

2024 Marine Economy Report

OREGON

The marine economy is defined as those businesses whose existence depends on the oceans or Great Lakes. The economic data found here helps leaders better understand trends and consider the needs of these businesses when making decisions about the future of the coast. Six sectors make up the marine economy: marine construction, offshore mineral resources, tourism and recreation, living resources, ship and boat building, and marine transportation.

THE BIG PICTURE - OREGON'S MARINE ECONOMY IN 2021

2,494 BUSINESSES	40,248 EMPLOYEES	\$1.7 BILLION WAGES	\$3.4 BILLION GDP
----------------------------	----------------------------	-------------------------------	-----------------------------
