the recommendation of the Nomination and Governance Committee, has decided, to reappoint Philippe Oliva as Deputy Chief Executive Officer on the one hand, and to appoint Nouridine Bihmane as Chief Executive Officer as of July 13, 2022 following the resignation of the former Chief Executive Officer, on the other hand.

The Chief Executive Officer and the Deputy Chief Executive Officer may be removed from office at any time by the Board of Directors. Nouridine Bihmane and Philippe Oliva are not bound by any employment contract with the Company or any other company of the Group as of their appointment effective June 14, 2022, following their resignation from their employment contracts.

The compensation policy for the executive officers for 2023 aims to support the implementation of the defined strategy, and in particular with regard to the deployment of the business transformation plan and separation of those ones into two autonomous groups, to align the executive officers long term interests with those of the shareholders, by:

- ▶ offering a transparent, competitive and motivating global compensation consistent with market practices and the Company's economic and financial condition,
- ▶ establishing a close link between performance and short-term and long-term compensation,

Report of the Board of Directors on the resolutions

- ▶ including short-term and long-term variable compensation CSR criteria that directly participate in the Company's social and environmental strategy,
- ▶ retaining and involving employees in the long-term performance of the company,
- ▶ linking part of their compensation with the completion of the separation project presented at the Investor Day on June 14, 2022.

The global compensation structure is thus designed according to a "pay-for-performance" approach, focusing on the variable part over annual and multiannual terms.

The global compensation structure is thus designed according to a "pay for performance" approach, focusing on the variable part over annual and multiannual terms.

The new target for the total compensation which has been revised and compare to the one of the previous Chief Executive Officer reflects the anticipated consequences of the separation project and the respective future sizes of the Atos Tech Foundations and Eviden companies.

The Board of Directors relied on studies in particular taking into consideration practices of within companies of comparable size.

In accordance with the objectives of the compensation policy, the following principles were adopted by the Board of Directors upon the recommendation of the Remuneration Committee:

| What we do | What we do not do |
|--|---|
| <ul style="list-style-type: none"> • Preponderance of the variable components subject to performance in the short and long term • Nature and weighting of performance criteria according to strategic priorities • Precise, simple, and measurable objectives in line with the Company's communications to the market • No variable compensation when the minimum achievement thresholds by criteria are not reached • Cap on variable compensation in the event of outperformance • Balance between cash and equity-based compensation • Participation of executives and digital key talents in Long-Term Incentive plans benefiting company executive officers • Rule regarding the holding of a portion of Atos shares for the whole duration of the mandate, defined for each grant of equity-based compensation • Prohibition to conclude any financial hedging transaction on the equity instruments granted, throughout the tenure • Potential non-compete indemnity and, potential taking up indemnity | <ul style="list-style-type: none"> • No severance payment, i.e. indemnities or rights due or likely to be due as a result of the termination or change in function of company executive officers. • No supplementary compensation related to mandates or functions held in Group subsidiaries • No pension benefits on top of the mandatory basic and complementary pension schemes • No combination of a company office and an employment contract |

Thus, the global compensation of the Executive Officers mainly consists of a compensation in cash, with a fixed part and a variable part, a multi-year variable equity-based compensation and fringe benefits.

To set the on-target global compensation structure and the level of its components, the recommendations of the Remuneration Committee are based on market positioning studies for similar functions and also take into account the Group's main competitors' practices in France and abroad as well as the internal practices applicable to senior executives and managers. Market positioning studies are carried out by international firms specializing in executive compensation.

Fixed compensation:

The objective of fixed compensation is to recognize the importance and complexity of the duties as well as the experience and the career path of the Chief Executive Officer and the Deputy Chief Executive Officer.

Variable compensation:

The objective of annual variable compensation is conditional and aims to encourage the Chief Executive Officer and the Deputy Chief Executive Officer to reach the annual performance objectives set by the Board of Directors in close connection with the Group's ambitions as regularly disclosed to the shareholders.

It is based on predefined readable and demanding operational performance criteria, quantitative and financial, and on non financial quantitative or qualitative (as applicable) within predefined limits, the qualitative part not exceeding 20% of the annual variable compensation in any event.

The target level is set as a percentage of fixed compensation. In order to monitor the Company's performance more closely and establish a proactive way to support its ambition and its strategy, the selection and the weighting of the performance criteria may be reviewed each year as part of the annual compensation policy's review and approval.

For 2023, the objectives related to each of the selected performance criteria and the resulting review are set by the Board of Directors on an annual basis. Thus, the annual objectives are based on the annual budget approved by the Board of Directors.

For each performance indicator, the Board of Directors sets:

- ▶ a target objective, in line with the budget, the achievement of which results in a 100% achievement rate, entitling to the on-target variable compensation linked to this indicator;
- ▶ a floor which defines the threshold below which no variable compensation in relation to this indicator is due;
- ▶ a cap which defines the threshold above which the variable compensation in relation to this indicator is capped, set at 130% of the on-target amount in the case of outperformance with a cap that can be raised to 160% for the objective of external revenue growth, but which cannot lead to exceeding the cap of 130% of the target amount of total annual variable compensation. This difference takes into account that the outperformance of revenue growth is likely to lead to outperformance of other Group financial indicators;

Report of the Board of Directors on the resolutions

▶ an elasticity curve accelerating the amount of the variable compensation due upwards and downwards to get on track towards achieving the Group's mid-term target.

The underlying objectives are determined by the Board of Directors in order to ensure a successful achievement of the financial objectives announced to the market.

The extra financial targets that would be set on a qualitative basis correspond to areas where a basis of comparison is not available to measure progress in the context of the separation of Atos into two autonomous groups – they are predefined by the Board of Directors in an objective manner such that measurement of its achievement is undisputable.

In addition, the Board of Directors may exercise its discretion in determining the Chief Executive Officer's short-term variable compensation in the event of special circumstances that might justify an upward or downward adjustment of one or more of the objectives or criteria making up his or her compensation, so as to ensure that the results of the application of the criteria described above reflect both the Chief Executive Officer's performance and that of the Group. This adjustment would be made to the Chief Executive Officer's variable annual compensation by the Board of Directors on the recommendation of the Remuneration Committee, subject to the ceiling of 130% of the variable annual target compensation applicable in the event of outperformance. It would be reported in detail by the Board of Directors to the shareholders.

