ENERGY ASSISTANCE PROGRAM INFORMATION

Applications are always accepted. Priority is given to persons who are elderly or disabled.

WHAT DOES HEATING ASSISTANCE HELP WITH?

If you are responsible for paying your heat costs directly to an energy supplier:

- For **Natural Gas** and **Electric** heat, the amount of energy assistance you are approved for will be applied to unpaid heating charges from the regular meter read dates occurring within the time period October 1st through May 15th.
- For **Propane** and **Fuel Oil**, the amount of energy assistance you are approved for will be applied to unpaid heating charges resulting from fills occurring within the time period July 1st through April 30th.

Energy assistance may also be able to help if your heat is included in the cost of your rent or you pay your heat costs directly to your landlord in addition to your cost of rent. **NOTE: Heating Assistance CANNOT be used:** to pay heating bills for non-residential buildings such as a shop or business; to fill extra storage tanks; as a "credit" for fuel to be delivered after April 30th; or to reimburse a heating bill or expense that has already been paid.

THE ENERGY CRISIS INTERVENTION PROGRAM (ECIP)

You may qualify for **Energy Crisis Intervention assistance** if you are eligible to receive heating assistance and are in a crisis situation, such as:

- Have a shut-off or disconnection scheduled to occur between October 1st and March 31st;
- Are required to pay cash-on-delivery and have an empty or near empty fuel tank (less than 20%); or;
- Have an eviction notice for non-payment if heat is included in the rent.

WEATHERIZATION PROGRAM INFORMATION

WHAT IS WEATHERIZATION?

The weatherization program is designed to help low-income households overcome the high cost of energy by making their homes more energy efficient. Priority is given to households with elderly and disabled individuals and to families with small children. The local community action agency is responsible for the weatherization program, and they will perform an energy evaluation for determining your home's weatherization needs. For more information, contact the appropriate agency shown below:
