RE: **Registration of Oral Rehydration Solution Containers - Update**

Attention Depot Operators and Staff,

This is a follow-up notice to the [July 19, 2022 notice](#) regarding the transition of oral rehydration solution containers into Alberta's deposit-refund system.

The Beverage Container Management Board (BCMB) has continued to work closely with manufacturers of oral rehydration solution containers (Pedialyte, Hydralyte, etc.) to ensure all products sold in Alberta are registered, are deposit bearing and thus eligible for a refund as with all ready to serve and sealed beverages purchased in the province.

The registration of Hydralyte oral rehydration solution containers has now been completed.

Below is an updated list of registered oral rehydration solution containers, along with some example images for reference. The containers listed below can be accepted for refund immediately.
