Push for Adoption of Modern Standards: **https://top.nic.br/**

Brazilian version of the https://Internet.nl Portal

- Parternship with SIDN Labs and the Dutch Internet Standards Platform https://github.com/internetstandards

Tests the correct implementation of modern protocols, including:

- IPv6 and DNSSEC
- SPF, DKIM, DMARC
- TLS, Ciphers, OCSP Stapling, HSTS, Key exchange parameters
- **Security.txt**, Content Security Policy
- RPKI

TLP:CLEAR

National Initiative:
A More Secure Internet Program

PROGRAMA INTERNET +SEGURA

Current Goal:

- Reduce the number of systems that can be abused for DDoS attacks

Incentive to adopt best practices:

- Hardening
- Routing Security
- Anti-spoofing (BCP 38)
- Close open services

Joint initiative involving several organizations

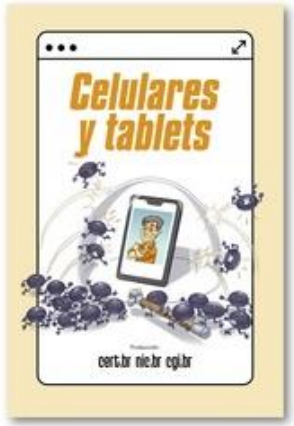
- ISOC, ISPs, Hosting and Telco Associations

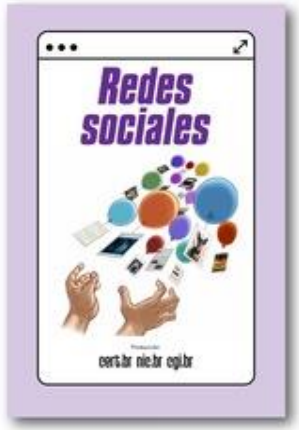
https://bcp.nic.br/i+seg – Also check the MANRS Initiative: https://manrs.org/

TLP:CLEAR

Spanish versions of our materials already online

- Guides for parents and kids
- Target audience: kids from 8 to 12
  - No screens! Paper-based games that lead you into the content
  - All material online, including 3D characters
- Material for users in general





https://cartilla.cert.br/fasciculos/

https://cartilla.cert.br/ninos-ninas/

Using our Awareness Materials

Several options:

1. Use “as is”
   - Just download them at:
     Spanish: `https://cartilla.cert.br/`
     PT-BR: `https://cartilha.cert.br/`
     `https://internetsegura.br/`
2. Receive a version with your logo applied
   - Contact us at **<doc@cert.br>**
3. Translate or make derivatives of any material
   - Examples: kids material translated to Finish by NCSC-FI, and to Estonian soon by NCSC-EE
   - Contact us at **<doc@cert.br>**
4. Create an Internet Citizen video with your logo
   - Apply online at `https://InternetCitizen.nic.br`
     `https://CiudadanoEnLaRed.nic.br`
     - “SUPPORT THIS INITIATIVE” button at the top
