**Office of Patient Statistics and Reporting (OPSR)**

### 1. Admissions to SEH

\* Number of admissions to SEH inpatient program to SEH, including transfers from outpatient to inpatient program

### 2. Discharges from SEH

\* Number of discharges from SEH inpatient program, including transfers from inpatient to outpatient program

### 3. Average Daily Census

\* Data above is the daily average number of individuals counted at 11:59 PM every day during each month.

### 4. Transfers

\* Number of inter-unit transfers that occurred during month, number of emergency medical leaves that started during month, and number of non-emergency medical leaves that started during month.

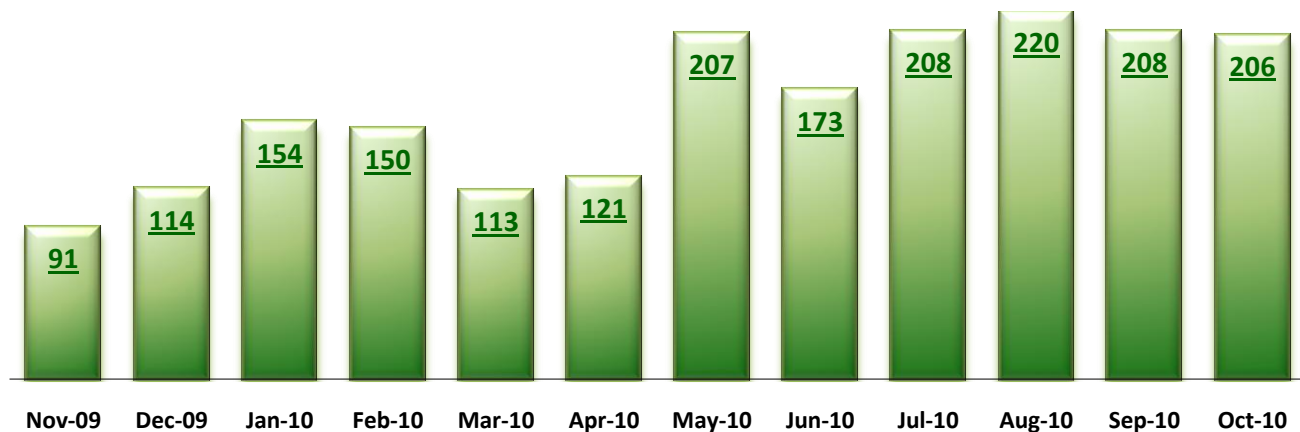

### 5. 30-Day Readmission Rate

\* Percent of discharges that returned to SEH within 30 days of discharges. It does not include those who may have been re-hospitalized to another psychiatric facility. This measure requires 30-day observation following discharge.

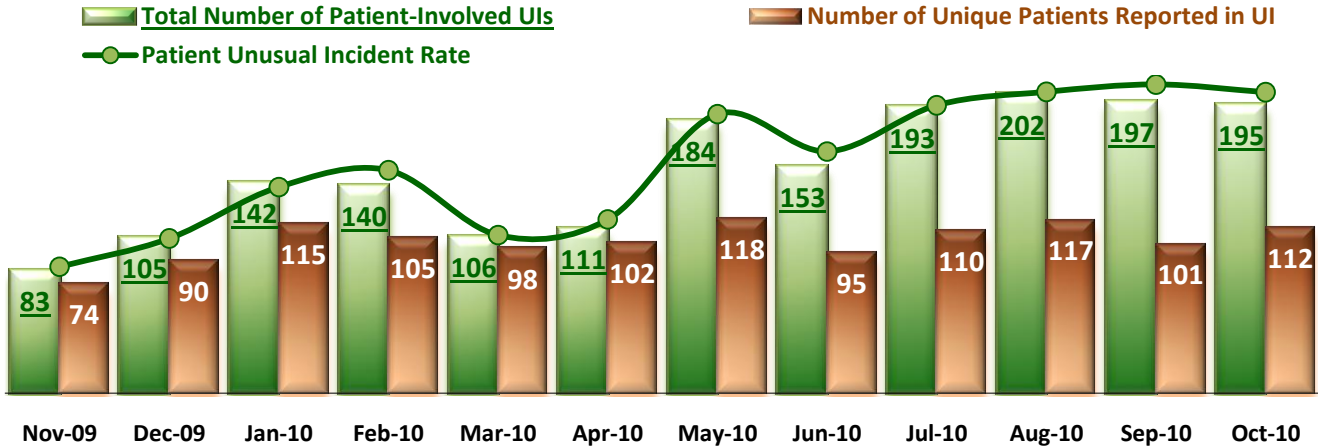

\*\* NPR: National Public Rate as of December 2009 published by NASMHPD Research Institute in May 2010.

### 6. Unusual Incidents

\* It counts all of the unusual incidents (UIs), including those that did not involve any patients, that have been reported to the Risk Manager by 10/8/10. Numbers may change if any incidents that occurred during the above period are reported later.

### 7. Patient-Involved Unusual Incidents

\* It counts only those incidents that involved at least one or more patients. Some patients may be involved in more than one incident and the number of unique patients does not double count such patients. The patient UI rate is the number of unusual incidents reported for every 1000 inpatient days.

### 8. Elopements

\* Elopement Rate: Number of elopements that occurred for every 1000 inpatient days.

