

[Bulletin 14-01](#)

To: Insurance Producers  
From: Merle Scheiber, Director  
Date: March 18, 2014  
Re: Agent Signatures

If statute, rule, or company policy requires any application for insurance to be signed by an insurance agent, the application must be signed by the insurance agent that solicited that policy upon completion of the application. Nothing in this Bulletin prohibits an application or a signature from being completed electronically. Additional signatures of agents who did not solicit or designation of other agents for commission purposes on an insurance application is permissible.
