## Executive Summary

The US Department of Education (USED) requires the Office of the State Superintendent of Education (OSSE) to collect various metrics related to faculty and staff employed in the District of Columbia educational system for federal reporting. This includes information for **every direct hire or contractor who is part of the local education agency's (LEA's) regular operations as of Oct. 7, 2024**. OSSE defines "regular operations" as "day-to-day academic, administrative, student support, maintenance, security, and other activities necessary for the school to function." OSSE also uses these data to provide DC's education community with educator workforce data and targeted support. Some uses for these data include:

- A. **EdFacts Reports:** OSSE is required to submit [EDFacts](#) reports to USED. EDFacts is the USED "initiative to collect, analyze, report on, and promote the use of high-quality data."
- B. **Federal Teacher Shortage Areas Report:** OSSE is required to submit data to USED to comply with the requirements of the following [federal programs](#):
  - a. Family Federal Education Loan (FFEL) and Federal Supplemental Loans for Students (SLS) programs (34 CFR 682.210(q));
  - b. Federal Perkins Loan Program (34 CFR 674.53(c)); and
  - c. Teacher Education Assistance for College and Higher Education (TEACH) Grant Program (34 CFR 686).
- C. **DC School Report Card:** Federal and local statutes, including the Every Student Succeeds Act (ESSA), require OSSE to publish state and local report cards. The [DC School Report Card](#) gives families access to information on all public schools in the District of Columbia.
- D. **Equitable Access to Excellent Educators Calculations:** ESSA requires state education agencies (SEAs) and LEAs to address any teacher equity gaps that are identified, [ESSA § 1111\(g\) and § 1112\(b\)\(2\)](#).
- E. **OSSE Public Reporting:** OSSE provides DC schools, families, government officials, and other community members with comprehensive educator workforce data to support data-driven decision-making. Public reporting includes the following:
  - a. [Educator Talent and Equity Dashboard Data](#)
  - b. [Educator Workforce Reports](#)
  - c. [DC School Report Card](#)

Further, DC Code § 38-2609(c)(2)(A) gives OSSE the authority to collect "necessary data pertaining to students, teachers, and school levels [which] shall be submitted to the OSSE for the purpose of constructing, updating, or maintaining the education data warehouse (EDW) system." In addition, DC Code § 38-2609(c)(2)(B) states, "the requested data shall be submitted within a reasonable time, as determined by the OSSE, following a request, and in a standardized format to be established by the OSSE."

This policy guide contains information related to business rules for LEA data submissions to the 2024 Faculty and Staff Data Collection. For more information on how to use the application, please reference the **2024-25 Faculty and Staff Data Collection Application User Guide**.

## Data Collection Timeline

Each LEA will receive its previously submitted staff data in the Faculty and Staff Collection Application. It is the responsibility of the LEA to review the data in the [Faculty and Staff Collection Application](#) and make updates to reflect the 2024-25 school year roster.

Action	Date
Application Release [Receive SY2024-25 data]	Monday, Sept. 23, 2024
Last day to submit tickets via <a href="#">OSSE Support Tool (OST)</a>	Friday, Oct. 18, 2024
Last day to upload data via template [Import button removed]	Monday, Oct. 28, 2024 [5 p.m.]
LEAs manually edit entries in the application	Tuesday, Oct. 29 to Thursday, Oct. 31 [5 p.m.]
Due Date [Application becomes read-only]	Thursday, Oct. 31, 2024 [5 p.m.]
Certification Day	Friday, Nov. 1, 2024 [9 a.m. to 5 p.m.]
Appeals Window	Monday, Nov. 4 to Tuesday, Nov. 12, 2024

Please note: The earliest an LEA can submit its final roster is Monday, Oct. 7, 2024.

### **Certification Day**

LEA Heads of School must certify the data submitted are correct on **Friday, Nov. 1, 2024, by 5 p.m.** The application will provide a checkbox at the bottom of the Summary Page on Certification Day. Only LEA staff assigned the “Head of School” POC role in the All Staff Data Collection in the [Integrated Data Submission \(IDS\) tool](#) can certify data. **It is recommended that LEAs identify and designate two staff members as Heads of School in the FSDC application to ensure certification occurs by the deadline.** More information can be found in the [2024 Certification Guidance](#).

For a full list of data collection errors that will prevent the LEA from certifying or uploading data, please refer to Appendix C: Data Errors and Anomalies in the [Faculty and Staff Application User Guide](#).

### **Post-Collection Appeals**

LEAs may appeal for two reasons: 1) to request more time to complete their data collection and 2) to fix data that was erroneously certified as correct. OSSE accepts LEA appeals for up to three days of additional time between Monday, Nov. 4, and Tuesday, Nov. 12, 2024. In the event an LEA would like to appeal during the appeals window, the LEA must email a letter addressed to Interim Superintendent Antoinette S. Mitchell, Ph.D. ([osse.superintendent@dc.gov](mailto:osse.superintendent@dc.gov)) requesting to appeal and outlining reasons why they want to do so by **Tuesday, Nov. 12**. The LEA should copy Elizabeth Ross, Assistant Superintendent of Teaching and Learning ([Elizabeth.Ross@dc.gov](mailto:Elizabeth.Ross@dc.gov)), and [fsdatacollection@dc.gov](mailto:fsdatacollection@dc.gov).

## Training and Support

OSSE will provide training on the Faculty and Staff Collection Application and changes to data elements:

- **Faculty and Staff Data Collection Elements and Tool Webinars:**
    - Tuesday, Sept. 10 – 3-4:30 p.m. (New Data Managers\*)
    - Tuesday, Sept. 17 – 10-11:30 a.m.
    - Tuesday, Oct. 1 – 3-4:30 p.m.
- \*Returning data managers may attend if they will find it useful

LEAs may register to attend training [here](#). LEAs will also have the opportunity to submit tickets through the [OSSE Support Tool](#) during the collection window.

OSSE staff will also offer virtual office hour sessions for LEAs who need live support during the collection. OSSE will communicate more information about these office hours to LEA data managers.

## Key Reminders

Every District of Columbia LEA must complete the Faculty and Staff Data Collection each year. Below is a summary of key reminders for the 2024-25 school year.

1. Each LEA must submit its 2024-25 faculty and staff data through the [Faculty and Staff Data Collection Application](#).
2. The [Faculty and Staff Data Collection Application](#) will include pre-populated demographic information (as of Sept. 23, 2024) from the All Staff application.
3. LEAs must certify their faculty and staff data through the application on Friday, November 1, 2024, by 5 p.m. For a full list of data collection errors that will prevent the LEA from certifying or uploading data, please refer to Appendix C: Data Errors and Anomalies in the [Faculty and Staff Application User Guide](#).
4. LEAs must submit the last four digits of every staff member's Social Security Number; the system will reject the submission if any required value is missing.
5. Some dropdowns have changed from the 2023-24 school year; please review [Appendix A: 2024-25 School Year Faculty and Staff Data Collection Dropdowns](#), as the system will reject the LEA's submission if non-allowable values are submitted.
6. **ALL** teachers included in last year's Faculty and Staff Data Collection – including those no longer at the LEA – must be included in the current year's collection so OSSE can track evaluation ratings from the end of the previous school year.

## Frequently Asked Questions

- **Who is the point of contact at OSSE if an LEA has issues that cannot be resolved using the information provided in [OSSE's guidance documents](#)?** LEAs should reach out to their assigned [LEA Data Liaison](#) for support. If your data liaison is unavailable, please contact [Fdatacollection@dc.gov](mailto:Fdatacollection@dc.gov).
- **In what scenarios should LEAs submit tickets to the [OSSE Support Tool \(OST\)](#)?** LEAs should

submit tickets to the OSSE Support Tool if there are issues with the Faculty and Staff Collection Application's functionalities before Friday, Oct. 18, 2024. LEAs should direct questions about business rules to OSSE staff.

- **What happens if a Head of School cannot certify data on the certification date?** OSSE recommends LEAs have more than one person assigned the Head of School role in the All Staff Data Collection in the [Integrated Data Submission \(IDS\) tool](#) in case of an emergency. Only individuals with a "Head of School" POC designation can certify an LEA's data. LEAs that do not certify data on time must submit an appeal to Interim Superintendent Mitchell and Assistant Superintendent Ross to receive an extension (see *Post-Collection Appeals* on page 3).
- **What happens if the application prevents an LEA from certifying their data on Certification Day because errors preventing certification have not been resolved?** In this scenario, LEAs must appeal to correct their data submission. In the event an LEA needs to appeal for more during the appeals window, the LEA must write a letter addressed to Interim Superintendent Mitchell requesting to appeal and outlining reasons why they want to do so by **Tuesday, Nov. 12**. The LEA should email the letter to [osse.superintendent@dc.gov](mailto:osse.superintendent@dc.gov) and copy Elizabeth Ross, Assistant Superintendent of Teaching and Learning ([Elizabeth.Ross@dc.gov](mailto:Elizabeth.Ross@dc.gov)), and [fsdatacollection@dc.gov](mailto:fsdatacollection@dc.gov). For more information on data errors that prevent certification and suggested next steps, please visit Appendix C: Data Errors and Anomalies in the [Faculty and Staff Application User Guide](#).
- **What should happen if an LEA discovers errors in a data submission after the appeals window ends?** LEAs should contact OSSE as soon as possible, and OSSE staff will determine next steps. Please contact [fsdatacollection@dc.gov](mailto:fsdatacollection@dc.gov).

## Which Faculty and Staff should be included?

Each LEA must report teaching vacancies and staff roster information for all instructional, administrative, and support staff in the LEA and its schools. Teaching vacancy and staff roster information must include information on positions filled by **direct hire or contracting that can be considered part of the LEA's regular operations**. OSSE defines "regular operations" as "day-to-day academic, administrative, student support, maintenance, security, and other activities necessary for the school to function." The data reported to OSSE under this collection must represent each LEA's faculty and staff roster and teaching vacancies as of **Oct. 7, 2024**.

LEAs are required to report data on the following faculty and staff:

- All instructional, administrative, and support staff in LEAs and schools filled by direct hire or by contracting;
- Long-term substitute teachers employed for four weeks or longer;
- Contract staff who contract directly with the LEA or school and are considered part of regular operations. Examples include:
  - Bus drivers (if buses are used regularly);
  - School nurses;

- Related service providers (e.g., audiologists, social workers, school psychologists, physical therapists, occupational therapists); and
- Staff employed by another entity contracted to provide work that can be considered part of the LEA's regular operations. Examples include:
  - Related service providers;
  - School security personnel provided by a private firm;
  - School Resource Officers (SROs); and
  - Charter school teachers who are employees of a charter school operator.

## Which Faculty and Staff should be excluded?

LEAs should not report staff hired after **Oct. 7, 2024**, or any staff not part of the LEA's regular operations.

For example:

- Student teachers (unless the position is part of the LEA's regular operation);
- Short-term substitutes employed fewer than four weeks in the same position;
- Contract employees who provide a non-regular service. Examples include:
  - Staff working for a firm hired to refurbish a school building (e.g., carpenters, electricians),
  - Contract staff hired under contract with a food service firm (e.g., cooks and truck drivers who prepare and deliver meals once a week).

## How is this connected to the All Staff Data Collection?

The Faculty and Staff Application will pre-populate with last year's data submission. Before pre-population, that data will be automatically updated with current staff roster data from the All Staff Data Collection in the IDS tool, which is open for submissions all year. The All Staff Application will update the following data points:

- Federal Role
- Local Staff ID
- First Name
- Last Name
- Middle Name
- Alias or Maiden Name
- Social Security Number (SSN) (Last four digits)
- Date of Birth (DOB)
- Gender
- Race
- Ethnicity
- Returning Status (new employees and teachers who left the local education agency [LEA] or transferred out of teacher position)
- Leave Date (teachers only)

This will create new records in the Faculty and Staff Application for new (SY2024-25) staff included in the All Staff Application as of **Sept. 23, 2024**. It will also update records for returning staff. Given that the

prepopulated data is last updated Sept. 23 but the collection is an audit as of Oct. 7, updates should be made to reflect staffing as of **Oct. 7, 2024**.

Aside from teachers, Staff identified as Leavers will not be included in the pre-populated roster. **Teacher Leavers still need their performance ratings for the previous year filled in.**

## Frequently Asked Questions

- **What happens if there is a discrepancy between All Staff data and last year's Faculty and Staff Collection data?**

If there is a discrepancy between All Staff data and last year's Faculty and Staff Collection data in the data fields noted on page 6 for returning staff, All Staff data will be used as it is the latest data.

- **What happens if a staff member is accidentally excluded from the All Staff Collection?** In a scenario where a Unique Faculty and Staff Identifier (UFSI) is found in the Faculty and Staff roster but not in All Staff data, the record from the Faculty and Staff roster will be added to the pre-populated roster to identify the status of the staff member that the LEA certified last year.
- **Why are the Key Performance Indicators (KPIs) on the summary tab of the application missing staff when an LEA first logs in?**

The KPIs in the Summary tab of the Faculty and Staff Application only reflect records in the roster that have a UFSI, Returning Status, and FTE > 0. Since returning status is only pre-populated for new employees and teachers who left the LEA or transferred out of teacher positions, the Summary tab KPIs will only reflect those records upon first login. These KPIs will update as Returning Status and FTE are updated for more staff members.

## How is the collection template organized?

The template is broken down into separate worksheets based on the following role types:

- Vacancy;
- Teachers;
- Paraprofessionals, Administrators, and Related Service Providers; and
- All other staff.

It is important to note that if a faculty or staff member holds multiple roles within the LEA that fall into different federal roles, the LEA should report the staff member in multiple collection templates. For example, a faculty/staff member who is a teacher and special education related service provider should be reported separately in both the “Teacher” and “PP, Admin, and RSPs” sheets. The chart below summarizes the collection templates and the federal roles found in each.

Collection Template	Federal Role
Vacancy and Teacher	<ul style="list-style-type: none"> <li>• Teacher, Adult</li> <li>• Teacher, Elementary (grades 1-6)</li> <li>• Teacher, Kindergarten</li> <li>• Teacher, Pre-School and Pre-Kindergarten (grades preschool and pre-K)</li> <li>• Teacher, Secondary (grades 7-12)</li> </ul>
School Administrators/ Related Service Providers/ Special Education Paraprofessionals	<ul style="list-style-type: none"> <li>• Paraprofessional - Special Education</li> <li>• School Administrator - Principal/School Leader (designate ONE per school)</li> <li>• School Administrator - Other</li> <li>• Special Education Support Staff, Audiologist</li> <li>• Special Education Support Staff, Counselor/Rehabilitation Counselor</li> <li>• Special Education Support Staff, Interpreter</li> <li>• Special Education Support Staff, Medical/Nursing</li> <li>• Special Education Support Staff, Occupational Therapist</li> <li>• Special Education Support Staff, Orientation and Mobility Specialist</li> <li>• Special Education Support Staff, Physical Therapist</li> <li>• Special Education Support Staff, Psychologist</li> <li>• Special Education Support Staff, Recreation and Therapeutic Recreation Specialist</li> <li>• Special Education Support Staff, Social Worker</li> <li>• Special Education Support Staff, Speech Language Pathologist</li> </ul>

Collection Template	Federal Role
All Other Staff	<ul style="list-style-type: none"> <li>• Paraprofessional – General Education</li> <li>• Librarian/Media Specialist</li> <li>• Library/Media Support Staff</li> <li>• School Counselors/Directors, Secondary (Grades 7-12)</li> <li>• School Counselors/Directors, Elementary (preschool-Grade 6)</li> <li>• LEA Administrator</li> <li>• Instructional Coordinator and Supervisor</li> <li>• LEA Administrative Support Staff</li> <li>• School Administrative Support Staff</li> <li>• School Counselors/Directors</li> <li>• Student Support Staff</li> <li>• Other Support Staff</li> <li>• School Social Workers, Not Special Education Specific</li> <li>• School Psychologists, Not Special Education Specific</li> <li>• School Nurses, Not Special Education Specific</li> <li>• Speech Language Pathologists, Not Special Education Specific</li> </ul>

The following sections of the Policy Guide mirror the corresponding sections in the data collection templates. These sections include a brief narrative of the section, data elements, and frequently asked questions. Please refer to [Appendix A: 2024-25 School Year Faculty and Staff Data Collection Dropdowns](#) for the list of permitted values.

## Staff Member Identifiers and Demographic Information

The Staff Member Identifiers and Demographic Information section will be pre-populated with data from the All Staff application this year. **Data managers should verify the data are correct and update both applications if there are errors.** The data are required for **every staff member (permanent hire or contractor)** that can be considered part of the LEA’s **regular operations** as of **Oct. 7, 2024**, regardless of the staff member’s role in the LEA.

Metric	Description/Special Considerations
Last Name	The legal last name of the faculty or staff member.
First Name	The legal first name of the faculty or staff member.
Middle Name	The legal middle name of the faculty or staff member.
Alias or Maiden Name	Any alternate or maiden name of the faculty or staff member. Any additional names or previous names that the faculty or staff member may have had.
SSN	The last four digits of the faculty or staff member’s Social Security Number (SSN) or the last four digits of the staff member’s Individual Taxpayer Identification Number (ITIN).
Local Staff ID	The ID assigned to the faculty or staff member by your internal system.
Date of Birth	The month, day, and year the faculty or staff member was born.
Gender	A coded value representing the faculty or staff member’s reported gender.

Metric	Description/Special Considerations
Race	The reported race/ethnicity of the faculty or staff member.
Ethnicity	The reported ethnicity of the faculty or staff member.

## Frequently Asked Questions

- **Is the LEA required to submit demographic information for the contracted related service providers?** Yes, if the LEA receives funding under the Individuals with Disabilities Education Act (IDEA), the LEA is required to provide the contractor’s full name, date of birth, and the last four digits of SSN. OSSE understands that it may be more difficult to gather these data than other faculty and staff data. However, these data are federally required and must be submitted by all LEAs. Accordingly, OSSE recommends that as LEA Special Education Directors develop agreements with contractors/vendors who may be providing these services, the agreement should explicitly require these data be provided to the appropriate person at the LEA or school.
- **Is an LEA required to submit demographic information for staff that work at schools outside of its LEA?** LEAs are required to submit demographic information for individuals employed by the LEA who work at other LEAs in the district. During data validation, the LEAs are required to work together as the data will appear on the report cards for the LEA/school for which the staff member provides direct services to students.
- **Are the last four digits of a staff member’s SSN (or ITIN) and date of birth required fields?** Yes, these metrics are required. OSSE requires each staff member’s full name, date of birth, and last four digits of SSN (or ITIN) in order to create the USFI to link data across school years. If any of these data are missing, an LEA will not be able to certify its data.
- **What can an LEA do if Microsoft Excel rejects the first zero of an employee’s SSN?** If Excel drops the first zero of the employee’s SSN, please select the cells in Excel, select “format cells” and change the format of the cell to text.
- **Will the record be rejected if the staff member does not have an SSN or the last four digits of the staff member’s ITIN?** Yes, the system will not accept any record without the last four digits of a staff member's SSN or the last four digits of the staff member’s ITIN.
- **Can an LEA select multiple races/ethnicities for a staff member?** No, OSSE requires LEAs to select one of the following federal race categories:
  - American Indian/Alaskan Native
  - Asian
  - Black/African American
  - Two or More Races
  - Pacific Islander/Native Hawaiian
  - White/Caucasian
  - Other
  - Unknown

If a staff member has multiple races, then an LEA should select the “Two or more races” category.

- **How should an LEA indicate if a staff member identifies as Hispanic?** To align with its [student data collection](#), OSSE has added an ethnicity field. If a staff member is Hispanic/Latino, then an LEA would select “Hispanic/Latino” for the ethnicity field.
- **Should student teachers be included in this data collection?** Student teachers should be excluded from this data collection unless they have been hired by the LEA or are contracted to fill a position that is part of the LEA’s regular operation. If they are hired to regularly teach a class, they should be coded as a teacher, but if they are primarily supporting classes— even if they will lead them at times – LEAs should code them as “Paraprofessionals.”
- **Should substitute teachers be included in this data collection?** Long-term substitute teachers, where “long-term” is defined as any substitute who is serving four weeks or longer in the same position, as of Oct. 7, 2024, should be included in this data collection. Consistent with federal definitions, long-term substitutes should be categorized as “Student Support Staff.” Short-term substitutes (serving fewer than four weeks) should be excluded from this data collection.
- **Why does OSSE ask for a Local Staff ID?** The Local Staff ID data element is optional; however, providing the Local Staff ID will help OSSE uniquely identify staff members and may make it easier for an LEA to match employee data in future data collection templates.
- **Why is the date of birth a required data element?** The date of birth data element helps OSSE generate the UFSI. Please note that if this data element is missing, an LEA will be unable to certify its data.

## Returning Status

OSSE will roll over all the faculty and staff data from the 2023-24 school year to the 2024-25 school year application. In the Returning Status section, LEAs will indicate the returning status of every staff member at their LEA, regardless of role type.