Pursuant to article L. 22-10-34 of the French Commercial Code, the payment of the variable compensation to the Chief Executive Officer and the Deputy Chief Executive Officer due for the year is subject to the vote of the Annual General Meeting approving the financial statements for the previous year.

Multiannual equity-based compensation:

Atos is strongly committed to associating its employees with the long-term performance and results of the Group, notably through long-term incentive plans. Beneficiaries of such plans are mostly Atos' first managerial lines and experts, including the executive officers.

The total equity-based compensation of the Chief Executive Officer is limited to, based on the fair value set by reference to IFRS 2 recognized in the consolidated financial statements, to the sum of 100% of the gross fixed annual compensation and 100% of the target annual variable compensation calculated in accordance with the terms described above (excluding any outperformance).

The equity-based compensation takes the form of performance share plans and/or stock-option plans. The instruments used do not guarantee minimum allocation or minimum gain to beneficiaries.

The vesting of shares under performance share plans is fully subject to the achievement of performance conditions, which must be fulfilled over a period of at least three years, based on key success factors of the Group's strategy through clear and measurable criteria.

The vesting of equity instruments (shares or stock options) is subject to a continuous tenure of the beneficiary as Company Officer until the definitive vesting date, except in the event of death, disability

or retirement. In the event of retirement, the acquisition of equity instruments remains subject to the achievement of performance conditions.

Should separation in two groups happen in 2023 after grant date, the Eviden participants will be removed from the Atos plan and introduced into a new Eviden plan. In the event of a reduction in the Group's scope as part of the ongoing separation project leading to the impossibility of measuring the performance of the criteria determined at the beginning of the plan, a reduction in the amount of shares allocated to the executive officers could be decided by the Board of Directors to take into account the decrease of the performance period.

Holding obligation:

In the context of each grant decision, the Board of Directors sets the percentage of acquired equity instruments that Company executive officer must retain up to the end of their respective mandates as executive Company Officer. This percentage may not be lower than 15% of the grant. The Board also sets a general rule for the holding of Atos SE shares applicable to the executive officers of 15% of the shares awarded to them since the beginning of their mandate, aside from the specific rules usually set at the time of each award.

Financial hedging instruments:

At the time of each award, the executive officers are asked to acknowledge the prohibition to conclude any financial hedging instruments over the equity instruments being the subject of the award throughout his mandate, and to undertake to abide by it. The financial transactions in question are, in particular, forward sales, short sales, the purchase of put options or the sale of call options.

Conditional Incentive compensation linked to the completion of the separation project:

In case of special circumstances justifying it, characterised by their importance for the Company, the involvement they require and the difficulties they present, the Board of Directors may decide on the award of an incentive compensation to the executive officers if it is conditional on the achievement of performance objectives and duly justified, and limited to 100% of the annual fixed compensation. The Board of Directors of Atos considered, as part of the compensation policy applicable in 2023, that the project to separate the historical activities of Atos (Tech Foundations) on the one hand, and its Digital, Big Data and Cybersecurity activities on the other, is a major development justifying the implementation of an incentive compensation because of its importance for the Company and the involvement they require of the two executive officers. This unprecedented project represents a significant personal investment on the part of the executives, beyond the usual responsibilities of general management, as well on all teams of the Group that they must engage and motivate in order to allocate into two sub dedicated groups having approximately 6 billion revenue estimated for 2022 and 53,000 employees for the Tech Foundations Group, on the one hand, and 5.3 billion revenue estimated for 2022 and 58,000 employees for the Eviden Group, on the other. After conducting in the second half of 2022 the detailed analysis necessary for the implementation of the new corporate roadmap, and completing the stages of the social dialogue in early 2023, the executive officers

Report of the Board of Directors on the resolutions

manage with the Deputy Director of the Group and more than 500 employees mobilized across the Group, the project of separation in 2023 consisting in securing the realization of more than 60 divisions of subsidiaries in thirty countries, based on a schedule spread mainly during the second quarter of 2023. The responsibility of the executive officers is to ensure commercial continuity through the commitment of account managers and procurement from customers and suppliers, as well as enabling transformations at all levels under good conditions (impacts in particular for contracts, real estate, IT and payroll systems, planned recruitment). This incentive compensation represents an incentive and retention tool for the two executive officers.

The Board of Directors therefore decided to implement an conditional incentive compensation. The Chief Executive Officer and the Deputy Chief Executive Officer would each receive an incentive compensation in the event of successful separation completion of the Group, following the announcement during the Investor Day June 14, 2022 for a maximum between 100% and 80% of the gross fixed annual compensation, depending on whether the project is completed between July 2023 and December 2023.

In addition to the completion of the aforementioned project, this incentive compensation is also conditional to a performance objective that measures the employee engagement level, by means of questions dedicated to the verification of the correct understanding and the commitment to the separation project, based on a survey called "Pulse" to secure the implementation of the separation project. These surveys are regularly initiated following the video conferences open to all employees of the Group to inform them of the progress and mobilize them on the separation project. The achievement of this employee engagement target is subject to a payout curve with a target of 100%, without compensation for the outperformance. The achievement rate thus calculated will apply to the maximum quantum of this incentive compensation between € 600,000 and € 480,000 remuneration, that it cannot exceed, as shown in the above mentioned linear prorata temporis calculation. The Board of Directors will assess the fulfilment of the conditions and the rate of achievement. In addition, the amount would be paid, up to 80% in cash and 20% in shares of the Company. The calculation of the equivalent value of the amount due in shares will be based on the arithmetic average of the opening price of the share during the 20 trading days following the date of separation of the Group. This portion of the compensation awarded in shares is intended to encourage executive officers to maximize the creation of value for the shareholders of the Company.

In accordance with article L.22-10-34, II, paragraph 2 of the French Commercial Code, the payment of this incentive compensation to the Chief Executive Officer and the Deputy Chief Executive Officer is subject to approval by the Annual General Meeting called to decide on the financial statements for the year ended 2023.

Fringe benefits:

The Chief Executive Officer and the Deputy Chief Executive Officer benefit from the use of a company car with driver for the Chief Executive Officer. In addition, company executive officers benefit from the collective life, disability and health insurance schemes applicable in the Company on the same terms as the employees.

Non compete indemnity

The executive officers may receive a non compete indemnity in exchange for complying with an obligation for a period of eighteen months from the end of their term of office as Chief Executive Officer for Nourdine Bihmane or Deputy Chief Executive Officer for Philippe Oliva, not to hold, directly or indirectly, any position as an employee, executive or corporate officer, in any form whatsoever, or any consulting activity on behalf of companies operating in the sector of digital services and products related to information processing and the engineering and security of computer systems, including any related study or research and development activity. In consideration for this commitment given with regards to France, Germany, the United Kingdom and the United States of America, the executive officers would receive a monthly indemnity equal to 100% of one twelfth of their theoretical gross annual compensation (fixed plus target variable), calculated on the basis of the last twelve months preceding the termination of their duties, and paid monthly for the duration of the non competition undertaking on the Company's usual salary payment date. If the Chief Executive Officer or the Deputy Chief Executive Officer exercise their right to retirement, no indemnity can be paid to them beyond the age of 65. The Board of Directors may decide to release the Chief Executive Officer or the Deputy Chief Executive Officer from their non competition.

This non compete indemnity may only be paid after approval by the General Meeting in accordance with article L.22-10-34, II, paragraph 2 of the French Commercial Code.

In any event, the sum of the overall indemnities may not exceed a maximum amount equal to twice the theoretical gross annual compensation (fixed plus target variable) applicable on the date of termination of the office.

Other compensation elements:

The executive officers do not receive any remuneration or benefits from Atos SE or other Group companies in relation to their mandate. They do not benefit from any supplementary pension scheme. They are personally responsible for building up a pension supplement beyond the compulsory basic and complementary schemes.

Mr. Bihmane and Mr. Oliva are not bound by any employment contract. The Board of Directors has decided that Mr. Bihmane and Mr. Oliva would not receive any severance pay.

- ▶ his transfer to Eviden on the separation date into two independent groups may not entitle him to the benefit of the Atos non compete clause.

In the context of the separation project, a new compensation policy specific to Eviden would apply as from the end of Mr. Philippe Oliva's term as Deputy Chief Executive Officer of Atos, corresponding to the date of the separation into two autonomous groups.

7 Resolutions allowing for the implementation of employee share ownership and long-term incentive plans

Delegation of authority to grant to the Board of Directors to increase the share capital of the Company with the removal of the preferential subscription rights to the benefit of members of a company saving plan

20th resolution

We request that you delegate to the Board of Directors, for a period of twenty-six (26) months, the power to decide the capital increase by issuing, shares or other equity securities of the Company in France and/or abroad, or securities giving rise, immediately or in the future and by all means, to existing or to be issued ordinary shares or other equity securities of the Company, reserved to the actual or former employees and executive officers of the Company or affiliated companies adhering to a Company saving plan (or any other qualifying plan pursuant to the legal and regulatory provisions).

The cap of the par value amount of the immediate or future share capital increases, resulting from all the issues carried out under the present delegation cannot exceed 2.5% of the share capital on the day of this Annual General Meeting, it being specified that the

amount will be deducted on the amount of the global cap provided for in paragraph 2 of the 23rd resolution of the 2022 Annual General Meeting and is set without taking into account the nominal amount of the shares or other capital securities to potentially issue in order to maintain the rights of the holders to securities or of the holders of other rights giving access to the capital of the Company, Company stock options or free allotment of Company's shares.

The delegation would end up the previous delegation approved by the 2022 Annual General Meeting.

This delegation entails cancellation of the shareholders' preferential subscription right to shares and other equity securities and securities giving access the share capital, which may be issued pursuant to this resolution, as well as to the shares and other equity securities which the securities issued on the basis of this delegation may provide entitlement to.

It is specified that the Board of Directors could set the subscription price of the securities issued by virtue of this delegation and that it will be determined under the conditions set out in article L.3332-19 of the Labor Code, it being specified that the maximum discount cannot exceed 25% of the average of the quoted share price of Atos SE on the regulated market of Euronext Paris over the twenty (20) trading sessions preceding the day of the decision setting the opening date for the subscription period.

It is also specified that the Board of Directors, pursuant to article L.3332-21 of the Labor Code, may provide for the attribution of free shares or other securities giving access to the share capital by way of contribution of the Company, or as applicable of the discount, subject to the consideration that their pecuniary countervalue, evaluated at the subscription price, does not have for effect to exceed the limits established by law or regulations.

It is specified that given the announcement at the Capital Markets Day on 14 June, 2022 of the plan to separate the Group into two independent listed companies, the employee share ownership plan planned for 2022 has been abandoned. In the second half of 2021, the Atos Group implemented a vast employee shareholding plan on the basis of the delegation granted by the 2021 Annual General Meeting, involving employees in 40 countries and which has led to a share capital increase in October 2021. This plan offered to employees to purchase Atos SE shares and benefit from a 25% discount on the reference share price. An incentive contribution from the employer applied up to two (2) free share for the same amount of subscribed share to any eligible employee, as well as a "loyalty" share as a contribution in the case of subscribers to the 2021 share plan subscribing as from 2021 to two consecutive share plans implemented by the Company.

The Board of Directors of the Company would like a 2023 employee shareholding program for the employees of the Atos Group to be implemented after the completion of the project of separation of the Group. This program would be implemented on the basis of the delegation granted by the present resolution.

Report of the Board of Directors on the resolutions

Delegation of authority to grant to the Board of Directors to increase the Company's share capital by issuing shares reserved for certain categories of persons with the removal of preferential subscription rights in favor of such persons in connection with the implementation of employee shareholding plans

21st resolution

In the scope of the 21st resolution, it is proposed to delegate authority, in favor of the Board of Directors, with faculty of subdelegation within the conditions set by law, to issue shares (preference shares excluded) and/or of securities giving immediately or mid-term access to the share capital of the Company or of other companies, without preferential subscription rights, in favor of:

- (i) employees and corporate officers of the Company's affiliated companies in conditions under article L. 225-180 of the French Commercial Code and article L. 3344-1 of the French Labor Code and having its registered office outside France; and/or
- (ii) of Alternative Investment Funds (FIA) or Undertakings for the Collective Investment in Transferable Securities (OPCVM) or other entities, having or not legal personality, of shareholding invested in shares of the Company whose holder of shares or shareholder will be people abovementioned in paragraph (i); and/or
- (iii) any banking institution or its subsidiary of such institution, acting upon the Company's request to implement a shareholding scheme or employee saving plan (with or without a component dedicated to shareholding in the Company) in favor of people abovementioned under (i).

This resolution aims to structure in favor of the Group's employees an offer of shares or to let them benefit from alternative shareholding plans to the ones set in the 20th resolution. It is intended to let employees located in countries where it is not wished, or possible, due to local constraints (regulatory or other) to roll out a secured offering of shares by the mean of a company mutual fund (FCPE), to benefit from employee shareholding or saving plans equivalent or similar in terms of economic benefits applicable to other employees of Atos Group.

The nominal amount of the share capital increase which could be performed pursuant to this resolution would be limited to 0.2% of the share capital on the day of this Annual General Meeting. This amount should be applied to the global cap set in paragraph 2 of the 23rd resolution of the 2022 Annual General Meeting. The nominal amount of the shares to be issued will possibly be added to these

caps, in order to preserve the rights of holders of securities giving access to share capital or other rights giving access to share capital, pursuant to the legal and regulatory provisions and, if applicable, contractual provisions allowing other adjustments.

The subscription price should be determined by the Board of Directors by reference of the price of Atos SE share price on the regulated market of Euronext Paris, or of the average of the share prices over the twenty trading sessions preceding the day of the decision of the Board of Directors setting the opening date for the subscription period (the price shall be determined in the same conditions set under the articles L. 3332-18 et seq. of the French Labor Code), the maximum discount may not exceed 25%. Your Board of Directors could reduce or suppress this discount, if appropriate, in particular to consider legal, accounting, tax and social regimes which are applicable in the beneficiary's country of residence. Special provisions for the setting of the price are also provided for beneficiaries located in United Kingdom.

This delegation would be granted for a period of eighteen (18) months and would supersede the unused portion, if any, of any previous authorization of the same nature.

Authorization given to the Board of Directors to freely grant shares to the employees and executive officers of the Company and/or its affiliated companies

22nd resolution

Incentivize and retain key employees

In reaction to the increase in competitiveness to retain talent and the more challenging environment, the Board of Directors decided to renew in 2023 the implementation of a second performance share plan as a tool to incentivize and address retention needs. The Board of Directors, on the recommendation of the Remuneration Committee, continues to include the members of the Executive Committee (except the Company's executive officers) in the second performance share plan, up to 50% of the value of their grant, in order to re-engage and motivate them on the medium-term performance of Atos. In case of separation from the Atos group after the grant of the plan, an Eviden share plan with conditions linked to Eviden performance would be set up after the separation from the Atos group as a replacement for the beneficiaries joining Eviden.

Report of the Board of Directors on the resolutions

Context of the authorization request

It is proposed that you authorize the Board of Directors to freely grant shares to employees or officers of the Company and/or its affiliates under the conditions set out below.

Atos is committed to involving its employees in the company's long-term performance and financial results, including through long-term incentive plans. In particular, compensation must be designed to promote the Company's performance and competitiveness, to ensure its growth and the creation of sustainable value for its shareholders, employees and all its stakeholders. Therefore, the Company associates the executive managers and key digital talents to the long-term incentive plans from which the executive directors benefit, if necessary by differentiating the level of requirement between the Executive Officers, the members of the Executive Committee, and the other key talents benefiting from these instruments. In addition, Atos France has signed a special profit-sharing agreement with the representative trade unions, which is still in force.

For the year 2023, after consultation with the Remuneration Committee, the Board of Directors is considering a strategy consisting of two long-term incentive plans with separate categories of eligible beneficiaries and each serving specific purposes. This would introduce greater flexibility into the long-term incentive policy for the Group's employees, while aligning the interests of the Executive Officers and the Group Executive Committee with those of the shareholders. In this way, the Company is responding to the competitive developments of the last two years in the area of incentives and retention of key employees and associates in the industry in which the Group operates.

Specifically, the 2023 free allocation of shares, scheduled in the second half of 2023, subject to the approval of this Shareholders' Meeting, would be governed by the following two plan structures:

- (i) A first performance share plan applicable only to the Company's executive officers (for the totality of their allocation) and to the other members of the Executive Committee (for 50% of their allocation) - hereafter "Plan n°1".**
- (ii) A second plan to grant freely shares, subject to performance or not, applicable to the members of the Executive Committee (for 50% of their allocation), except the Company's executive officers, as well as to Atos' executive managers and key digital talents (for 100% of their allocation) - hereafter "Plan n°2".**

It is specified that in the event that the proposed demerger of the Group is carried out before the implementation of Plans No. 1 and No. 2 by the Board, then the corporate officers and employees of the Eviden scope would be removed from the list of eligible beneficiaries and introduced into a new plan set up by Eviden.

Specific conditions of the authorization

1. Nature of the authorization

It is proposed that you authorize your Board of Directors, for a period of thirty-eight (38) months, to grant freely, on one or more occasions, shares, whether or not for performance, to employees or officers of the Company and/or its affiliates. The resolution submitted to your meeting specifies, moreover, that any authorization of the same nature, i.e. that granted at the 2022 Annual General Meeting, is cancelled as from the present Annual General Meeting to the extent of the unused portion.

2. Authorization limit

The maximum number of shares that may be granted under Plans No. 1 and No. 2 pursuant to the proposed delegation may not exceed 2.5% of the share capital on the date of this Annual General Meeting. This overall issuance ceiling has been increased compared to the one authorised by the 2022 Annual General Meeting (i.e. 1.5%) in order to anticipate, as far as possible, the impact of the proposed distribution by the Company to all its shareholders of approximately 70% of the shares comprising Eviden's share capital on the Company's share price and thus maintain the incentive nature of the overall value of the shares allocated to each beneficiary of the said plans. In this case, the usual adjustments would apply to preserve the rights of holders of rights giving access to the capital, as well as in the context of the other previous plans still in force at the date of distribution. In the absence of a customary adjustment mechanism, the shareholders would be consulted.

