RE: **Non-Deposit Bearing Containers at Bea Fisher Enterprises Inc  
Bottle Depot**

---

**Attention Depot Operators and Staff,**

The BCMB was recently notified by Bea Fisher Enterprises Inc Bottle Depot in Lloydminster, that a customer has attempted to return approximately **2500 flattened 4M Pig Launcher and B League Sour aluminum cans that had never been filled. The customer had 5 bags in total and took the bags with him upon leaving the depot. The customer was driving a silver GMC truck with a darker grey design on the side with license plate CFZ 4619.** These containers presented by the customer have been determined to be non-deposit bearing and therefore should not be refunded at a depot.

Please be aware that these containers may be brought into your depot in the near future (especially in the Lloydminster area). If you suspect that non-deposit bearing containers or off-spec containers have arrived at your depot, especially at this volume, please submit a Container Validation Request (CVR) via the Quality Monitoring System (QMS) with pictures of the material. Please quarantine the containers and do not provide a refund or ship the containers to ABCRC until advised by the BCMB. Also, please ensure to provide the customer with the BCMB phone number so they know who to contact regarding the containers.

If the customer wishes to leave with the product, they may do so but please make note of the encounter and notify the BCMB via QMS.

If you have any questions, please direct them to a BCMB Compliance Officer by calling/emailing:
