RE: **Signage Requirements**

---

Attention Depot Operators and Staff,

This notice is to remind you that it is **not** a requirement in Alberta to remove caps or lids from any container prior to returning the container to a depot and that customers are **not required** to sort containers before returning them. Please ensure your depot does not have any signage posted that may suggest that these are a requirement. See example below of a sign that indicates incorrect information.

If your depot has posted a sign that contains this information, or any other information that is not a requirement in Alberta, this sign must be removed or covered with immediate effect.

Please note that all signs are subject to inspection, and if any sign containing information or instruction to Albertans that is not a requirement, is found posted at your depot, it may affect the results of the inspection.

If you have any questions, please direct them to a BCMB Compliance Officer by calling 780-289-6948 or 780-695-0302 or by email at [info@bcmb.ab.ca](mailto:info@bcmb.ab.ca).