*Staff members identified as Leavers are not included in the pre-populated roster from the All Staff collection, with the exception of teachers. A staff member with a teacher federal role who has left the LEA shall be pre-populated in the Faculty and Staff app as a Leaver-LEA to allow LEAs to provide performance ratings.*

Metric	Description/Special Considerations
Returning Employee	The staff member's returning status.
Leave Date	The employee’s last day of employment at the LEA. <b>This metric is only required for staff members whose returning status is “Leaver.”</b>

## Frequently Asked Questions

- **What if an LEA’s first operating year is the 2024-25 school year?** If your LEA is newly opened in the 2024-25 school year, report every employee as a “New Employee.”

- **How should an LEA handle staff who have not left the LEA, but have transferred to a new federal role, school, or subject?** If an employee transferred to a new school, federal role, or subject inside the same LEA, include records for their old and new roles and list both as “Transfer - New School/Federal Role/Subject.” The old role(s) should receive an FTE of 0, given that they no longer work in the role, and the new role(s) should be given an FTE to reflect their current status.
- **What if an employee now has more roles than they did last year?** Include records for their old and new roles and list both as “Transfer - New School/Federal Role/Subject.” The old role(s) and the new role(s) should be given an FTE to reflect the proportion of a full work week they now spend in each.
- **What if an employee has fewer roles than they did last year?** Include records for all roles held last year and list both as “Transfer - New School/Federal Role/Subject.” Give an FTE of 0 for the role they no longer hold.
- **What if an employee works part-time at two different schools inside the LEA?** If a staff member serves multiple schools, report each school the staff member serves along with the portion of time the staff member serves each respective school. This should be denoted using separate rows for each school served.
- **How should an LEA report that an employee decreased their hours?** If an employee transferred to work part-time at a different school inside the same LEA, report the employee as “Transfer- New School/Federal Role/Subject.” If the employee reduced their hours at the same school as the previous year, report the employee as “Returned.”
- **What if an employee worked at two schools last year, but only one school this year within the same LEA?** In the row that includes the role that the employee is returning, mark the employee as a “Returner” and adjust the FTE percentage accordingly. In the row of the role the employee left, mark the employee as a “Transfer- New School/ Federal Role/ Subject,” and change the FTE percentage to 0. If the employee left a teaching position, include the Previous School Year Below Effective Evaluation Rating.
- **What if the employee left the LEA after the audit date, Oct. 7, 2024?** The data reported in this collection should only represent the LEA’s faculty and staff roster as of Oct. 7, 2024. If the employee was employed at the LEA on Oct. 7, 2024, indicate the returning status as of that date.
- **What if an employee worked during the last year but started on or after Oct. 5, 2023?** This employee should be labeled a “New Employee.”
- **What if an employee started after Oct. 5, 2023, meaning they were not in last year’s submission, but left the LEA before Oct. 7, 2024?** This employee should not be included in the collection.

## LEA and School Information

The LEA and School Information section includes basic identifying information about the LEA and school in which the faculty or staff member serves regardless of the staff member’s role.

Metric	Description/Special Considerations
LEA Name	This field should have the name of the LEA the staff member serves.
LEA Code	The unique OSSE-assigned identifier for the LEA the staff member serves.
School Name	The name of the school that the staff member serves.
School Code	The unique OSSE-assigned identifier for the school the staff member serves.

### Frequently Asked Questions

- **What if a staff member works at the LEA level in the central office?** If a staff member works at the main office, report “Not Applicable” for the School Name and leave the School Code blank.
- **What if a teacher teaches an online class and does not attend a physical school building?** If a staff member teaches an online class, report the school code associated with that online class. All teachers must be assigned to a school.
- **What if a staff member serves multiple schools?** If a staff member serves multiple schools, report each school and the portion of time the staff member serves each respective school. This should be denoted using separate rows for each school served.

## Role and FTE Percentage

The Role and FTE Percentage section includes information on the staff member’s title, federal role, and FTE percentage, regardless of the role the staff member serves. LEAs should use the employee’s title to determine which federal role is appropriate. Each staff member’s title falls within a federal role category. Use the [Definitions of Federal Roles](#) document as a reference.

Metric	Description/Special Considerations
Staff Member's Title	The employee's title is as per the LEA.
Federal Role	The employee's federal role is as per the <a href="#">Definitions of Federal Roles</a> document.
Full-time employment (FTE) Percentage	The amount of time the staff member spends in the performance of a role.

### Frequently Asked Questions

- **Who should be classified as a teacher?** A teacher is defined as a school-based employee who instructs any core or non-core academic subject. Examples include general or special education teachers instructing students in the “core” subject areas of English language arts, math,

science, and social studies, as well as non-core subjects such as arts, world languages, and physical education. LEAs should not include student support professionals in their reporting of teachers (e.g., speech therapists or social workers, counselors, librarians, coaches, principals, special education coordinators, program coordinators, deans, office staff, custodians, or any other non-instructional personnel).

- **How is the FTE percentage reported?** The FTE percentage is reported as a number. Report a staff member who works full-time as 1.0. Report a staff member who works half-time as 0.5. The majority of staff will be reported between 0.1 and 1.0. If a staff member regularly works overtime, that staff member's FTE percentage will exceed 1.0.
- **What if a staff member serves multiple roles?** Report each role the staff member serves using a separate row in the corresponding template. The FTE percentage in each row should represent the percentage of time the staff member spends carrying out that unique role but should not exceed 1.0 (or 1.2 for employees who regularly work overtime).
- **How should the LEA divide an employee's time between two different roles?** Divide an employee's time based on the contact time spent in each role. For example, in the case of a teacher who works 3 hours out of a 6-hour workday as a pre-kindergarten teacher and 3 hours out of a 6-hour workday as a first grade teacher, the LEA would report the teacher's role as (a) "Teacher, Pre-Kindergarten" with an FTE percentage of 0.5; and (b) "Teacher, Elementary" with an FTE percentage of 0.5.
- **How should the LEA determine the elementary versus secondary teacher classification?** Classify a teacher who teaches grades 1-6 as an elementary teacher. Classify a teacher who teaches grades 7-12 as a secondary teacher. However, if a teacher works with fifth and seventh graders, an LEA should divide that teacher's time across the two federal roles. For example, if a teacher equally spends time with fifth, sixth, seventh, and eighth graders, include the teacher on two lines, with 0.5 FTEs for "Teacher, Elementary" based on the time spent with fifth and sixth graders and 0.5 FTEs for "Teacher, Secondary" based on the time spent with seventh and eighth graders.
- **How should the LEA report a special education teacher?** Report a special education teacher based on the grade level served (e.g., elementary teacher, secondary teacher). Their time should also be split between grade levels as noted above. Indicate that the staff member is a special education teacher in the "Special Education Teacher" column. Also, designate "Special Education" as the subject in the Years of Teaching Experience section of the data collection template and complete the "Special Education: Percentage of Time and Grades Served" section.
- **What is the difference between special education and general education federal roles (ex., Paraprofessional – Special Education vs. Paraprofessional – General Education)?** Staff should be assigned special education federal roles if they work with students with disabilities and IDEA funds are used to fund it. LEAs that do not serve students with disabilities under IDEA and, therefore, do not receive IDEA funds are not expected to report special education staff (i.e., teachers, special education paraprofessionals, and related service providers).
- **How should the LEA report administrators and administrative support staff in an LEA that consists of a single school?** If your LEA consists of a single school and the LEA administrator is also the school administrator, report that staff member's FTE at the school level. In this case,

select the “School Administrator” role. The same is true for an LEA administrative support staff member who is also a school administrative support staff member. Report that staff member’s FTE at the school level.

