rtially because cars and  
acks are more energy-ef-  
ient and use less fuel,  
t they still travel over  
ads. How do we treat  
e user of the future?  
5. Finally, how do  
n-Ohioans pay for the  
ivilege of using our high-  
ays and interstates? Is  
ere a different model for  
em to pay their share?  
So much needs to  
done in the months  
ead. It will take a lot of  
litical courage to get  
ere. We haven't changed  
anything in Ohio since  
005 - some 14 years ago  
and it has only gotten  
orse. Much usage has  
anged since then.  
I want to be at the table  
challenge our elected  
aders as to how we move  
rward. The worst-case  
enario is to do nothing  
at would not even main-  
in the safety conditions  
what we already own.  
No action would lead to  
ore potholes, damages,  
ccidents or God forbid,  
ven fatalities.  
This column started  
ith me complaining  
out the potholes going  
repaired and I'm tired  
it. Who is going to fix  
our tire or car damage?  
aybe I'll have a conver-  
sation with my elected  
ficials about that. You  
ould, too.

**Washington Township's Rec West Enrichment Center** for Senior Adults has earned the Annual Award for Innovation in Local Government from the Ohio City/County Management Association. The award recognizes creativity, excellence and cutting-edge organizational tools in the delivery of public services.

Voters last year approved the first levy increase in the 30-year history of the recreation department, in part to support the successful transition of senior programming.