3. Sub-ceiling for grants to the Company's executive officers

Within the envelope referred to in point 2 above, the total number of shares granted to the Company's executive officers under the proposed authorization may not represent more than 0.50% of the share capital as of the date of this Annual General Meeting. This sub-ceiling has also been increased from that authorised by the 2021 Annual General Meeting (i.e., 0.11%) for the same reasons as mentioned in point 2 above and in the same proportions. In addition, if this option is exercised, the Board of Directors will set a rule that a portion of the allocation is to be retained by the executive directors until the end of their term of office.

4. Vesting period

► Plan n°1

The allocation of shares to their beneficiaries will become final at the end of a three (3) year vesting period. No holding period will apply.

Report of the Board of Directors on the resolutions

► Plan n°2

The allocation of shares to their beneficiaries will become final for the first tranche (representing 1/3 of the allocation) at the end of a two (2) year vesting period and for the second tranche (representing 2/3 of the allocation) at the end of a three (3) year vesting period. No holding period will apply.

5. Performance conditions

► Plan n°1

The definitive acquisition of all or part of the performance shares over a period of three years will be subject to the achievement of:

- three internal financial performance indicators including (i) revenue organic growth, (ii) operating margin, and (iii) cumulative free cash flow, each weighted at 25%;
- two internal performance indicators linked to the company's ESG (Environment, Social and Governance) responsibility and Human Capital, each weighted at 12.5%.

Internal Financial Performance Criteria:

The final vesting of all or part of the performance shares over a period of three years will be subject to the achievement of objectives set by the Board of Directors in line with the annual financial objectives communicated by the Company in the framework of Atos' current strategic plan and budget.

Internal non-financial performance criteria:

The first internal indicator related to Social and Environmental Responsibility would be based on the training rate for all Atos Group employees on the Atos Code of Ethics, on the Atos Cyber and Security Awareness and on the Atos Environmental Management System.

The second internal indicator linked to Human Capital would be based on indicators monitored by the Human Resources department, namely "Improving (a) the Atos retention rate (6.25%) and (b) the employee satisfaction rate based on regular surveys (6.25%)" measured over a period of three years, which could start, as applicable, from the separation of the Group.

An elasticity curve relating to each performance indicator depending on its level of achievement at the end of the three year period would allow the percentage of the final allocation of performance shares to vary upwards or downwards. As an exception, no upward variation in the event of outperformance may be applied to the non financial criteria relating to ESG and Human Capital.

Outperformance is possible up to 130% of the total grant. The Company's executive officers however do not receive shares for outperformance, keeping the total ceiling of the grant at 100%.

| Indicators | Performance | Objective | % of vesting (curves) |
|--|--|---|-----------------------|
| Group performance 1 External Revenue Organic growth (25%) | Average of the External Revenue Organic growth rates over the 3-year period (2023 - 2025) | Floor: bottom of the mid-term (MT) objective | 30% |
| | | Target: mid-point of the MT objective | 100% |
| | | Cap: ≥ +10% of the max MT | 150% |
| Group performance 2 Operating margin (%) (25%) | Average of the Operating Margin % over the 3-year period (2023 - 2025) | Floor: bottom of the MT objective | 50% |
| | | Target: mid-point of the MT objective | 100% |
| | | Cap: ≥ +10% of the max MT objective | 130% |
| Group performance 3 Cumulated Free Cash Flow (25%) | Cumulated amount of FCF at the end of the 3-year period (end of 2025) | Floor: bottom of the MT objective | 50% |
| | | Target: mid-point of the MT objective | 100% |
| | | Cap: ≥ +10% of the max MT objective | 130% |
| ESG (12.5%) | Achieve a minimum of 90% training rate for all Atos group employees on Atos Code of Ethics, Atos Cybersecurity, Atos Safety Awareness and Atos Environmental Management System (2023-2025) | Floor: 90% | 50% |
| | | Target: 98% | 100% (cap) |
| Human Capital (12.5%) | Improve (a) the retention rate for Atos (6.25%) and (b) the employee satisfaction rate based on regular surveys (2024-2025) (6.25%) | (a) Floor: 81% | 50% |
| | | Target: 84% | 100% (cap) |
| | | (b) Floor: 81% | 50% |
| | | Target: 84% | 100% (cap) |

An average vesting rate will be calculated based on the weighting assigned to each indicator. With regards to the executive corporate officers, overall performance is capped at 100%.

Report of the Board of Directors on the resolutions

At the time of the decision to grant the shares, the Board of Directors will set the percentage (at least 15%) of shares acquired that the Company's executive officers must keep until the end of his term of office. The Company's executive officers will be asked to take note of the prohibition imposed by the Company on entering into any financial hedging transactions in respect of the shares that are the subject of the grant throughout his term of office, and to undertake to comply with this prohibition.

► Plan n°2

The final vesting of the first tranche of Plan No. 2, representing 1/3 of the total allocation, will not be subject to the achievement of any performance conditions.

The final vesting of the second tranche of Plan No. 2, representing 2/3 of the total allocation, at the end of a three-year period will be subject to the achievement of the performance conditions identical to those of the Plan n°1 as above. For this second tranche, an average vesting rate will be calculated based on the weighting assigned to each indicator, without any outperformance, i.e., the overall performance being capped at 100%. The final number of shares acquired may in no case exceed the number initially granted.

6. Presence condition and adjustment

For Plan n°1 and Plan n°2, the final vesting of the shares will be subject to the presence of the beneficiary within the Atos Group during the whole vesting period applicable according to the plan or the tranche concerned, except in case of retirement and death.

If the separation into two independent groups were to occur in 2023 after the grant date, Mr. Philippe OLIVA as well as the other beneficiaries joining Eviden could be removed from the Atos 2023 performance share plan and introduced in a new Eviden plan subject to Eviden performance conditions replacing the Atos performance conditions.

