3:15 – 3:45pm	<ol style="list-style-type: none"> <li>3. Review SHPA Report Draft</li> </ol> <p>We reviewed the first draft of the report, which is currently 70 pages and on google docs. Maya asked that folks use the “suggesting” edits only for copy-editing changes and the comments section for other types of suggestions, like location of a paragraph in the report or addition of a statistic/explanation here. We spent some time discussing:</p> <ul style="list-style-type: none"> <li>• Adding some history/background of street harassment</li> <li>• Adding history on the creation of and advocacy behind SHPA</li> <li>• Giving a number estimate for government employees to go through the Train-the-Trainer</li> <li>• Evaluating the use of skills learned from the BISA workshops (perhaps in FY 2024?)</li> <li>• Programming an automatic follow-up (maybe six months?) to those who took the online training</li> <li>• Separating out the public trainings from the government trainings</li> <li>• Making the BISA trainings optional, instead of mandatory, for ANC commissioners since they are volunteers</li> </ul>

	<ul style="list-style-type: none"> <li>• Future potential uses of the reporting data to be used for environmental changes (ie: more streetlights in a heavily reported area)</li> <li>• Ensure the reporting mechanism to ask location of street harassment incident and the presence and/or action of any bystanders</li> </ul>
3:45 – 3:55pm	<p>4. Spring Public Awareness Plan</p> <p>While working on the report, OHR is also thinking about the next public awareness campaign. It will most likely not be bus ads again, but something that's more interactive, more in-person, and more community art based. The timeline for the FY 2020 campaign to launch is late spring/early summer. There is already an existing public awareness subcommittee, but if you would like to be involved, please join the public awareness subcommittee – we welcome more voices!</p>
