RE: **Small Depot Viability Meetings Postponed**

In response to the COVID-19 pandemic, the **Small Depot Viability Meetings** that were scheduled for this spring will be **postponed** until further notice.

In the coming weeks, we will post information about rescheduling the Small Depot Viability Meetings or an alternative method of gathering feedback from customers and Small Depots, as well as next steps we can take.

The BCMB is grateful for everything depots are doing to keep your staff and customers safe and healthy. We will continue to monitor the impacts of COVID-19 in Alberta and its impacts on our industry and will provide updates as necessary.

Questions about this process or notice should be directed to Stara Morning at smorning@bcmb.ab.ca.