The Board of Directors may, upon recommendation of the Remuneration Committee and if appropriate, modify the above performance conditions, should particular and unforeseeable circumstances arise that justify it. However, the performance conditions would remain demanding and in line with the Group's objectives, and the other elements (presence condition, vesting period and retention rule) would remain applicable. In any event, the adjustment made will be within the limit set for the multi-year variable compensation in shares. In the event that the reduction in the scope of the Atos Group in the context of the current separation project would make it impossible to measure the performance of the criteria set at the beginning of the plan over the initially planned period, the Board of Directors may decide to reduce the number of shares allocated to executive directors to reflect the reduction in the performance period.

Proposed resolutions

These purchases could be carried out:

- ▶ to ensure liquidity and an active market of the Company's shares through an investment services provider acting independently in the context of a liquidity contract, in accordance with the market practice accepted by the AMF;
- ▶ to attribute or sell these shares to the executive officers and Directors or to the employees of the Company and/or to the current or future affiliated companies, under the conditions and according to the terms set or accepted by applicable legal and regulatory provisions in particular in connection with (i) profit-sharing plans, (ii) the share purchase option regime laid down under articles L. 22-10-56 et seq. and L. 225-177 et seq. of the French Commercial Code, and (iii) free awards of shares in particular under the framework set by articles L. 22-10-59, L. 22-10-60 and L. 225-197-1 et seq. of the French Commercial Code and (iv) French or foreign law shareholding plans, in particular in the context of a company savings plan, as well as to carry out all hedging operations relating to these operations, under the terms and conditions set by market authorities and at such times as the board of directors or the person acting upon its delegation so decides;
- ▶ to remit the shares acquired upon the exercise of the rights attached to securities giving the right, whether immediate or deferred, by reimbursement, conversion, exchange, presentation of a warrant or any other way, to the attribution of shares of the Company, as well as to carry out all hedging operations relating to the issuance of such securities, under the conditions set by market authorities and at such times as the Board of Directors or the person acting upon its delegation so decides; or
- ▶ to keep them and subsequently use them in payment or exchange or other in the context of potential external growth operations; or
- ▶ to cancel them as a whole or in part through a reduction of the share capital authorized by the General Meeting, in particular pursuant to the 19th resolution of this meeting below.

This authorization shall be used at any time except during public offers on the shares of the Company.

This authorization is also intended to allow the Company to trade in own shares for any other purpose in compliance with applicable regulation or which would subsequently enjoy a legitimacy presumption under the relevant legal and regulatory provisions or that may subsequently be admitted as market practice by the AMF. In such case, the Company shall inform its shareholders by press release.

The purchase of shares shall not exceed, at any time, a maximum number of shares representing 10% of the share capital of the Company, at any time, this percentage being applied to a share capital figure adjusted to reflect transactions affecting the share capital subsequent to the present General Meeting, it being specified that where the shares are repurchased in the context of a liquidity contract, the number of shares taken into account in calculating the 10% limit will be the number of shares bought back minus the number of shares resold during the period of the authorization.

Acquisitions, sales and transfers or exchange of shares may be made by any means, subject to the limits authorized by the laws and regulations in force, on one or several occasions, on a regulated market or via a multilateral trading facility or a systematic internalizer or over the counter, including by public tender offering or by block purchases or sales (with no limit on the portion of the share repurchase program), and where required, by derivative financial instrument (traded on a regulated market or a multilateral trading facility via a systematic internalizer or over the counter) or by warrants or securities giving access to Company shares, or the implementation of optional strategies such as purchases or sales of purchase or sale options, or by the issuance of securities giving access to the Company's capital by conversion, exchange, redemption, exercise of a warrant or any other means to Company shares held by this latter party, and when the Board of Directors or the person acting on the Board of Directors' authority, under conditions laid down in the law, decides in compliance with the relevant legal and regulatory provisions.

The maximum purchase price shall not exceed €120 per share (excluding fees).

The Board of Directors shall adjust the aforementioned maximum purchase price in the event of incorporation of premiums, reserves or profits, giving rise either to an increase of the nominal value of the shares, or the creation and the free allocation of shares, and in case of division of the nominal value of the share or share consolidation or any other transaction on equity, so as to take account of the impact of such transactions on the value of the shares.

The maximum amount of the funds assigned to the buy-back program shall thus be €1,331,418,480 as calculated on the basis of the share capital as at December 31, 2022, this maximum amount may be adjusted to take in account the amount of the capital on the day of the General Meeting.

Proposed resolutions

The General Meeting also grants full powers to the Board of Directors, with powers to sub-delegate within the limits of the law, to submit orders on the stock exchange or outside it, to allocate or reallocate the shares acquired (including under previous share buyback program authorizations) to the various objectives pursued under the applicable legal or regulatory conditions, to draw up all agreements, notably in view of the maintenance of registers of purchases and sales of shares, to draw up all documents, carry out all formalities, effect all declarations and notices to all bodies, and in particular to the AMF, for operations carried out by way of application of this resolution, to set the conditions and procedures according to which the preservation of the rights of holders of securities giving access to the share capital of the Company are guaranteed, if necessary, and those of the beneficiaries of subscription or purchase options or of Company free share awards, in compliance with the legal and regulatory provisions, and as applicable, the contractual provisions providing for other adjustment cases, and in general, to take all necessary measures. The General Meeting also grants full powers to the Board of Directors, if the law or the AMF extend or complete the objectives enjoying a legitimacy presumption for share buy-back programs, to make public, in compliance with relevant legal and regulatory provision, any changes of the program related to the amended objectives.

This authorization is given for a duration of eighteen (18) months, starting from the day of this General Meeting, and cancels with effect from this day any unused portion of any previous authorization having the same purpose.

6. authorizes the Board of Directors, under the conditions of this delegation, to sell shares to members of a company or group savings plan (or assimilated plan) as provided for by article L. 3332-24 of the French Labor Code, it being specified that transfers of shares carried out with a discount in favor of members of one or more company savings plans referred to in this resolution, shall be deducted, up to the nominal amount of the shares thus transferred, from the amount referred to in paragraph 2 above;
7. decides that the characteristics of the other securities that give access to the Company's share capital shall be set by the Board of Directors, under the conditions set forth by the applicable legal and regulatory provisions;
8. grants all powers to the Board of Directors, with the right of sub-delegation to any person authorized by the applicable legal and regulatory provisions, for the purpose of implementing this delegation, and in particular:

9. decides that this delegation of authority granted to the Board of Directors shall be given for a duration of twenty-six (26) months starting from the date of this General Meeting and officially notes that the present delegation cancels with effect from this day any unused portion of any prior delegation with the same object.

