RE: **Off-Spec Containers Brought Into Edmonton Depot**

Attention Depot Operators and Staff,

The Beverage Container Management Board (BCMB) received notification from an Edmonton area Depot that a customer by the name of **George** came in with a **large quantity of off-spec containers**. The material was **PET 0-1 L and green in colour (see picture below)**. He was driving a **white grand caravan with license plate E-32317**. He did not allow the Depot to quarantine the material and left, stating he would try to take it to Sherwood Park.

Please be aware that these containers could be brought into your Depot (especially if you are in Sherwood Park, Edmonton or the surrounding area). If you suspect that these containers have arrived at your Depot, fill out the CVR form on the quality monitoring system and **do not pay for these containers**. Please quarantine the containers at your Depot – do not provide a refund to the customer and do not ship the containers to ABCRC unless advised by the BCMB. You may provide the customer with BCMB's contact information, should they have any questions.

If the customer is unwilling to provide any information and wishes to leave with the product they may do so but please make note of the encounter and notify the BCMB.

Thank you to the Roper Bottle Depot for bringing this to our attention.

For more information, please contact a BCMB Compliance Officer by calling/emailing:
