Strategic Initiatives

Strategic Initiative Title	Strategic Initiative Description	Proposed Completion Date
Driver/Company Service/Customer Service/Account Management (3 Strategic Initiative records)		
Create an internal Racial Equity committee and industry recommendations	In FY23, DFHV will develop an internal racial equity committee. This committee will examine historical discrimination against Black residents and people of color by the for-hire industry. DFHV will create multi-year recommendations based on findings that address training, public outreach, performance/data, and budgeting.	09-30-2023
Transport DC Customer Portal	DFHV will create an online portal where Transport DC customers can view their own trip histories, see their monthly trip counts, and submit inquiries to program staff. The portal will improve eligible residents' experience of Transport DC by providing a new and easy way to review their program participation and see how close they are to hitting their monthly trip caps. Currently, program participants can review their remaining trip counts by calling into the Transport DC phone line, but they cannot review the details of their completed trips.	09-30-2023
Passenger Prediction Map for Taxi Drivers	DFHV will launch a map that predicts unmet passenger demand for taxis throughout DC. The map will use DFHV's abundance of historical trip data to show hotspots for each day of the week and each hour of the day. The map will also use live data to show the number of taxis waiting in line and the average wait times for taxi drivers at popular taxi stands such as Union Station and National Airport. The map will improve taxi drivers' economic opportunities by using live and historical data to help connect taxi drivers with residents and visitors wanting rides.	09-30-2023
Outreach/Marketing (1 Strategic Initiative)		
Taxi Driver Workforce Recruitment	In FY23, DFHV will increase the number of available drivers by conducting outreach to workforce-related organizations and reducing financial barriers to becoming a new driver.	09-30-2023
Transportation Pilots and Programs/Technology Innovations (2 Strategic Initiative records)		
Enhance WAV Support for District residents	In FY23, DFHV will develop a WAV Taxicab Vehicle Maintenance Subsidy program for independent drivers and taxicab companies alike. This initiative will help support WAV community by alleviating some of the high costs of maintaining WAV vehicles and continue encouraging WAV trips.	09-30-2023
Launch Taxi Driver Safety Award Program	In FY23, DFHV will develop a list of criteria to offer safe driving incentives to drivers. This initiative supports Vision Zero and encourages safe driving in the taxi community. Drivers will have two opportunities to qualify for award eligibility.	09-30-2023