Twenty-first resolution

Delegation of authority to be granted to the Board of Directors to increase the share capital of the Company by issuing shares reserved for certain categories of persons with the removal of preferential subscription rights in favor of such persons in connection with the implementation of employee shareholding plans

The General Meeting, ruling under the quorum and majority requirements for Extraordinary General Meetings, having reviewed the Board of Directors' report and the Statutory Auditors' special report and ruling pursuant to articles L. 225-129-2, L. 225-138 and L. 228-91 et seq. of the French Commercial Code:

1. delegates to the Board of Directors, with the option of sub-delegation under the conditions set by law, its authority to decide to increase the share capital, without preferential subscription rights, on one or more occasions, in France or abroad, in the proportions and at the times it deems appropriate, either in euros or in any other currency or monetary unit established by reference to several currencies, by issuing shares (excluding preference shares) and/or securities governed by articles L. 228-92 paragraph 1, L. 228-93 paragraphs 1 and 3 or L. 228-94 paragraph 2 of the French Commercial Code giving immediate or future access to the Company's shares, the subscription of which may be carried out either in cash or by the set-off of receivables, reserved for the following category of beneficiaries: (i) employees and corporate officers of companies related to the Company under the terms of article L. 225-180 of the French Commercial Code and article L. 3341-1 of the French Labor Code and having their registered offices outside of France; (ii) Alternative Investment Funds (AIF) or UCITS or other entities, with or without legal personality, with shareholding structures invested in the Company's securities whose unit holders or shareholders are persons mentioned in (i); (iii) any banking institution or subsidiary of such an institution acting at the Company's request to set up a shareholding or savings plan (whether or not including a shareholding component in Company securities) for the benefit of the persons mentioned in (i), insofar as the subscription made by the authorized persons mentioned in (ii) and (iii) hereabove would be necessary or desirable to allow to employees or executive officers mentioned in (i) hereabove to benefit from employees shareholding or saving plans equivalent or similar in terms of economic benefits applicable to other employees of Atos Group; it being specified that this resolution may be used to implement leveraged formulas;

Proposed resolutions

2. resolves to set the following limits on the amounts of the authorized capital increases if the Board of Directors uses this delegation of authority:
 - ▶ the maximum nominal amount of the capital increases that may be carried out pursuant to this delegation is set at 0.2% of the share capital on the date of this General Meeting, or the equivalent in any other currency or monetary unit established by reference to several currencies, it being specified that this amount will be deducted from the overall ceiling provided for in paragraph 2 of the 23rd resolution of the May 18, 2022, Annual General Meeting;
 - ▶ to this ceiling shall be added, where applicable, the nominal amount of the shares to be issued in order to preserve, in accordance with the legal and regulatory provisions and, where applicable, the contractual provisions providing for other cases of adjustment, the rights of the holders of securities giving access to the capital or other rights giving access to the capital;
3. decides to cancel the shareholders' preferential subscription right to the shares in favor of the aforementioned category of beneficiaries;
4. decides that the issue price of the new shares or securities giving access to the share capital shall be determined by the Board of Directors in relation to the Company's share price on the regulated market of Euronext Paris on the day of the decision setting the opening date of the subscription period for the beneficiaries indicated above, or on any other date set by this decision, or in relation to an average of the Company's share price on the regulated market of Euronext Paris over the twenty trading days preceding the selected date (notably, price being possibly determined in the same conditions as those laid down in articles L. 3332-18 et seq. of the French Labor Code), and may include a maximum discount of 25%. This discount may be adjusted downward at the discretion of the Board of Directors, in particular to take into account the legal, accounting, tax and social security regimes applicable locally. Alternatively, the issue price of the new shares shall be equal to the issue price of the shares issued in connection with the capital increase that would be carried out for the benefit of the members of a company savings plan pursuant to the 20th resolution of this Meeting; for the specific purposes of an offer made to beneficiaries referred to in (ii) of paragraph 1 residing in the United Kingdom within the framework of a Share Incentive Plan, the Board of Directors may also decide that the subscription price of the new shares or securities giving access to the Company's shares to be issued under this plan shall be equal to the lower of (i) the share price or average share price on the regulated market of Euronext Paris at the beginning of the reference period used to determine the subscription price under this plan and (ii) the market price or average market price at the end of the period, with the reference dates and periods determined in accordance with applicable local regulations. This price shall be set without any discount to the price used;
5. resolves that the Board of Directors, with the option of sub-delegation under the conditions set by law, shall have full powers to implement this delegation, and in particular to:
 - ▶ determine the conditions that the beneficiaries of the capital increases must meet, notably the seniority conditions;
 - ▶ determine the number, date and subscription price of the shares and securities giving access to the capital to be issued pursuant to this resolution, as well as the other terms and conditions of the issue, including the date from which the shares issued pursuant to this resolution will be entitled to dividends, even retroactively;
 - ▶ provide for the possibility of suspending the exercise of the rights attached to the shares or securities giving access to the share capital in accordance with the legal and regulatory provisions;
 - ▶ determine the list of beneficiaries within the aforementioned category and the number of shares to be issued to each of them as well as, where applicable, the list of employees and corporate officers who are beneficiaries of the savings and/or shareholding schemes concerned;
 - ▶ set the terms and conditions according to which the Company will have the option to purchase or exchange on the stock market, at any time or during specified periods, the securities giving access to the capital with a view to cancelling them or not, taking into account the provisions of the law;
 - ▶ determine and make any adjustments to take into account the impact of transactions on the Company's share capital or shareholders' equity, in particular in the event of a change in the nominal value of the share, a capital increase by capitalization of reserves, profits or premiums, a free allocation of shares, a stock split or reverse stock split, the distribution of dividends, reserves or premiums or any other assets, capital redemption, or any other transaction affecting the capital or shareholders' equity (including

Proposed resolutions

in the event of a public offer and/or change of control), and set any other terms and conditions to ensure, where applicable, the preservation of the rights of holders of securities giving access to the capital or other rights giving access to the capital (including by way of cash adjustments);

- ▶ at its sole initiative, charge the costs of the capital increases against the amount of the related premiums and deduct from this amount the sums necessary to fund the legal reserve;
- ▶ record the completion of each capital increase and make the corresponding amendments to the Articles of Association;
- ▶ in general, enter into any and all agreements, in particular in order to successfully complete the planned issues, take all measures and carry out all formalities necessary for the issue, listing and financial servicing of the securities issued pursuant to this resolution and for the exercise of the rights attached thereto;

6. resolves that the delegation of authority granted to the Board of Directors by this resolution shall be granted for a period of eighteen (18) months as from the date of this General Meeting and cancels, as the case may be, with effect from this day any unused portion of any prior delegation with the same object.

