MESSAGE

It gives me immense pleasure to learn that Harekrushna Mahtab State Library is bringing out the 7th Volume of the Odisha State Bibliography (2007). The present volume is compiled from the books received at the State Library under the provision of 'The Press and Registration of Books Act. 1867' with inclusion of books published in Odisha during 2007. It records books published in Odia, English, Hindi, Sanskrit and few other languages including translations.

In the recent days book production has witnessed so enormous growth that it is not possible on the part of a reader or a research scholar to locate his/her required materials easily without the help of catalogues and bibliographies. Bibliographies are considered as reading aids or source books for the readers and research scholars.

Keeping in view the development of Library Services in Odisha, the State Government has already enacted "The Orissa Public Libraries Act" in the year 2001 and with proper implementation of this Act the number of public libraries has increased. This State Bibliography will serve as a useful reference tool especially in the libraries operating in the remote areas of the State.

The State Library of Odisha is supposed to deliver as the model public library of the state and I believe that it is working in the right direction. The awards earned by HKM previously will encourage in this way to enhance the prestige of our state library. I hope, the authorities and the staff members of the state library will have their sustained endeavour to fulfill the mission meaningfully.

I wish this State Bibliography will serve the desired purpose and will be appreciated by readers, scholars, librarians and book lovers.

(Ashok Chandra Panda)

FOREWORD

I am delighted that the Odisha State Bibliography, Vol-7 is being brought out by the HKM State Library. It is, indeed, a scholarly and praiseworthy work. I congratulate the compilers for their perseverance and sincere devotion towards maintaining sequel to this prestigious work.

This Bibliography has compiled all published literature of an area by author with title of publications and subject. It marks creativity of the people of a particular geographical area. This acts as a useful tool in hands of intellectuals, researchers, librarians, book selectors and information planners. The present book "Odisha State Bibliography, Vol-7" is compiled from 2007 publications. The basis of compilation is the publications (two copies) received at HKM State Library from different publishers / printers / authors in response to provisions of The Press and Registration of Books Act, 1867.

I find that Board of Editors and Compilers are well conversant with compilation work and this is definitely creditable. They will certainly rise to the occasion with early publication of next volumes.

I wish them best wishes in continuing this endeavour with equal passion in the years to come.

Sri Manoranjan Panigrahy, IRS.,
Commissioner-cum-Secretary to Govt.,
Culture Department, Govt. of Odisha,
Bhubaneswar

PREFACE

An attempt has been made with publication of this seventh official volume of "Odisha State Bibliography" to lay bare the total output of recorded knowledge and culture, the State of Odisha has generated so far during 2007. For compilation of this bibliography, data have been collected from the 'Depository Section' of HKM State Library that serves as the State Repository of books published in Odisha by receiving two copies each of titles printed / published in Odisha from the concerned printers / publishers / authors under provision of the Press and Registration of Books Act, 1867.

It has been sincerely attempted to make this work technically sound with provisions of assigning subject headings and Dewey Decimal Classification number to each bibliographic entry as intended for the Librarians of Rural Libraries to find ready-made cataloguing data along with classification number for each book they receive under the Book Assistance Scheme of Raja Rammohun Roy Library Foundation. Thus, this bibliography, inter alia, will help as an indispensable tool for Rural Libraries of Odisha.

An exhaustive alphabetical index has also been provided for easy and quick search of the entries via author, title and subject/keywords. The work has been so meticulously designed that a layman would be able to find out at ease the total publication of books in Odisha in a given year, by and about a given author and on a given subject.

As it is a work of many hands, human error is inevitable, but we have tried our level best to overcome errors to the most possible extent. We also invite suggestions from users for necessary modifications / corrections if any which shall be taken up in subsequent editions.

Thus, besides researchers, this work would be of immense help to the scholars, bibliophiles, librarians, publishers, booksellers, and book selectors who will find it handy and useful.

I do hope that this work would serve its purpose and be highly appreciated.

Sri Amarendra Kumar Patnaik, OAS (SAG)
Director, Culture & Ex-Officio Addl. Secretary to Govt. &
Director, HKM State Library,
Bhubaneswar

ACKNOWLEDGEMENTS

We acknowledge with gratitude the co-operation extended by Authors, Publishers and Printers of Odisha who submit their publications regularly in the HKM State Library under provision of 'The Press and Registration of Books Act, 1867' for which we are being able to continue compilation of this work 'Odisha State Bibliography' successfully.

We express our sincere gratitude to the Hon'ble Minister of Culture Sri Ashok Chandra Panda for sending his message and who has always supported and shown keen interest for undertaking such type of project by the HKM State Library and publishing the Odisha State Bibliography on regular basis. We are equally indebted to Sri Manoranjan Panigrahy, IRS, Commissioner-cum-Secretary to Govt., Department of Culture for his encouragement, support and writing the foreword for this volume. We are also very much grateful to Sri Amarendra Kumar Patnaik, Director, Culture and Director, HKM State Library for inspiration, support and helping attitude which we have always received from him for carrying out this project.

We are very much thankful to the staff members of HKM State Library who have rendered their valuable services towards publication of this Bibliography. In this respect special mention has to be made of Sri Ganeswar Nayak (Retd.), Smt. Kabitanjali Sisugoswami and Sri Rudra Prasad Behera, Assistant Librarians who have meticulously compiled, arranged entries subject-wise, indexed and prepared the final manuscript for the press. Their hard work in this regard is highly commendable. We are also thankful to Sri S.K. Chatterjee, Librarian-II, Sri Gangadhar Kar, Librarian Class-III, Sri R.N. Kodamasingh, Asst. Librarian, Sri Duryodhan Behera, Asst. Librarian, Smt. Sasmita Mishra, Asst. Librarian, Sri B.C. Sahoo, Head Clerk, Sri K.C. Swain, Sr. Clerk, Sri L. Majhi, Sr. Clerk, Sri K.C. Sahoo, Attender and all other staff members of HKM State Library for their co-operation and unstinting support.

We are deeply indebted to Sri Abakash Jena, Former General Editor, Indian National Bibliography-cum-Librarian, Central Reference Library, Kolkata as we have always received his valuable advice and guidance in the compilation of earlier volumes of this Bibliography.

We are also thankful to the Director and staff of NIC, Bhubaneswar for their valuable support and cooperation in customising e-Granthalaya software to help design and generate bibliographic data for this volume.

Finally, we express our thanks to the Director and staff of the Government Press (Printing & Stationery), Cuttack for printing out the volume in time.

Sri Ashok Kumar Sarangi, OAS-I (SB),
Deputy Secretary to Government &
O.I.C., HKM State Library,
Bhubaneswar

INTRODUCTION

1. History:

Compilation of 'Odisha State Bibliography' is a primary objective of HKM State Library, the State Central Library of Odisha. In order to achieve this objective, a separate section called the 'Depository Section' has been created by Prof. D.R. Kalia during the period of his four-year contract assignment towards renovation of the State Library (1986-90). As a result, the Section receives deposits of two legal copies of each title printed /published in Odisha from its printer / publisher / author under the direction of the Press and Registration of Books Act, 1867.

The aim of the Depository Section is twofold. In the first place, it aims at developing a repository of recorded knowledge and culture the State of Odisha has generated so far in course of time (i.e. books in Odisha) so as to preserve them for posterity. Secondly, Odisha State Bibliography is to be compiled and published annually out of this collection.

In the process, four volumes of Odisha State Bibliography have been compiled manually and from 5th onwards the library has adopted computer application. This present 7th volume is a computerised copy generated with the assistance of NIC, Bhubaneswar through customised version of e-Granthalaya software.

2. Scope:

- 2.1 It covers all books printed / published in Odisha during 2007, excluding official documents, as per legal copies available in the Depository Section of HKM State Library, Bhubaneswar.
- 2.2 Entries are made following principles of an international standard for bibliographic description (AACR-2) with necessary modifications, so as to help generate catalogue entries for user libraries.
- 2.3 Exact Odia wording in Odia script of names of titles and authors are provided in the entries for all such works in Odia in addition to their transliteration in English.
- 2.4 Appropriate subject headings along with DDC class number are assigned to each description through expert analysis of thought content dealt in the book that can profitably be used by rural libraries since they receive these titles through RRRLF Scheme.
- 2.5 Arrangement of entries and index facility are so designed that a layman can find out easily the total output of books in Odisha in a given year, by and about a given author or on a given subject.
- 2.6 It makes an indispensable tool for rural libraries as a 'book catalogue' as well as a guideline for technical processing and for book selectors in every sphere where there is a need to judge a particular title as to its edition

3. Principles adopted:

3.1 Classification:

Dewey Decimal Classification of 23rd edition has been followed while classifying books and assigning class numbers to descriptions with the following modifications:

- 3.11 In the case of Oriya language and Oriya literature where there are longer Base numbers provided for in the Schedules, we have, to give local emphasis and shorter numbers, found it helpful to modify these two Base numbers along the lines offered in the Schedules under option B as per illustrations provided hereunder:

4OR	-	Oriya language (OR stands for Oriya)
4OR.01	- 09	Standard subdivisions from Table - 1
4OR.1	- 8	Subdivisions from Table - 4
8OR	-	Oriya literature (OR stands for Oriya)
8OR.01	- 09	Standard subdivisions from Table - 1
8OR.1	- 8	Form divisions from Table - 3
i.e.	- 1	Poetry
	- 2	Drama
	- 3	Fiction
	- 4	Essay
	- 5	Speeches
	- 6	Letters
	- 7	Satire and humour
	- 8	Miscellaneous writings

(Similar modifications have been made for other Indian languages and literatures except English)

- 3.2 In the case of Biography class we have adopted B for its notation as detailed below:

B	: Biography
BC	: Biography, Collected (For books dealing with biography of several persons)
BI	: Biography, Individual (For books dealing with biography of an individual including his / her autobiography)

- 3.21 For practical purposes in order to specify biography of a particular person in the collection of individual biographies (BI), extended notations constructed from the name of the biographee be added further to the Class number preceding the Book number e.g., A biography of Mahatma Gandhi / by D.G. Tendulkar shall bear the number as:

BI	Class number for individual biography
GAN-M	Extended notation constructed from name of the biographee (i.e. first three letters from the surname and first letter of the forename)
TEN-D	Notation for Book number constructed from name of the biographer as described above.

- 3.22 When the work is an autobiography of Mahatma Gandhi, the class number shall be complete with the second step i.e. Book number be omitted or repeated as per policy of the user library.

- 3.23 For collected biographies (BC), there is no need of extended class notation (as in the second step), but notation for Book number constructed from name of the compiler, editor or title be retained as such.

(NB: This Biography class may exclude biographies of persons associated with Arts, Literature, Religion and Science classes as they are prominently known and more often sought with their concerned class or subject. Hence, those biographies may be classed with their respective subjects as treated in the Schedules)

3.3 Description of entries:

Description of bibliographic entries has been made following such citation order and punctuation as prescribed for in the AACR - 2, a guideline for international standard bibliographic description with the following modifications.

- 3.31 When the description is for Odia books, normal transcription of title in Roman script is supplemented with its exact Odia form in order to render clarity and distinction. In this case an equal sign precedes the Odia form (e.g. Bhagabata katha = ଭଗବତ କଥା)

(NB: In the transliteration we have adopted the simplest form for the purpose and standardised wherever necessary as per the Table of Standardisation which immediately follows the introduction)

- 3.32 When the statement of responsibility remains the same as in the main entry heading, it is not repeated in the transcription, but allowed to stand as it is with the Odia form e.g.

Samantasinhar, Abhimanyu

Bidagdha chintamani = ବିଦଗ୍ଧ ଚିନ୍ତାମଣି/ ଅଭିମନ୍ୟୁ ସାମନ୍ତସିଂହାର

- 3.33 For the works of translations into Odia, though the main entry heading is under the name of the original author, it is not repeated in the statement of responsibility area where the name of the translator stands with its Odia form e.g.

Nagar, Amrutlal

Manasahamsa = ମାନସହଂସା / ଶ୍ରୀନିବାସ ଉଦ୍‌ଗାତାଙ୍କ ଦ୍ୱାରା ଅନୁଦିତ

- 3.34 When the main entry heading falls under the name of a personal author, it starts with the surname more often than not except the followings:

- 3.35 For religious persons such as Jagannath Das, Balaram Das, Achyutananda Das, etc., where the very word ‘Das’ though resembles an Oriya surname, but otherwise known with a different connotation (i.e. at the service of God) has not been accepted as a surname in the description. In this case the heading starts with their first name (e.g. ‘Jagannath Das’, ‘Balaram Das’, ‘Achyutananda Das’).

In the similar connotation:

	Vivekananda, Swami	Nigamananda, Swami	Prabhudutta, Brahmachari
<i>not</i>	Swami, Vivekananda	Swami, Nigamananda	Brahmachari, Prabhudutta

4. Subject headings:

The standardised verbal representation of specific subject / subjects dealt in the book is assigned to each description following the Sears List of Subject Headings - 19th edition with necessary modifications.

