

SUPPLEMENTARY INFORMATION:*The Commission's Statutory**Authority and Function:* The

Commission is established by Executive Order 14045 (September 13, 2021) and continued by Executive Order 14109 (September 29, 2023). The Commission is also governed by the provisions of 5 U.S.C. chapter 10 (Federal Advisory Committees), which sets forth standards for the formation and use of advisory committees. The Commission's duties are to advise the President, through the Secretary of Education, on matters pertaining to educational equity and economic opportunity for the Hispanic and Latino community in the following areas: (i) what is needed for the development, implementation, and coordination of educational programs and initiatives at the U.S. Department of Education (Department) and other agencies to improve educational opportunities and outcomes for Hispanics and Latinos; (ii) how to promote career pathways for in-demand jobs for Hispanic and Latino students, including registered apprenticeships, internships, fellowships, mentorships, and work-based learning initiatives; (iii) ways to strengthen the capacity of institutions, such as Hispanic-serving Institutions, to equitably serve Hispanic and Latino students and increase the participation of Hispanic and Latino students, Hispanic-serving school districts, and the Hispanic community in the programs of the Department and other agencies; (iv) how to increase public awareness of and generate solutions for the educational and training challenges and equity disparities that Hispanic and Latino students face and the causes of these challenges; and (v) approaches to establish local and national partnerships with public, private, philanthropic, and nonprofit stakeholders to advance the mission and objectives of this order, consistent with applicable law. Notice of this meeting is required by section 1009(a)(2) of 5 U.S.C. chapter 10 (Federal Advisory Committees).

Meeting Agenda: The agenda for the Commission meeting builds upon conversations and information shared in the Commission's five prior meetings and continues their engagement on advancing educational equity and economic opportunity for Hispanics. Specifically, during the meeting, the Commission will (1) receive updates and vote on recommendations from the Commission's four subcommittees: Advancing PreK–12 Educational Equity; Advancing Higher Education and Hispanic Serving Institutions (HSIs); Strengthening Economic Opportunity & Workforce Development; and

Strengthening Public Partnerships and Public Awareness; (2) hear presentations from federal and community leaders on topics related to Executive Order 14045; and (3) and discuss strategies to advance the Commission's approved recommendations from prior meetings and next steps towards advancing duties of the Commission, as outlined by Executive Order 14045.

Access to the Meeting: Members of the public may register to attend the meeting virtually by accessing the link at <https://www.ed.gov/hispanicinitiative> or emailing

WhiteHouseHispanicInitiative@ed.gov by 5 p.m. EDT on Thursday, May 2, 2024. Instructions on how to access the meeting will be emailed to members of the public that register to attend and will be posted to <https://www.ed.gov/hispanicinitiative> no later than Thursday, May 2, 2024, by 6 p.m. EDT.

Public Comment: Written comments pertaining to the work of the Commission may be submitted electronically to WhiteHouseHispanicInitiative@ed.gov by 5 p.m. EDT on Thursday, May 2, 2024. Include in the subject line: "Written Comments: Public Comment."

The email must include the name(s), title, organizations/affiliation, mailing address, email address, and telephone number of the person(s) making the comment. Comments should be submitted as a Microsoft Word document or in a medium compatible with Microsoft Word (not a PDF file) that is attached to the electronic mail message (email) or is provided in the body of an email message. Please do not send material directly to members of the Commission.

Reasonable Accommodations: The meeting platform and access code are accessible to individuals with disabilities. If you will need an auxiliary aid or service for the meeting (e.g., interpreting service, assistive listening device, or materials in an alternate format), notify the contact person listed in this notice at least one week before the meeting date. Although we will attempt to meet a request received after that date, we may not be able to make available the requested auxiliary aid or service because of insufficient time to arrange it.

Access to Records of the Meeting: The Department will post the official report of the meeting on the Commission's website, at <https://sites.ed.gov/hispanic-initiative/presidential-advisory-commission> no later than 90 days after the meeting. Pursuant to 5 U.S.C. 1009(b), the public may request to inspect records of the meeting, and

other Commission records, at 400 Maryland Avenue SW, Washington, DC, by emailing Emmanuel.Caudillo@ed.gov or by calling (202) 377-4988, to schedule an appointment.

Electronic Access to this Document:

The official version of this document is the document published in the **Federal Register**. Free internet access to the official edition of the **Federal Register** and the Code of Federal Regulations is available via the Federal Digital System at: www.gpo.gov/fdsys. At this site you can view this document, as well as all other documents of this Department published in the **Federal Register**, in text or PDF. To use PDF, you must have Adobe Acrobat Reader, which is available free at the site. You also may access documents of the Department published in the **Federal Register** by using the article search feature at: www.federalregister.gov. Specifically, through the advanced search feature at this site, you can limit your search to documents published by the Department.

Authority: Executive Order 14045 (September 13, 2021) and continued by Executive Order 14109 (September 29, 2023).

Alexis Barrett,

Chief of Staff, Office of the Secretary.

BILLING CODE P

DEPARTMENT OF ENERGY**Energy Information Administration****Agency Information Collection Proposed Extension**

AGENCY: U.S. Energy Information Administration (EIA), Department of Energy (DOE).

ACTION: Notice.

SUMMARY: EIA invites public comment on the proposed three-year extension, with changes, to the Natural Gas Data Collection Program, OMB Control Number 1905-0175, as required under the Paperwork Reduction Act of 1995. The surveys covered by this request include; Form EIA-176, *Annual Report of Natural and Supplemental Gas Supply and Disposition*; Form EIA-191, *Monthly Underground Natural Gas Storage Report*; Form EIA-191L, *Monthly Liquefied Natural Gas Storage Report*; Form EIA-757, *Natural Gas Processing Plant Survey*; Form EIA-857, *Monthly Report of Natural Gas Purchases and Deliveries to Consumers*; Form EIA-910, *Monthly Natural Gas Marketer Survey*; and Form EIA-912, *Weekly Natural Gas Storage Report*. The

Natural Gas Data Collection Program provides information on natural gas storage, supply, processing, distribution, consumption, and prices, by sector, within the United States.

DATES: EIA must receive all comments on this proposed information collection no later than May 16, 2024. If you anticipate any difficulties in submitting your comments by the deadline, contact the email address listed in the

ADDRESSES section of this notice as soon as possible.

ADDRESSES: Written comments and recommendations for the proposed information collection should be sent within 30 days of publication of this notice to www.reginfo.gov/public/do/PRAMain. You can find this particular information collection by selecting “Currently under 30-day Review—Open for Public Comments” or by using the search function.

FOR FURTHER INFORMATION CONTACT: If you need additional information, contact Michael Kopalek, U.S. Energy Information Administration, by phone at (202) 586-4001 or by email at Michael.Kopalek@eia.gov. The forms and instructions are available on EIA’s website at www.eia.gov/survey/.

SUPPLEMENTARY INFORMATION: This information collection request contains:

- (1) *OMB No.:* 1905-0175;
- (2) *Information Collection Request Title:* Natural Gas Data Collection Program.

(3) *Type of Request:* Three-year extension with changes.

(4) *Purpose:* The surveys included in the Natural Gas Data Collection Program collect information on natural gas storage, supply, processing, transmission, distribution, consumption by sector, and consumer prices. The data collected supports public policy analyses and produces estimates of the natural gas industry. The statistics generated from these surveys are published on EIA’s website, <https://www.eia.gov>, and are used in various EIA information products, including the *Weekly Natural Gas Storage Report* (WNGSR), *Natural Gas Monthly* (NGM), *Natural Gas Annual* (NGA), *Monthly Energy Review* (MER), *Short-Term Energy Outlook* (STEO), and *Annual Energy Outlook* (AEO).

(4a) *Proposed Changes to Information Collection:*

Form EIA-176, Annual Report of Natural and Supplemental Gas Supply and Disposition

Form EIA-176 collects data on natural, synthetic, and supplemental gas supplies, their disposition, and certain revenues by state. EIA considers

volumes of blended hydrogen to fall under the purview of current Form EIA-176, and as such will instruct respondents to report them on Line 6.0, “Supplemental Gaseous Fuel Supplies,” under the sub-header “Other.” During the previous collection package, EIA modified the survey instructions to include Renewable Natural Gas (RNG) producers who inject high-Btu RNG into an interstate pipeline, intra-state pipeline, or natural gas distribution company system. As such, EIA requests an increase in respondent count and burden to accommodate the addition of new respondents to the survey frame.

Form EIA-757, Natural Gas Processing Plant Survey

Form EIA-757 collects information on the capacity, status, and operations of natural gas processing plants, and monitors constraints to natural gas supplies during catastrophic events, such as hurricanes. Schedule A of Form EIA-757 collects baseline operating and capacity information from all respondents on a triennial basis or less frequently. Schedule B is used on an emergency standby basis and may be activated during natural disasters or other energy disruptions. Schedule B collects data from a sample of respondents in the affected areas.

EIA proposes to discontinue collection of Form EIA-757 Schedule A, and burden hours have been adjusted downward accordingly. EIA has investigated potential consolidation of the EIA-757 Schedule A survey with another, more frequent natural gas processing plant survey, the EIA-64A Survey (OMB number 1905-0057). As a result of this, EIA proposes that the EIA-64A Survey will absorb several key data items from the EIA-757 Schedule A Survey in order to reduce overall respondent burden and eliminate duplicative data collection efforts.

EIA-757 Schedule B is a standby survey to be used in instances of a natural disaster or incident resulting in widespread closures of natural gas processing plants. Since the agency has not used the survey at any point in the last six years, EIA is reducing the requested burden hours by 50% to allow its use once every three years, rather than twice every three years.

Form EIA-857, Monthly Report of Natural Gas Purchases and Deliveries to Consumers

Form EIA-857 collects monthly data on the volumes of natural gas delivered to consumers by end-use sector and by state, as well as certain associated revenues and heat content. EIA is increasing the requested burden to

accommodate increased sample coverage, parallel to the increased scope of the EIA-176, the universe from which this survey’s sample is drawn.