Twenty-second resolution

Authorization to be granted to the Board of Directors to grant free shares to the employees and executive officers of the Company and/or its affiliated companies

The General Meeting, ruling under the quorum and majority requirements for Extraordinary General Meetings, having reviewed the Board of Directors' report and the Statutory Auditors' special report, authorizes the Board of Directors, with the power of sub-delegation as provided for in the applicable legal and regulatory provisions, pursuant to articles L. 22-10-59 et seq. and L. 225-197-1 et seq. of the French Commercial Code, to grant, on one or more occasions and according to its own decisions, existing free shares or newly-issued free shares, for a maximum proportion which shall in no event exceed 2.5% of the share capital as on the date of this General Meeting, it being specified that this maximum amount does not take into account the number of shares to be issued, as the case may be, for the adjustments made in accordance with legal and regulatory provisions applicable or, as the case may be, any contractual provisions providing for other

cases of adjustment, to preserve the potential rights of the holders of securities or other rights giving access to the share capital. Within the aforementioned maximum amount, the total number of shares granted to the Company executive officers in accordance with this authorization shall not represent more than 0.50% of the share capital on the date of this General Meeting.

The beneficiaries of the grants authorized under this resolution must be employees or executive officers of the Company and/or of companies or economic interest groups linked with it under the meaning of article L. 225-197-2 of the French Commercial Code, in France or outside of France, as determined by the Board of Directors in accordance with articles L. 22-10-59 et seq. and L. 225-197-1 et seq. of the French Commercial Code. The vesting of shares at the end of the vesting period shall be subject or not to performance conditions set by the Board of Directors. As an exception, the vesting of shares granted to the Company executive officers will mandatorily be subject to the performance conditions.

The General Meeting determines the minimum vesting period pursuant to which the shares granted to their beneficiaries shall vest as two (2) years as from the date of their grant by the Board of Directors. As an exception, the minimum vesting period applicable to the shares granted to the Company executive officers is set at three (3) years.

As far as the Company executive officers are concerned, the Board of Directors shall be able, under terms and conditions set by law, either to impose inalienability clauses on vested free shares until the term of the beneficiary's mandate, or determine a minimum number of vested free shares to keep under the registered form until the term of their mandate.

The General Meeting gives all powers to the Board of Directors to set a vesting period longer than the period mentioned above and/or a holding period.

In case of disability of the beneficiary falling within the second or third categories of article L. 341-4 of the French Social Security Code or equivalent abroad, the vesting of the shares shall occur immediately, the shares becoming immediately freely transferable.

In case of death of the beneficiary, his heirs may request the vesting of the shares within six (6) months from the death, the shares becoming immediately freely transferable.

The General Meeting notes that this authorization automatically implies that the shareholders waive their preferential subscription rights in favor of the beneficiaries of the shares to be issued pursuant to this resolution.

The General Meeting notes that in case new free shares are granted, this authorization will entail progressively as these shares vest, share capital increase through incorporation of reserves, benefits or premiums in favour of the beneficiaries of these shares and an express waiver by the shareholders of their preferential subscription rights to the advantage of the beneficiaries of the shares to be issued by virtue of this authorization.

The General Meeting delegates all powers to the Board of Directors with the possibility of sub delegation within the conditions prescribed by applicable legal and regulatory provisions, to implement this authorization, within the limits and conditions here above specified, in order notably to:

- ▶ determine the category(ies) of beneficiaries of the grant(s) and determine the identity of the beneficiaries;
- ▶ determine the vesting period and, if applicable, the holding period, and, as the case may be, modify these periods for any circumstance for which this resolution or the applicable regulation would allow such modification;
- ▶ determine the conditions and performance criteria for the grant(s);
- ▶ decide on the amount of the grant(s), the dates and modalities of each, the date, even retroactive, when the issued shares shall give enjoyments rights;
- ▶ proceed, as the case may be, during the vesting period, to the adjustments of the number of free shares granted as necessary to preserve the rights of the beneficiaries depending on potential operations on the share capital or equity of the Company, it being specified that the shares granted pursuant to these adjustments shall be deemed to have been granted on the same day as the shares initially granted;
- ▶ set off, as applicable, in case of issuance of new shares, on reserves, benefits, or premiums, the amounts required for the full payment of these shares;
- ▶ on its own decision, after each increase, to attribute the costs of the capital increase to the relating premiums and deduct the necessary amounts to increase the legal reserve to one tenth of the new share capital;

- ▶ more generally, to take all measures to perform the capital increase within the conditions set forth by legal and regulatory provisions, conclude all agreements (notably with a view to ensuring the successful completion of the issue), request all authorizations, carry out all formalities and do what is necessary to ensure the successful conclusion of the planned issuances or to postpone the same, and notably to acknowledge the capital increase(s) resulting from every issuance carried out by using this authorization, correspondingly, to amend the Articles of Association of the Company, to request the listing on the regulated market of Euronext Paris of all securities issued by virtue of this authorization and to ensure the financial service for the shares in question and the exercise of the associated rights.

The General Meeting decides that this authorization shall be valid for a term of thirty-eight (38) months starting from this General Meeting; and officially notes the fact that his delegation cancels with effect from this day any unused portion, if any, of any previous delegation having the same purpose.

Twenty-third resolution
