Pursuant to the requirement of D.C. Act 20-615 Subtitle C, Section 32 (h), we have audited the accompanying Revenues and Expenditures Report of the New Columbia Statehood Fund (NCF), for the Fiscal Year Ended September 30, 2020.

Management's Responsibility for the Revenues and Expenditures Report

Act 20-615 Subtitle C financial provisions; this includes the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of the revenues and expenditures that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on the Revenues and Expenditures Report based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the NCF revenues and expenditures are free of material misstatement.

An audit involves performing procedures to obtain audit evidence of the amounts reported in the revenues and expenditures accounts. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the revenues and expenditures, whether due to fraud or error. In making those risk assessments, the auditor considers internal

controls relevant to the entity's preparation and fair presentation of the revenues and expenditures in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the revenues and expenditures. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the Revenues and Expenditures Report presents fairly, in all material respects, the result of operations of the New Columbia Statehood Fund for the fiscal year ended September 30, 2020, in accordance with D.C. Act 20-615 Subtitle C financial provisions.

Basis of Accounting

Note 1: Summary of Significant Accounting Policies

Basis of Presentation

The New Columbia Statehood Fund Revenues and Expenditures Report, reports on the Fund's results of its operations. Fund accounting is designed to demonstrate legal compliance and to aid financial management by segregating transactions related to certain District functions and activities. The Revenues and Expenditures Report is prepared by NCF based on the financial provisions of D.C. Act 20-615 Subtitle C, which is the basis of accounting other than accounting principles generally accepted in the United States of America.

The NCF is a special purpose fund, which is used to account for revenue generated from solicited financial and in-kind contributions, grants, allocations, gifts, bequests, interest income and appropriations from public and private sources. Expenditures consist of programs related to educating, advocating, promoting, and advancing the proposition of statehood and voting rights for the Districts of Columbia residents and citizens of the 50 states. Administrative expenses are used to provide goods and services that support the operation of the fund.

Basis of Accounting

The New Columbia Statehood Fund is accounted for using a flow of current financial resources measurement focus and the modified accrual basis of accounting. Under this measurement focus, revenues are recognized when they become both measurable and available. "Measurable" means the amount of transaction can be determined and "available" means collectable within the current period or soon thereafter to be used to pay liabilities of the current period. Fund expenditures are presented on a modified accrual basis.