Form EIA-912, Weekly Natural Gas Storage Report

Form EIA-912 collects information on weekly inventories of natural gas in underground storage facilities. EIA is slightly decreasing the requested burden to more accurately reflect demonstrated sample sizes over the past six years.

Form EIA-191, Monthly Underground Natural Gas Storage Report

Form EIA-191 collects information on monthly inventories of natural gas in underground storage, as well as storage facility information. EIA is updating the instructions to clarify that respondent contact information collected in Part 1 of the survey form is not considered public information.

Form EIA-191L, Monthly Liquefied Natural Gas Storage Report

Form EIA-191L collects information on monthly inventories of liquefied natural gas (LNG) in aboveground storage, as well as LNG storage facility information. EIA is updating the instructions to clarify that respondent contact information collected in Part 1 of the survey form is not considered public information.

Form EIA-910, Monthly Natural Gas Marketer Survey Has No Changes

(5) *Annual Estimated Number of Respondents:* 3,045;

(6) *Annual Estimated Number of Total Responses:* 16,087;

(7) *Annual Estimated Number of Burden Hours:* 56,916;

(8) *Annual Estimated Reporting and Recordkeeping Cost Burden:* \$5,188,463 (56,916 burden hours times \$91.16 per hour.)

EIA estimates that respondents will have no additional costs associated with the surveys other than the burden hours and the maintenance of the information during the normal course of business.

Comments are invited on whether or not: (a) The proposed collection of information is necessary for the proper performance of agency functions, including whether the information will have a practical utility; (b) EIA’s estimate of the burden of the proposed collection of information, including the validity of the methodology and assumptions used, is accurate; (c) EIA can improve the quality, utility, and clarity of the information it will collect; and (d) EIA can minimize the burden of the collection of information on respondents, such as automated

collection techniques or other forms of information technology.

Statutory Authority: 15 U.S.C. 772(b) and 42 U.S.C. 7101 *et seq.*

Signed in Washington, DC, on April 11, 2024.

Samson A. Adeshiyan,

Director, Office of Statistical Methods and Research, U.S. Energy Information Administration.

BILLING CODE 6450-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 7189-000]

Green Lake Water Power Company; Notice of Authorization for Continued Project Operation

The license for the Green Lake Hydroelectric Project No. 7189 was issued for a period ending March 31, 2024.

Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee(s) under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 7189 is issued to Green Lake Water Power Company for a period effective April 1, 2024, through March 31, 2025, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first.

If issuance of a new license (or other disposition) does not take place on or

before March 31, 2025, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Green Lake Water Power Company is authorized to continue operation of the Green Lake Hydroelectric Project under the terms and conditions of the prior license until the issuance of a subsequent license for the project or other disposition under the FPA, whichever comes first.

Dated: April 10, 2024.

Debbie-Anne A. Reese,

Acting Secretary.

BILLING CODE 6717-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 2392-000]

Ampersand Gilman Hydro LP; Notice of Authorization for Continued Project Operation

The license for the Gilman Hydroelectric Project No. 2392 was issued for a period ending March 31, 2024.

Section 15(a)(1) of the FPA, 16 U.S.C. 808(a)(1), requires the Commission, at the expiration of a license term, to issue from year-to-year an annual license to the then licensee(s) under the terms and conditions of the prior license until a new license is issued, or the project is otherwise disposed of as provided in section 15 or any other applicable section of the FPA. If the project's prior license waived the applicability of section 15 of the FPA, then, based on section 9(b) of the Administrative Procedure Act, 5 U.S.C. 558(c), and as set forth at 18 CFR 16.21(a), if the licensee of such project has filed an application for a subsequent license, the licensee may continue to operate the project in accordance with the terms and conditions of the license after the minor or minor part license expires, until the Commission acts on its application. If the licensee of such a project has not filed an application for a subsequent license, then it may be required, pursuant to 18 CFR 16.21(b), to continue project operations until the Commission issues someone else a license for the project or otherwise orders disposition of the project.

If the project is subject to section 15 of the FPA, notice is hereby given that an annual license for Project No. 2392 is issued to Ampersand Gilman Hydro LP for a period effective April 1, 2024, through March 31, 2025, or until the issuance of a new license for the project or other disposition under the FPA, whichever comes first.

If issuance of a new license (or other disposition) does not take place on or before March 31, 2025, notice is hereby given that, pursuant to 18 CFR 16.18(c), an annual license under section 15(a)(1) of the FPA is renewed automatically without further order or notice by the Commission, unless the Commission orders otherwise.

If the project is not subject to section 15 of the FPA, notice is hereby given that Ampersand Gilman Hydro LP is authorized to continue operation of the Gilman Hydroelectric Project under the terms and conditions of the prior license until the issuance of a subsequent license for the project or other disposition under the FPA, whichever comes first.

Dated: April 10, 2024.
