Ulta Beauty Announces First Quarter Fiscal 2019 Results

Net Sales Increased 12.9%

Comparable Sales Increased 7.0%

Diluted EPS Increased 20.7% to \$3.26, Including a \$0.18 Tax Rate Benefit

BOLINGBROOK, Ill.--(BUSINESS WIRE)-- Ulta Beauty, Inc. (NASDAQ: ULTA) today announced financial results for the first quarter ended May 4, 2019.

“The Ulta Beauty team delivered a strong start to the year with solid first quarter sales and earnings performance,” said Mary Dillon, Chief Executive Officer. “These results reflect a healthy balance of traffic and ticket growth, and double digit comparable sales growth in mass cosmetics, skin care and fragrance, tempered by continued mixed performance in prestige cosmetics. We are driving operational excellence across the enterprise, while investing in growth initiatives to fuel the long-term success of Ulta Beauty. We are excited to announce our decision to expand internationally and establish Ulta Beauty as a successful global brand. Our first step in becoming a global beauty retailer will be to prepare to launch operations in Canada.”

For the First Quarter of Fiscal 2019

- Net sales increased 12.9% to \$1,743.0 million compared to \$1,543.7 million in the first quarter of fiscal 2018;
- Comparable sales (sales for stores open at least 14 months and e-commerce sales) increased 7.0% compared to an increase of 8.1% in the first quarter of fiscal 2018. The 7.0% comparable sales increase was driven by 4.3% transaction growth and 2.7% growth in average ticket;
- Gross profit as a percentage of net sales increased 70 basis points to 37.0% compared to 36.3% in the first quarter of fiscal 2018, primarily due to improvement in merchandise margins driven by our marketing and merchandising strategies and leverage in fixed store costs, partially offset by investments in our salon services and supply chain operations;
- Selling, general and administrative expenses as a percentage of net sales increased 70 basis points to 23.1% compared to 22.4% in the first quarter of fiscal 2018, due to deleverage in corporate overhead related to investments in growth initiatives and store labor, partially offset by improvement in variable store and marketing expense attributed to cost efficiencies and higher sales volume;

- Pre-opening expenses decreased to \$4.2 million compared to \$5.2 million in the first quarter of fiscal 2018. Real estate activity in the first quarter of fiscal 2019 included 22 new stores and one remodeled store, compared to 34 new stores and two remodeled stores in the first quarter of fiscal 2018;
- Operating income increased 13.2% to \$237.5 million, or 13.6% of net sales, compared to \$209.8 million, or 13.6% of net sales, in the first quarter of fiscal 2018;
- Tax rate decreased to 19.8% compared to 22.1% in the first quarter of fiscal 2018. The lower effective tax rate is primarily due to income tax accounting for share-based compensation;
- Net income increased 16.9% to \$192.2 million compared to \$164.4 million in the first quarter of fiscal 2018; and
- Diluted earnings per share increased 20.7% to \$3.26, which included a \$0.18 benefit due to income tax accounting for share-based compensation, compared to \$2.70 in the first quarter of fiscal 2018, which included a \$0.07 benefit due to income tax accounting for share-based compensation.

Balance Sheet

Merchandise inventories, net at the end of first quarter of fiscal 2019 totaled \$1,250.0 million compared to \$1,136.8 million at the end of the first quarter of fiscal 2018, representing an increase of \$113.2 million. The increase in total inventory was driven by 89 net new stores and the opening of the Company's distribution center in Fresno, California, partially offset by inventory productivity benefits from supply chain investments in new systems and merchandise planning tools. Average inventory per store increased 1.8% compared to the first quarter of fiscal 2018.

The Company ended the first quarter of fiscal 2019 with \$521.8 million in cash and cash equivalents and short-term investments.

Recent Accounting Pronouncement – Leases

On February 3, 2019, the Company adopted Accounting Standards Codification (ASC) 842 using the modified retrospective approach. The new standard requires leases to be recorded on the balance sheet as lease liabilities with corresponding right-of-use assets. Upon adoption, the Company recognized and measured leases without revising comparative period information or disclosures. The adoption of ASC 842, resulted in the recording of operating lease assets and liabilities of \$1.46 billion and \$1.84 billion, respectively, as of February 3, 2019. As part of the adoption, the Company recorded an adjustment to retained earnings of \$2.4 million.

Share Repurchase Program

During the first quarter fiscal 2019, the Company repurchased 318,431 shares of its common stock at a cost of \$107.4 million. As of May 4, 2019, \$788.2 million remained available under the \$875.0 million share repurchase program announced in March 2019.

Store Expansion

During the first quarter of fiscal 2019, the Company opened 22 stores located in Birmingham, AL; California, MD; Christiansburg, VA; Dalton, GA; Foley, AL; Grand Prairie, TX; Hanover, MD; Huntsville, AL; Kennett Square, PA; Laguna Niguel, CA; Lake Elsinore, CA; Livermore, CA; Lompoc, CA; Nags Head, NC; Plattsburgh, NY; Raleigh, NC; Rensselaer, NY; Ruston, LA; Seekonk, MA; South Plainfield, NJ; Virginia Beach, VA; and Whitestown, IN. The Company ended the first quarter of fiscal 2019 with 1,196 stores and square footage of 12,573,741, representing an 8.0% increase in square footage compared to the first quarter of fiscal 2018.

Outlook

For fiscal 2019, the Company plans to:

- open approximately 80 new stores, execute approximately 20 remodel or relocation projects and complete approximately 270 store refreshes;
- increase total sales in the low double digits percentage range;
- achieve comparable sales growth of approximately 6% to 7%, including e-commerce growth of 20% to 30%;
- leverage operating profit margin rate 10 to 20 basis points;
- deliver diluted earnings per share in the range of \$12.83 to \$13.03, including the impact of approximately \$700 million in share repurchases and assuming a 24% effective tax rate. This guidance represents the Company's previous outlook for the year of \$12.65 to \$12.85, inclusive of the \$0.18 income tax benefit in the first quarter. The Company continues to expect that diluted earnings per share growth will be slightly weighted to the second half of the year, excluding the impact of the income tax benefit from the first quarter;
- incur capital expenditures of \$380 million to \$400 million in fiscal 2019, compared to fiscal 2018 capital expenditures of \$319 million; and
- incur depreciation and amortization expense of \$315 million.

To more closely align with industry practices, beginning in 2019, the Company no longer provides a quarterly outlook. The Company will continue to provide an annual outlook, which it will update on a quarterly basis, as appropriate.
