RE: **Acceptance of Registered Containers - Sunterra Quality Foods Market Inc.**

Attention Depot Operators and Staff,

This notice is regarding the acceptance of containers manufactured by **Sunterra Quality Foods Market Inc. ("Sunterra")** which have been registered through Alberta's deposit-refund system. Sunterra produces a variety of flavored juices that they bottle in various sizes and label themselves. We have noticed there is difficulty confirming registration with these Sunterra beverage containers due to inconsistencies in labeling and UPCs produced onsite.

The Beverage Container Management Board (BCMB) has worked closely with Sunterra to ensure all products being manufactured and sold in Alberta by Sunterra are registered and deposit bearing. As is the case with all registered "ready to serve" beverages available for sale in the province, these containers are eligible for the applicable refund.

Below is a list of containers with volumes, along with some example images for reference. **Regardless of flavour, all Sunterra beverage containers in the volumes listed and pictured below can be accepted for refund going forward.** Depots are reminded to remain diligent and follow the Container Validation Request (CVR) process should these containers be returned in an abnormal capacity (large quantity, full of beverage, etc.).

Manufacturer	Size	Material
Sunterra Quality Foods Market Inc.	236ml	HDPE, Nonrefillable
Sunterra Quality Foods Market Inc.	470ml	HDPE, Nonrefillable
Sunterra Quality Foods Market Inc.	970ml	HDPE, Nonrefillable
Sunterra Quality Foods Market Inc.	1.88L	HDPE, Nonrefillable

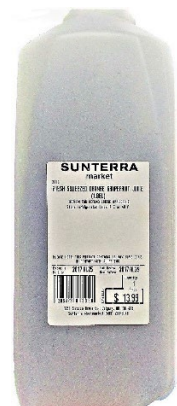

236ml

470ml

970ml