For more information about federal roles, see the [2024 Federal Role Guidance](#).

## Special Education: Percentage of Time and Grades Served

The Special Education: Percentage of Time and Grades Served section includes information about the portion of time a staff member serves students with disabilities and the grade level of those students served. This section should be completed for:

- Teachers;
- Related Service Providers; and
- Special Education Paraprofessionals.

Metric	Description/Special Considerations
Special Education Teacher	The designation for a staff member who is a Special Education Teacher.
Special Education FTE	The amount of time the teacher, special education paraprofessional, or special education support staff (e.g., audiologist, psychologist) serves students with disabilities.
Special Education Grades Pre-K 3 to Pre-K 4 FTE	The amount of time a <b>special education paraprofessional</b> serves students with disabilities in grades pre-K 3 to pre-K 4. This is only for <b>paraprofessionals</b> . Schools that do not serve pre-K 3 to pre-K 4 students should include an “NA” for this metric.
Special Education Grade K to Age 21 FTE	The amount of time a <b>special education paraprofessional</b> serves students with disabilities between kindergarten to 21 years old. This is only for <b>paraprofessionals</b> . Schools that do not serve grades K to age 21 should include an “NA” for this metric.

## Frequently Asked Questions

- **Are adult LEAs expected to complete the Special Education: Percentage of Time and Grades Served section?** Yes. Every LEA, including adult LEAs, is expected to complete every template. The only exception to this expectation is for fields that request information for students outside of the age range served by that LEA.
- **What if a staff member serves students with disabilities exclusively?** If a staff member serves students with disabilities exclusively, report the special education percentage of time as 1.0.

- **Are there expectations for LEAs that do not receive IDEA funds?** LEAs that do not serve students with disabilities under IDEA are not expected to report special education staff (i.e., teachers, special education paraprofessionals, and related service providers).
- **What if a general education teacher has students with disabilities in the general education classroom?** Report the general education teacher's special education percentage of time as 0, as they are not exclusively serving students with disabilities. Please keep in mind that the FTE should be based on the purpose of the position. If a teacher is hired to be the special education inclusion teacher and focuses on students with disabilities, then their Special Education FTE would be 1.0. If a teacher is hired to be a general education teacher and focuses on all students, their Special Education FTE would be 0.
- **How should the LEA report staff who serve both special education and general education students?** If a staff member serves both special education and general education students, report the percentage of time the staff member serves students with disabilities under "Special Education Percentage of Time." For example, if a staff member is teaching four separate one-hour courses in a resource room for special education students and two 1-hour courses of general education with general education students, report the "Special Education Percentage of Time" as 0.67 (4/6 hours).
- **How should the LEA calculate a paraprofessional's total time spent serving students with disabilities by grade level in the "Special Education Grades Pre-K3 to Pre-K4 FTE" and "Special Education Grade K to Age 21 FTE" columns?** Consider the case of a paraprofessional who serves students with disabilities 4 hours out of a 6-hour workday. If the staff member spends 1 of those 4 hours serving students in grades pre-K 3, and 3 hours with students in grade K, the LEA would report 0.17 (1 hour/6 hours) percentage in the "Special Education Grades Pre-K 3 to Pre-K 4 Percentage" category and 0.50 (3 hours/6 hours) percentage in the "Special Education Grade K to 21 Percentage" category.
- **Will the sum of percentage of time in the "Special Education Grades Pre-K3 to Pre-K4 FTE" and "Special Education Grade K to Age 21 FTE" columns equal 1.0?** The sum percentage will only equal 1.0 if the paraprofessional serves students with disabilities exclusively and is a full-time staff member, the percentage of time serving students with disabilities grades pre-K 3 to pre-K 4 and grade K to age 21 will likely sum to 1.0.

## English Learner FTE

The English learner (EL) FTE section includes information about the portion of time a teacher teaches in a language instruction educational program specifically designed for ELs. This does not include general education courses with EL students present unless the teacher in question is in the course to assist ELs specifically. This section is only for teachers.

Metric	Description/Special Considerations
EL FTE	The amount of time the teacher serves in a language instruction education program designed for ELs. <b>This metric is only required for EL teachers.</b>

### Frequently Asked Questions

- How should the LEA report a staff member who serves both English learners and non-English learners?** If a teacher serves both EL and non-EL students, report the percentage of time the staff member serves ELs in a specific language instruction program under “EL FTE.” For example, if a staff member works 4 hours out of a 6-hour workday teaching English to ELs, and 2 hours out of a 6-hour workday teaching math to all students in a program not designed for ELs, report the “EL FTE” as 0.67 (4/6 hours). Please round to two decimal places.

## Dual Language Program Instruction

The dual language program instruction section includes information about a type of bilingual education in which students are taught in English and a partner language with the purpose that students develop bilingualism, biliteracy, and cultural competency through standards-based instruction in both languages.

Metric	Description/Special Considerations
Dual Language Program Teacher	The designation for a teacher who teaches in a dual language program. By definition, a teacher in a dual language program provides academic content in a partner language or in English.
Dual Language of Instruction	The language used to teach course curriculum to students. In dual language programs, teachers may provide instruction in English, a partner language, or both. The partner language is the language other than English in which students are attempting to achieve literacy.

### Frequently Asked Questions

- How does an LEA know if any of its schools are dual language schools?** A dual language school has a clear, defined dual language program across grades. The instruction in two languages is delivered by a professional teacher every day for at least 50 percent of the instructional time in a language other than English. Dual language instruction is not a world

language class, nor is it an afterschool program offering foreign language enrichment and support.

- **Who is a dual language program teacher?** A dual language program teacher is a professional educator delivering instruction to students who are developing bilingual and biliterate skills. An English-speaking teacher may deliver instruction to a group of bilingual students every day and collaborate with a bilingual teacher who delivers instruction in a language other than English. Both teachers are dual language teachers.
- **How should the LEA report teachers in bilingual programs?** If a teacher works in a bilingual program with ELs and is specifically teaching English, their time should be reported as an EL FTE. For example, if a teacher is teaching English language through a math class (content-based instruction or bilingual instruction), they should still be included with a 1.0 EL FTE.
- **What if a bilingual teacher is co-teaching with an English-only teacher?** Co-teaching in a dual language program may look like a teacher delivering instruction in English and a partner teacher delivering instruction in a language other than English. In this scenario, indicate yes on the dual language teacher column, and for the language of instruction, indicate “English” as the teacher is delivering 100 percent of instruction in English and the partner teacher is delivering 100 percent of instruction in a language other than English to one or more groups of bilingual students.
- **What if a bilingual teacher is a self-contained teacher delivering instruction in two languages?** A self-contained teacher is a bilingual teacher who delivers instruction to one group of students in two languages. In this scenario, the LEA must include this teacher in two rows, in one row, indicate the percentage of time the teacher is delivering instruction in English and the other row indicate the percentage of time the teacher is delivering the instruction in the other language.

## Certification and Credential Information

The Certification Information section includes information about a staff member’s qualification status and certifications. This section should be completed for:

- Teachers;
- Related Service Providers; and
- Special Education Paraprofessionals.

Even though local educator credentialing requirements vary by sector, OSSE is required by USED, Title III, and IDEA to report the number and percentage of staff working in DC schools who are certified.

### Licensure Requirements for Each Role:

- **Teachers (general and EL Teachers)**
  - **DC Public Schools (DCPS):** DCPS teachers are required to be certified. (5A DCMR §1601)
  - **Public Charter Schools:** Public charter LEAs may elect to require teachers to hold active educator credentials, but OSSE does not maintain this requirement for charter LEAs. (DC Code Ann. § 38-1802.04(c)(3))

- **Special Education Teachers**
  - **DCPS:** ESSA amended IDEA section 612(a)(14)(C) by incorporating the requirement previously in IDEA section 602(10)(B) that a person employed as a special education teacher in elementary school, middle school, or secondary school must:
    - Have obtained full certification as a special education teacher (including certification obtained through alternative routes to certification), or passed the state special education teacher licensing examination, and hold a license to teach in the state as a special education teacher;
    - Not had special education certification or licensure requirements waived on an emergency, temporary, or provisional basis; and
    - Hold at least a bachelor’s degree.
  - **Public charter Schools:** Special education teachers that work in a DC public charter school are required to hold at least a bachelor’s degree. (This does not mean the employee is certified; it simply means the employee is qualified to hold a position as a special education teacher.)
- **Related Service Providers**
  - IDEA requires OSSE to report whether the following special education support staff hold a license or certification in their field:
    - Audiologist;
    - Counselor/Rehabilitation Counselor;
    - Interpreter;
    - Medical/Nursing;
    - Occupational Therapist;
    - Orientation and Mobility Specialist;
    - Physical Therapist;
    - School Psychologist;
    - Recreation and Therapeutic Recreation Specialist;
    - Social Worker - OSSE school social worker; and
    - Speech Language Pathologist.
  - For information on whether an OSSE credential or license from DC Health is required for employment, please visit the [OSSE Licensure- School Service Provider Certification](#) and the [DC Health - Health professionals](#) webpage.

Metric	Description/Special Considerations
DC License or Certification Status	The indication for whether the staff member holds an active educator credential in DC for his/her current role. <b>This metric is required for teachers and related service providers.</b>
DC Special Education Certification Status	The indication for whether the teacher holds a Special Education teacher credential from OSSE. <b>This metric is only required for special education teachers.</b>

Metric	Description/Special Considerations
DC EL Certification Status	The indication for whether the teacher holds an English as a Second Language (ESL)/Teaching English to speakers of other languages credential or a bilingual credential from OSSE. <b>This metric is only required for EL teachers.</b>
License or Certification Field or Subject	The primary credential or certification field. May include more than one on the same line (i.e., English/Special Education). <b>This metric is required for teachers and related service providers.</b>
License or Certification Provider	The name of the provider that issued the credential or license. <b>This metric is required for related service providers.</b>
Passed PRAXIS Exam	The indication as to whether the special education paraprofessional passed the ETS PRAXIS ParaPro Assessment on or before Oct. 7, 2024. <b>This metric is required for special education paraprofessionals.</b>

### Frequently Asked Questions

- Why does OSSE need to collect teacher certification?** OSSE is required to federally report teacher credentialing information for IDEA and Title III for all LEAs that receive those funds, regardless of sector. If a charter LEA does not collect information on teacher credentialing, they may mark the individual as not certified. Following receipt of an LEAs data, OSSE will look up these individuals in the state educator credentialing database. If a staff member holds an active, OSSE educator credential, then OSSE will update the credential status for that individual. Charter LEAs will have an opportunity to review these data by viewing the certification anomalies reports in the collection module.
- How should the LEA report information for a staff member who has multiple, current licenses or credentials?** If a staff member has multiple current licenses or credentials, report information for each license or certification, separated by a forward slash. For example, in the case of a staff member who holds a Special Education, Administrative Services, and Biology credentials, the LEA should include the multiple licenses as “Special Education/Administrative/Biology.”
- What types of licenses does OSSE check for related service providers?** OSSE only checks for OSSE licenses in the “DC License or Certification Status” field.

**Why does OSSE need to collect licensure information if they already have a licensure database that confirms whether my submission is correct?** OSSE’s licensure database does not contain school or LEA assignments for teachers so these data are needed for federal reporting at the school and LEA levels.

## Years of Experience

The Years of Experience section includes information about a teacher’s or school administrator’s experience, the grades taught, the individual’s qualifications, and the LEA start date. This section should be completed for every staff member; however, every metric is not required for every individual.

Metric	Description/Special Considerations
Subject	The indication of the teacher’s subject area. <b>This metric is required for teachers and vacancies.</b>
In-Field	The indication of whether the teacher is in-field in the subject area they currently teach, based on OSSE’s definition: 1. Has a university degree in their field of teaching; 2. Has an active certification in their field of teaching; and/or 3. Has demonstrated at least one year of effective teaching in their field as measured by the LEA’s teacher evaluation system. <b>This metric is only required for teachers.</b>
Novice Teacher	The indication of whether the teacher has zero years of experience, or one year of experience and was found below effective in their first year of teaching. <b>This metric is only required for teachers.</b>
Principal Experience	The indication of the principal’s experience as a principal. <b>This metric is only required if the federal role is “School Administrator - Principal/School Leader.”</b>
Teacher Years of Teaching Experience	The years as a full-time teacher of record, not including the 2024-25 school year. <b>This metric is only required for teachers.</b>
Years of School Administrator Experience	The years as a full-time school administrator, not including the 2024-25 school year. <b>This metric is only required if the federal role is “School Administrator - Principal/School Leader” and “School Administrator-Other.”</b>
LEA Start Date	The month/day/year the employee started at the LEA. If the LEA only has the year, record the LEA Start Date as Sept. 1 of the specified year. For example, if the staff member just started, indicate Sept. 1, 2024. <b>This metric is required for every staff member regardless of role.</b>

## Frequently Asked Questions

- **What subject should LEAs assign to Pre-Kindergarten teachers?** LEAs should assign “Early Childhood” as the subject for all pre-Kindergarten teachers.
- **How should an LEA enter the LEA start date, if the LEA only collects the year?** If the LEA only has the year the staff member started, enter Sept. 1 of the specified school year. For example, if the staff member started in 2018 indicate Sept .1, 2018.

- **What if a teacher teaches in more than one subject area?** If a teacher serves in more than one subject area, the LEA should report the subject along with the corresponding FTE percentage on a separate row.
- **Which subject should the LEA select for a special education inclusion teacher?** Indicate “yes” for Special Education Teacher and select “Special Education” as the subject for all special education teachers—both inclusion and self-contained.
- **How should the LEA record the years of teaching experience?** Record the years of teaching experience as a whole number, excluding the current year. If a teacher taught four and a half years prior to the start of the 2024-25 school year, report four years of teaching experience. Please note, for pre-populated data OSSE has already adjusted the values.
- **How should the LEA record less than one full year of teaching experience?** Report zero years of teaching experience for a teacher who has taught less than one full year. For example, if a teacher started teaching in December 2023, report zero years of teaching experience for that teacher because they have not yet taught a full year as of Oct. 7, 2024.
- **How should the LEA determine if a teacher is “In-Field?”** To determine if a teacher is “In-field,” check if they meet ANY ONE of these three criteria:
  - They were rated as “Effective” or “Highly Effective” in the same subject they are currently teaching in any previous school year.
  - They have a degree in a field related to the subject they are teaching. For example, if a high school social studies teacher has a B.A. in History, they would be considered “In-Field.”
  - They have an active educator credential or certification in the subject that they are teaching. (For charter schools, the educator credential could be in or out of state.)

## Education and Preparation

The Education and Preparation section includes information about a staff member’s educational history. This section should be completed for:

- Teachers;
- Related Service Providers; and
- Special Education Paraprofessionals.

Metric	Description/Special Considerations
Highest Education Attained	The type of degree the staff member received.
Highest Degree Field/Major	The field/major in which the staff member received this degree. If staff has multiple fields, include both on same line (i.e., Math/Science).

## Frequently Asked Questions

- **Should the LEA include information for each degree earned or just the highest degree earned?** The LEA should report education information on the highest level of education

attained.

- **How should the LEA report education information for staff members who have multiple degrees at the same level?** If a staff member has multiple degrees at the same level, report information for each degree, separated by a forward slash. For example, suppose a staff member has earned two bachelor’s degrees in different fields. Report the bachelor’s degree Field/Major for the staff member as “Major 1/Major 2.”

## Performance Ratings

The Performance Ratings section includes information about the teacher’s performance rating from the previous school year. This section should be completed for:

- Teachers (returners and leavers)

Most LEAs in DC evaluate teachers using a four-tier evaluation system. Below is an example of how an LEA can aggregate evaluation ratings on a four-tier system into the “effective/ineffective” categories required for OSSE reporting.

Metric	Description/Special Considerations
Previous School Year Below Effective Evaluation Rating	The indication for whether the teacher earned an evaluation rating below “Effective” on the LEA’s evaluation system for the previous school year. For example, mark “Below Effective” if the person was rated partially effective, minimally effective, not effective, or any other rating below effective.

LEA scale	Description	Previous School Year Below Effective Evaluation Rating Selection
Ineffective	Teachers who do not show effectiveness in any area. This is the lowest rating for teachers. Other common terms are “Unsatisfactory” or “Not Proficient.”	Below Effective
Minimally Effective	Teachers who are not quite effective, but demonstrate some effective traits, or could be developed to be effective. Other common terms are “Developing,” “Not Quite Effective,” or “Somewhat Effective.”	Below Effective
Effective	Teachers who meet the bar for effective teaching at your LEA. Other common terms are “Satisfactory” or “Proficient.”	Effective
Highly Effective	Teachers who consistently and routinely demonstrate exemplary instruction. These teachers are often considered instructional leaders due to their expertise and effectiveness.	Effective

## Frequently Asked Questions

- **What if a teacher did not receive a rating in the previous school year?** If a teacher was not rated, please select the option “Not rated” from the dropdown values.
- **Should I include ratings for teachers who left the LEA?** Yes. To comply with the requirement, a rating must be entered for anyone who was reported as a teacher in the previous year’s Faculty and Staff Data Collection.
- **Should I include ratings for teachers who stayed at the LEA but moved on to a different role?** Every teacher included in last year’s Faculty and Staff Data Collection – including transfers – needs a **teacher** record in the current year’s collection so OSSE can track evaluation ratings from the end of the previous school year. If a teacher included in last year’s collection moved to a different role at the LEA, include a teacher record for them and mark their returning status as “Transfer” with an FTE of 0.
- **How are the teacher evaluation ratings used?** OSSE is committed to continuous improvement in our ability to collect clean, accurate and meaningful data, including teacher evaluation data, in order to: (a) meet our ESSA responsibility to ensure equitable access to excellent teachers, and (b) continue to provide high-quality state level analysis. Some examples of analyses OSSE creates with these data include teacher retention rates by effectiveness rating and likelihood of exposure to an effective teacher by different student demographics. For context on OSSE’s work to ensure equitable access to excellent educators, please refer to OSSE’s [District of Columbia Plan to Ensure Equitable Access to Excellent Educators](#), [LEA Equity Gap Calculation Guidance](#), and the [DC State Plan](#).

## Vacancy Information

LEAs must report all vacant teaching positions as of **Oct. 7, 2024**.

Metric	Description/Special Considerations
LEA Name	The name of the LEA that has the vacancy.
LEA Code	The unique OSSE-assigned identifier for LEAs, three to four digits. This field should have the LEA code that has the vacancy.
School Name	The name of the school that has the vacancy.
School Code	The unique OSSE-assigned identifier for schools, three to four digits. This field should have the school code that has the vacancy.
Federal Role	The vacant teaching position.
Subject	The vacant subject area.
Number of Vacant Teacher Full-time employment (FTE) positions	The total number of vacant FTE teacher positions.

Similar to the Faculty and Staff Data Collection in the 2023-24 school year, the LEA should report the total number of vacant FTEs by school, role and subject, rather than reporting each vacant FTE on a separate row. For example, if the LEA has three vacant, full-time, elementary math positions, it must indicate the school name/code that has the three vacant positions. This LEA would select “Teacher, Elementary (grades 1-6)” for “federal role,” “General Mathematics” for “subject,”; and “3” for the number of vacant FTEs.

### Frequently Asked Questions

- **Is an LEA required to report all vacancies?** It depends upon when those vacancies are measured. LEAs are required to report teaching positions that are vacant as of Oct. 7. Any positions that are filled before Oct. 7 or become vacant after Oct. 7 should not be included.

