Important map information:

This map does not guarantee coverage. This map depicts predicted and approximate wireless coverage and may contain areas with limited or no service. Even within a coverage area, many factors, including network capacity, your device, terrain, proximity to buildings, foliage and weather, may affect availability and quality of service. The coverage areas may include networks run by other carriers; some of the coverage depicted is based on their information and public sources, and we cannot guarantee its accuracy. See vzw.com/coveragelocator for additional information. The Lifeline program from Verizon Wireless is not available in all areas.

Roaming information: No roaming is available except for 911 calls.

Taxes, surcharges and fees: The market you're in determines taxes, surcharges and fees, such as E911 and gross receipt charges. Lifeline subscribers will not be assessed a Federal Universal Service Fund or Regulatory charge.

Important information

The services described in this brochure are subject to the following terms and conditions, as applicable. Service is subject to the Customer Agreement, which you should read before activating service. Speak to a Lifeline Representative for details. Plans not available in all areas. Billing, shipping and end-user address must be within an area where Verizon Wireless is licensed and provides Lifeline service. When you call someone, his or her phone may show your name and wireless phone number. If you want to block this Caller ID, dial *67 before each call or order per-line call blocking (just dial *82 to unblock) where available. You can't block Caller ID for some of the numbers you may call, such as toll-free numbers. When you set up and listen to your voicemail from your wireless phone, your account will be billed at regular plan rates, just as if you were making a regular call.

Local Mobile to Mobile Calling

Local Mobile to Mobile Calling applies to calls you make or receive to and from other Verizon Wireless customers in your Mobile to Mobile Calling Area (see Voice-Only Coverage Area map for details). All parties must be within the Coverage Area. Verizon Wireless Plans, Rate and Coverage Areas, rates, agreement provisions, business practices, procedures and policies are subject to change as specified in the Customer Agreement.

Lifeline is a federal government assistance program that provides qualified customers a discount on their monthly phone service. Only eligible consumers may enroll.

How much can I save?

Qualifying customers will save \$9.25 per month off the monthly access for Lifeline service. Qualified residents of federally recognized Tribal lands may receive up to \$25 in additional Lifeline discounts per month.

How do I qualify for Lifeline?

You may qualify for Lifeline assistance if your total household income is at or below 135% of the Federal Poverty Guidelines or if you, your dependent(s) or a member of your household is currently eligible to receive benefits from any of the following public assistance programs:

Additionally, if you reside on federally recognized Tribal lands, you can qualify by participating in any of the programs above or below:

- Bureau of Indian Affairs General Assistance
- Tribally administered TANF
- Head Start (only those meeting its income standard)
- Food Distribution Program on Indian Reservations (FDPIR)

If you qualify based on participation in one of the public assistance programs listed above, you must provide a copy of documentation demonstrating your participation in the program.

If you qualify based on total household income, you must provide copies of one of the documents below:

three (3) consecutive months’ worth of the same type of document from the previous 12 months.

Are there any restrictions?

Yes, the Lifeline discount is limited to a single line of service and limited to one per household. You may not apply for multiple Lifeline discounts and must choose to apply your Lifeline discount to either a landline or wireless number, but not both. Please note that other service providers may use terms other than “Lifeline” to describe the Lifeline program. You will be required to certify, under penalty of perjury, that you will comply with this requirement.

Lifeline is only available to a subscriber whose residential address is located within Verizon Wireless’ Lifeline service area. Lifeline may not be applied retroactively.

Lifeline is a federal benefit, and willfully making false statements to obtain Lifeline can result in fines, imprisonment, de-enrollment or being barred from the program. Lifeline is nontransferable, and you may not transfer this discount to any other person.

For more information, call 800.417.3849.

How do I apply for Lifeline?

To apply for Lifeline, go to the Lifeline National Verifier online at checklifeline.org or call the Lifeline Support Center at 800.234.9473. You may also print the application from verizonwireless.com/lifeline.¹

You will not be charged a service deposit to initiate Lifeline service. However, you may be required to bring your account current if you incur charges materially in excess of your monthly access. Failure to bring your account current may result in a suspension or termination of your service.

Long Distance Calling

You will not be charged a separate toll charge for outgoing Domestic Long Distance calls made from your wireless phone while you are within your Coverage Area (airtime charges apply). Domestic

Long Distance includes calls made from within your Coverage Area to anywhere within the United States or Puerto Rico. International Long Distance is not a part of the Lifeline Plans. Your Lifeline device may not be used to make International Long Distance calls. Access to “900” numbers is prohibited. Use of the service to make prohibited calls can result in the suspension or termination of service.

Link Up helps qualified residents of federally recognized Tribal lands pay the activation fee for Lifeline service.

How do I qualify for Link Up?

If you satisfy the Lifeline eligibility standards and reside on federally recognized Tribal lands, you automatically qualify for Link Up.

Are there any restrictions?

Link Up is only available to a subscriber whose residential address is located on a federally recognized Tribal land that is within Verizon Wireless’ Lifeline service area. Link Up may only be applied once to initiate service (for a single landline or wireless telephone line) at the same address. Link Up cannot be applied to customer facilities or equipment, including the cost of your phone. Link Up may not be applied retroactively.

How much will I save with Link Up?