5. Arrangement of entries:

The entries are in the form of main entries. They are grouped under the year of publication so as to show the amount of total production in a given year. Under each year, the entries are further arranged by their class number as represented in the penultimate notation preceding the price of the book if there is one. In case the book is not a priced copy, the last notation in the description is its class number. Such arrangement by class number falls to a sequence along the lines of Dewey Decimal Classification that brings titles of a specific subject together and class relations as well. In this arrangement numerals precedes alphabets. When more than one entry falls under a specific subject, subsequent arrangement is made by alphabet.

- 5.1 Besides these, an entry number is assigned to each description which appears at the right-hand top corner of each main entry in bold type face. It is nothing but the most popular serial number intended for easy and direct reference to main entries through index.

6. Index:

An exhaustive index is provided at the end of main entries of 2007. It covers names of authors (including compilers, editors, translators, etc.), titles and subject headings along with *See* and *See also* references as contained in the description to all the entries.

- 6.1 The access point of each entry is the first word of occurrence other than that of a personal name. In the latter case the first word of surname is considered to be the access point if it does not fall under the religious categories as described under 3.35.
- 6.2 The arrangement of entries in the index is provided with word by word alphabetical sequence, but not purely alphabetical in the strict sense of the term e.g., Dasburma, Chandrasekhar has to follow Das, Swarnalata in the word by word alphabetical sequence.
- 6.3 For better reference and to suit to our local conditions, we have incorporated some more subject headings which were not available in the Sears List of Subject Headings such as, Jagannath cult and culture, Mahima dharma and literature, Panchasakha dharma and literature, Tribal language, literature and culture and so on, and have carefully gathered information under those headings. We have also made a special treatment for children in the Index. Materials of juvenile interest from A to Z have been brought together under the caption *Children's literature* in addition to their places of literary warrant.
- 6.4 Each word or statement in the Index refers to an entry number or numbers which is the serial number of main entries and can be located at ease.

- 6.5 At some places in the Index, a number(s) is seen directly attached to a personal name which refers to work or works about the person (i.e. biography)
e.g., Abhiram Paramhansa 2630, 4815
- 6.6 Works about a person such as biographies and criticisms, and by a person (which he / she has authored) are put together under the name of the person for better reference besides their places of literary warrant. In this case the word -biographyø and -criticismø are placed earlier in order following a mark of hyphen (-) while the name of the work / works by the person is placed later in order in its normal position e.g.,

Aurobindo, Sri
- Biography 4798
- Criticism 5121
Savitri 4060

7. How to use:

The work has been designed as to provide a simpler way for everymanø use. To find an entry of which the author (including compiler, editor, translator, etc.), title or specific subject is known, one has to first search through the alphabetical index. When available such an item in the index, it can be found with some number or numbers attached to it which directs to entry number of main entries appearing at right-hand top corner of each entry in bold type face and arranged in serial order starting from 15536 to 17607 nos. Thus, instantly an entry in the main entry part can be located where elaborate description about the work searched for is available.

ODISHA STATE BIBLIOGRAPHY

An attempt has been made with publication of this seventh official volume of “Odisha State Bibliography” to lay bare the total output of recorded knowledge and culture, the State of Odisha has generated so far during 2007. For compilation of this bibliography, data have been collected from the ‘Depository Section’ of HKM State Library that serves as the State Repository of books published in Odisha by receiving two copies each of titles printed / published in Odisha from the concerned printers / publishers / authors under provision of the Press and Registration of Books Act, 1867.

It has been sincerely attempted to make this work technically sound with provisions of assigning subject headings and Dewey Decimal Classification number to each bibliographic entry as intended for the Librarians of Rural Libraries to find ready-made cataloguing data along with classification number for each book they receive under the Book Assistance Scheme of Raja Rammohun Roy Library Foundation. Thus, this bibliography, inter alia, will help as an indispensable tool for Rural Libraries of Odisha.

An exhaustive alphabetical index has also been provided for easy and quick search of the entries via author, title and subject/keywords. The work has been so meticulously designed that a layman would be able to find out at ease the total publication of books in Odisha in a given year, by and about a given author and on a given subject.

As it is a work of many hands, human error is inevitable, but we have tried our level best to overcome errors to the most possible extent. We also invite suggestions from users for necessary modifications / corrections if any which shall be taken up in subsequent editions.

Thus, besides researchers, this work would be of immense help to the scholars, bibliophiles, librarians, publishers, booksellers, and book selectors who will find it handy and useful.

VOL - 1 (1995-1997)	Y.P. - 2004	₹200/-
