RE: **Break and Enter in Lethbridge Area**

---

The Beverage Container Management Board (“BCMB”) has been informed of a break and enter that occurred at a Depot in the Lethbridge surrounding area. The Depot was broken into at approximately **1:50 am on February 17, 2020.**

Please be advised that **no beverage containers were stolen from the Depot**, only cash. Therefore, there is no risk of the thieves attempting to return stolen beverage containers to another depot. The BCMB wanted to inform all Depots of the occurrence and reinforce the importance of having adequate security measures and proper storage at your depot.
