

How many CME credits am I required to complete each year?

These requirements vary from state to state, even from institution to institution. The Academy does not have a requirement that members complete a certain number of CME credits to maintain membership status. Please contact your state board of medical licensure, state medical society, or employers/hospitals/managed care organizations to inquire about specific requirements. You may also refer to the American Medical Association's (AMA) information booklet on the Physician's Recognition Award (PRA) for more information on qualifying for the AMA PRA certificate or visit www.ama-assn.org

If these steps were used to correct an issue but the issue persists, please contact Member and Customer Care at 800.433.9016 or email us at mcc@aap.org for further assistance
