making daily life easier

Working, communicating and taking a break, your days revolve around your New Traffic. It's easy with the 12 V-220 V converter to charge tools such as your drill or plug in construction lighting. As for the LED bar, it will provide you with optimum light throughout your loading area. Don't lose sight of your phone, position it instinctively on your magnetic smartphone holder. Don't forget to take a break with our cooler that keeps all your food and beverages cool or warm, depending on the season.

1. **parking sensors - front and rear**

2. **reversing horn**
(77 11 943 651)

manoeuvre with peace of mind

Technology makes it easier to drive New Traffic. Get better visibility with the permanent rear view camera system that takes over from the rear-view mirror. Make manoeuvring easier by equipping your vehicle with a parking sensor that warns you of obstacles with an audible signal. The reversing alarm informs pedestrians of your manoeuvre for even greater safety. The rear view camera accurately guides you on the multi-function screen on the instrument panel.

work safely

Doing your job well also means paying particular attention to safety. Renault makes it a priority and offers a whole range of dedicated accessories. Working on traffic lanes requires you to signal the presence of your vehicle with a TriFlash triangle and reflective strips that optimise your visibility. Keeping a fire extinguisher within easy reach is also a safety reflex, and in the event of an incident on the road, the Dashcam system proves to be valuable. It films and keeps the journey history to give a testimonial if necessary. When you arrive at your destination, secure your vehicle and its load: simply equip it with a high-strength multipoint lock. Nothing is left to chance with New Traffic.