## Appendix A: 2024 Data Element Descriptions and Allowable Values

Section Name	Column Name	Description	Is this metric required?	Collection Template	Data Use	Allowable values in collection tab	Error Scenarios and Error Messages
Staff Member Identifiers and Demographic Information	Unique Faculty and Staff Identifier (UFSI)	The staff member's unique identifier provided by OSSE.	No	<ul style="list-style-type: none"> <li>Teacher</li> <li>PP/Admin/RSPs</li> <li>All other staff</li> </ul>	Data Quality	N/A	
Staff Member Identifiers and Demographic Information	Last Name	The legal last name of the faculty or staff member.	Yes	<ul style="list-style-type: none"> <li>Teacher</li> <li>PP/Admin/RSPs</li> <li>All other staff</li> </ul>	Data Quality check and generation of UFSI	<Open text>	<p><b>Error Scenario:</b> Missing data  <b>Error Message:</b> Last Name is required.</p> <p><b>Error Scenario:</b> Full last name is not entered  <b>Error Message:</b> Please enter Full Last Name.</p>
Staff Member Identifiers and Demographic Information	First Name	The legal first name of the faculty or staff member.	Yes	<ul style="list-style-type: none"> <li>Teacher</li> <li>PP/Admin/RSPs</li> <li>All other staff</li> </ul>	Data Quality check and generation of UFSI	<Open text>	<p><b>Error Scenario:</b> Missing data  <b>Error Message:</b> First Name is required.</p> <p><b>Error Scenario:</b> Full first name is not entered  <b>Error Message:</b> Please enter Full First Name.</p>
Staff Member Identifiers and Demographic Information	Middle Name	The legal middle name of the faculty or staff member.	No	<ul style="list-style-type: none"> <li>Teacher</li> <li>PP/Admin/RSPs</li> <li>All other staff</li> </ul>	Data Quality check and generation of UFSI	<Open text>	
Staff Member Identifiers and Demographic Information	Alias or Maiden Name	An alternate or maiden name of the faculty or staff member. Any additional names or previous names that the faculty or staff member may have had.	No	<ul style="list-style-type: none"> <li>Teacher</li> <li>PP/Admin/RSPs</li> <li>All other staff</li> </ul>	Data Quality check and generation of UFSI	<Open text>	

Faculty and Staff Data Collection - Policy Guide

Section Name	Column Name	Description	Is this metric required?	Collection Template	Data Use	Allowable values in collection tab	Error Scenarios and Error Messages
Staff Member Identifiers and Demographic Information	SSN	The last four digits of the staff member's Social Security Number or the last four digits of the staff member's Individual Taxpayer Identification Number (ITIN).	Yes	<ul style="list-style-type: none"> <li>• Teacher</li> <li>• PP/Admin/RSPs</li> <li>• All other staff</li> </ul>	Data Quality check and generation of UFSI	<Numeric>	<p><b>Error Scenario:</b> Missing data <b>Error Message:</b> SSN is required.</p> <p><b>Error Scenario:</b> Non-allowable value <b>Error Message:</b> Please enter the last four digits of SSN.</p>
Staff Member Identifiers and Demographic Information	Local Staff ID	The ID assigned to your staff member by your internal system.	No	<ul style="list-style-type: none"> <li>• Teacher</li> <li>• PP/Admin/RSPs</li> <li>• All other staff</li> </ul>	N/A	<Open text>	
Staff Member Identifiers and Demographic Information	Date of Birth	The month, day and year on which the faculty or staff member was born.	Yes	<ul style="list-style-type: none"> <li>• Teacher</li> <li>• PP/Admin/RSPs</li> <li>• All other staff</li> </ul>	Data quality check and generation of UFSI	MM/DD/YYYY	<p><b>Error Scenario:</b> Missing data <b>Error Message:</b> Date of Birth is required.</p> <p><b>Error Scenario:</b> Date of birth is not in MM/DD/YYYY format. <b>Error Message:</b> Date of Birth should be in MM/DD/YYYY format.</p> <p><b>Error Scenario:</b> Data of Birth is outside the range of 15 years to 100 years when current age is calculated. <b>Error Message:</b> Age should be between 15 years and 100 years.</p>
Staff Member Identifiers and Demographic Information	Gender	A coded value representing the staff member's reported gender.	Yes	<ul style="list-style-type: none"> <li>• Teacher</li> <li>• PP/Admin/RSPs</li> <li>• All other staff</li> </ul>	Data Quality check and generation of UFSI and Statewide report	<ul style="list-style-type: none"> <li>• Male</li> <li>• Female</li> <li>• Non-binary</li> <li>• Unknown</li> </ul>	<p><b>Error Scenario:</b> Missing data <b>Error Message:</b> Gender is required.</p> <p><b>Error Scenario:</b> Non-allowable value <b>Error Message:</b> Data entered is not an acceptable value for the data field. Please choose a value from the option set.</p>

Faculty and Staff Data Collection - Policy Guide

Section Name	Column Name	Description	Is this metric required?	Collection Template	Data Use	Allowable values in collection tab	Error Scenarios and Error Messages
Staff Member Identifiers and Demographic Information	Race	The reported race of the faculty or staff member.	Yes	<ul style="list-style-type: none"> <li>• Teacher</li> <li>• PP/Admin/RSPs</li> <li>• All other staff</li> </ul>	Data Quality check and generation of UFSI and Statewide report	<ul style="list-style-type: none"> <li>• American Indian/Alaskan Native                             <ul style="list-style-type: none"> <li>• Asian</li> </ul> </li> <li>• Black/African American                             <ul style="list-style-type: none"> <li>• Two or More Races</li> </ul> </li> <li>• Pacific Islander/Native Hawaiian                             <ul style="list-style-type: none"> <li>• White/Caucasian                                     <ul style="list-style-type: none"> <li>• Other</li> <li>• Unknown</li> </ul> </li> </ul> </li> </ul>	<p><b>Error Scenario:</b> Missing data  <b>Error Message:</b> Race is required.</p> <p><b>Error Scenario:</b> Non-allowable value  <b>Error Message:</b> Data entered is not an acceptable value for the data field. Please choose a value from the option set.</p>
Staff Member Identifiers and Demographic Information	Ethnicity	The reported ethnicity of the faculty or staff member.	Yes	<ul style="list-style-type: none"> <li>• Teacher</li> <li>• PP/Admin/RSPs</li> <li>• All other staff</li> </ul>	Data Quality check and generation of UFSI and Statewide report	<ul style="list-style-type: none"> <li>• Hispanic</li> <li>• Not Hispanic</li> <li>• Unknown</li> </ul>	<p><b>Error Scenario:</b> Missing data  <b>Error Message:</b> Ethnicity is required.</p> <p><b>Error Scenario:</b> Non-allowable value  <b>Error Message:</b> Data entered is not an acceptable value for the data field. Please choose a value from the option set.</p>
LEA and School Information	LEA Name	The name of the local education agency (LEA) the staff member serves.	Yes	All	All federal and local reports	<Character> Select LEA Name from the drop-down menu.	
LEA and School Information	LEA Code	The unique OSSE-assigned identifier for the LEA.	N/A	All	All federal and local reports	<Character> Select LEA Code from the drop-down menu.	<p><b>Error Scenario:</b> Missing data  <b>Error Message:</b> LEA Code is required.</p> <p><b>Error Scenario:</b> Invalid LEA Code  <b>Error Message:</b> Invalid LEA Code. Please only select LEA codes from the dropdown menu in LEA Code Field.</p>
LEA and School Information	School Name	The name of the school the staff member serves.	Yes	All	All federal and local reports	<Character> Select School Name from the drop-down menu.	

Section Name	Column Name	Description	Is this metric required?	Collection Template	Data Use	Allowable values in collection tab	Error Scenarios and Error Messages
LEA and School Information	School Code	The unique OSSE-assigned identifier for the school the staff member serves.	N/A	All	All federal and local reports	<Numeric> Select School Code from the drop-down menu.	<p><b>Error Scenario:</b> Missing data <b>Error Message:</b> School Code is required.</p> <p><b>Error Scenario:</b> The school code is not associated with the LEA. <b>Error Message:</b> Invalid School Code.
