RE: **Miller Genuine Draft and Miller Lite Draft Beverage Containers**

This notice is to provide clarification to the notice that was issued yesterday January 2, 2018 regarding New Miller Refillable Containers vs. Old Miller Nonrefillable Containers.

The new Miller Genuine Draft 355 mL Glass Nonrefillable UPC: 056327012431 beverage container identified in the notice issued yesterday should be treated as Nonrefillable and should go into the 1-way glass sort (Container Code 3006). There is no change to the sorting from the previous version of the Miller Genuine Draft 355 mL Glass Nonrefillable UPC: 034100005627 beverage container at this time. The two beverage containers are shown below:

Both of these beverage containers should be put in the Nonrefillable 1-way Glass Sort (Container Code 3006).

RE: **Miller Genuine Draft and Miller Lite Draft Beverage Containers**

With regards to the Miller Lite Draft 355 mL Glass Nonrefillable beverage container, it is being phased out and is being replaced with a 341 mL Glass ISB beverage container.

The new Miller Lite Draft 341 mL Refillable Glass ISB beverage container with the updated labelling should be put in the Refillable ISB beverage container sort. A comparison of the two beverage containers are shown below:

The 355 mL Nonrefillable Glass beverage container with the “Lite” label on the neck of the container should be put in the Non-Refillable 1-way glass sort (Container Code 3006). The bottom of the container is less rounded.

The new 341 mL Refillable Glass ISB container with the “Miller” label on the neck of the container should be put into the Refillable ISB container sort. The bottom of the container is more rounded.