### 9. Patient Injuries

\* Patient Injury Rate: Number of patient injury events that occurred for every 1000 inpatient days.

### 10. Staff Injuries

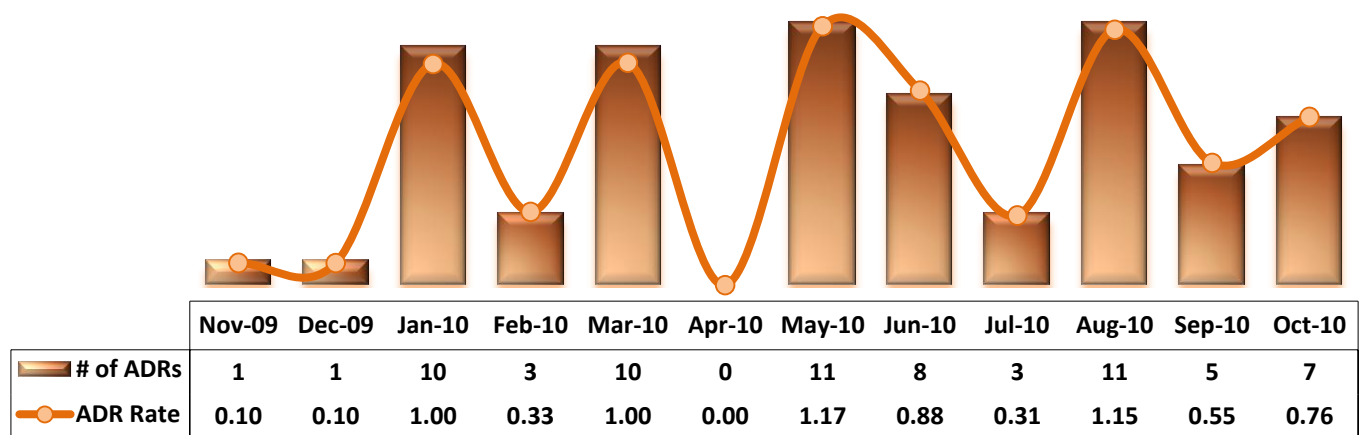

### 11. Medication Variances

\* MV Rate: Number of medication variance events that occurred for every 1000 inpatient days.

### 12. Adverse Drug Reactions

\* ADR Rate: Number of medication variances that occurred for every 1000 inpatient days.

### 13. Percent of Missing Documentation on Med-Administration

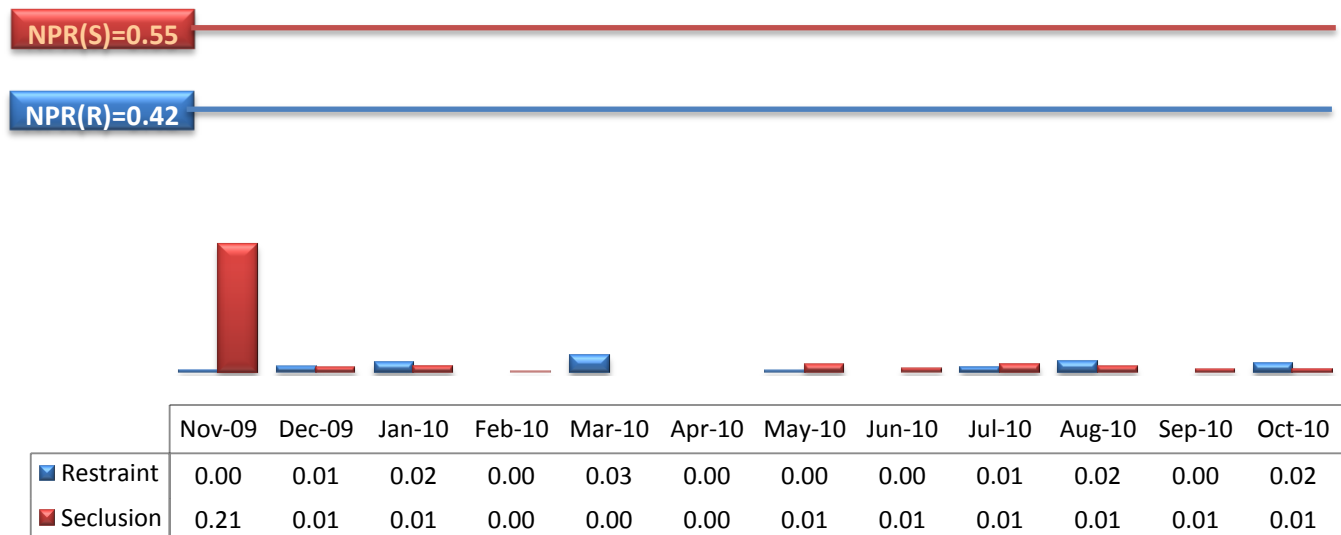

### 14. Percent of Patients Restrained or Secluded

\* Percent of unique patients who were restrained at least once and percent of unique patients who were secluded at least once.

### 15. Restraint Hours Rate & Seclusion Hours Rate

\* Restraint/Seclusion Hours Rate: Number of hours spent in restraint/seclusion for every 1000 inpatient hours.

## Performance Related Information for Staff & Managers

### Census, Admissions, Discharges & Transfers
