

14.1 Volume CIAM General Rules, Section 4A (CIAM Internal Regulations)

a) **A.10.2 Effective date of rule changes** **Bureau**

Amend sub-paragraph h) as shown below:

h) Proposals **shall not be placed on the Plenary Agenda** if they seek to reverse or nullify decisions on topics that have been voted on by Plenary ~~within the previous two years~~ **at the previous applicable Plenary Meeting** ~~shall not be placed on a Plenary Agenda.~~ **Proposals that were withdrawn may be reintroduced.**

Reason: To clarify the rule that was meant to prevent failed proposals being re-introduced or successful proposals being overturned at the very next applicable meeting.

This proposal was referred back to the Bureau for further consideration

b) **A.14 Aeromodelling Scholarship** **Education Subcommittee**

Transferred from 2020 Plenary Meeting, and will be put forward if appropriate (see note below). Amend sub-paragraph A.14 e) as follows:

e) Payment

- i) The FAI will transfer the Scholarship award of ~~2,000~~ **2,500** Euros to the awarded student, or his/her parents or his/her guardians after all valid receipts which justify the full amount of the Scholarship have been submitted.

Reason: To keep the value and status of the scholarship we must follow the changes of value of money over time. The amount of 2,000 Euros has stayed the same since the scholarship was first started and it's quite a few years back in time. So we think 2,500 is a good amount to keep the same status of the Scholarship today as when it started.

Technical Secretary Note: In 2020, this proposal was withdrawn by the Education S/C Chairman and was not included for approval by the Plenary. The reason for withdrawal was because of the current situation with COVID-19 and so many events cancelled or postponed; the CIAM financial situation was not as it was when the proposal was submitted. The delegates attending the meeting unanimously recommended to consider this proposal when appropriate.

IMPLEMENTATION DATE to be confirmed

Proposal is unanimously recommended. Exact date for Implementation to be defined by the CIAM Bureau.

14.2 Volume CIAM General Rules, Section 4B

(General Specifications for CIAM Classes)

Technical Secretary Note: Proposals received for amendments to B.2.2 – Classification of Space Models, will be dealt with as a consequence of the related Space proposals.

Volume CIAM General Rules, Section 4C begins overleaf

14.3 Volume CIAM General Rules, Section 4C (General Rules for International Events)

Technical Secretary Note: While there are no Section 4C proposals at the time of publication of this Agenda, this may change as a consequence of discussions at the April Bureau meeting.

14.4 Volume CIAM Records

a) **4.5.3 Homologation Requirements (Space Models)** **Serbia**

Amend the section of 4.5.3.1 as shown below:

4.5.3.1. The competition flight card of the submitted record attempt shall be marked, "Record Attempt." ~~Tracking station angular~~ **Record attempt result** data must be entered in ink.

In addition see the following proposal b)

Unanimously recommended by the SM S/C meeting and by the CGR volume meeting

b) **Forms: Application for record confirmation – Space Models** **Serbia**

*In this suite of forms, available from the 'Documents' section of the CIAM website, delete pages 4 & 5 (Table V Sheet 1 & 2) and replace with a single page form. Refer to **Agenda Annex 7a: Space Altitude Record Attempt Form**.*

Reason: Electronic altimeters have been used for altitude measurements in space models altitude classes S1, S2 and S5 for last ten years. Triangulation Method is not being used anymore because of slow procedure and limited accuracy of calculated altitudes in comparison with electronic measurements. Therefore it is necessary to change this form in relation with present situation.

Unanimously recommended by the SM S/C meeting and by the CGR volume meeting

c) **Forms: Record Dossier Check Form – Space Models** **Serbia**

*In this suite of forms, available from the 'Documents' section of the CIAM website, amend the above form. Refer to **Agenda Annex 7h: Record Dossier Check List**.*

Reason: CIAM Sporting Code 4 was reorganized several years ago. So all paragraphs on aeromodelling and spacemodelling records were moved from Volume ABC Section C and Volume Space Models Chapter 14 to a new Volume CIAM Records. However, reference paragraphs in the Record Dossier Check Form - Space Models were not renumbered and that is necessary to do now to allow interconnection between this form and homologation requirements and homologation data defined in Volume Records, which should be submitted to CIAM for confirmation of records.

Unanimously recommended by the SM S/C meeting and by the CGR volume meeting

Volume Section 12 – Unmanned Aerial Vehicles (UAV) Class U begins overleaf

14.5 Volume Section 12 – Unmanned Aerial Vehicles (UAV) Class U

Technical Secretary Note: Because there may be record attempts in 2021, the Technical Secretary requests early implication of all UAV proposals.

Chapter 1 – Definitions

a) **1.8 Other Definitions** **Bureau**

Add word for additional clarification as follows:

- 1.8.3 Operator in Command - The individual, **team** or organisation responsible for the function and safety of the UAV in flight.

Reason: Clarification

Unanimously recommended by the meeting

Chapter 3 – Records in Class U

b) **3.3 Holder of Records** **Bureau**

Add a reference for clarification as follows:

- 3.3.1 The record will be held by the Operator in Command of the UAV.

Refer 1.8: Other Definitions

1.8.3 Operator in Command – The individual, team or organisation responsible for the function and safety of the UAV in flight.

Reason: Clarification

Unanimously recommended by the meeting

Chapter 4 – Rules For World Records

Bureau

c) **4.4 Other Rules**

Add an additional rule as 4.1 and renumber the following rules accordingly:

4.1 FAI Sporting Licence

4.1.1 At the very least, the FAI Observer, who certifies the application for a World Record, must hold a valid FAI Sporting Licence. A Sporting Licence shall only be considered issued and valid, if the holder is listed on the FAI Sporting Licence database by the NAC that is issuing the particular Sporting Licence. The holder of the Sporting Licence shall declare this on the certification.

Refer to the FAI Sporting Code General Section Chapter 5 (5.2) for additional requirements for FAI Observer/s and Chapter 7 for additional requirements for setting World Records.

Reason: Clarification

Unanimously recommended by the meeting

d) Chapter 6 – Record File

Bureau

Amend the location of the form required for the dossier:

- 6.2.1 Each record file shall contain all flight certificates **and information** necessary to establish full details of the record. The ~~certificate~~ **official form: Record Claim Statement for UAV shall be used and can be downloaded from the Documents section of the CIAM website <http://www.fai.org/ciam-documents>** in Annex 3 of the ~~Sporting Code, Section 2,~~ shall be used.

Reason: Correction and consequential addition for the new form (see below).

Unanimously recommended by the meeting

e) Form – Record Claim Statement for UAV

Bureau

New form:

Add a new form to the Documents section of the CIAM website to assist groups setting UAV records with their documentation.

The proposed form is shown in **Annex 7j – Record Claim Statement for UAV**

Reason: Necessary addition

Unanimously recommended by the meeting

A.5.2 Technical Meetings

On the first day, in case of a physical meeting, there will be preliminary Technical Meetings held by the Chairmen of the appropriate Subcommittees. In case the Plenary is decided to be organized using electronic means, these meetings may be organized in a longer period but always before the Plenary Meeting session. The CIAM Bureau may also decide to host these meetings using electronic means even if the Plenary is going to happen physically. These Meetings shall consider items in the Agenda for the purpose of discussion and briefing of all those present and shall, through the Subcommittee Chairman, make their recommendations thereon, together with the recommendations resulting from voting in the Subcommittee proper, to the Plenary Meeting.

Unanimously recommended by the meeting.

(note: CIAM Bureau will consider ways to introduce live broadcasting of the physical meetings and possible participation even from distance)

A.6.1

The Bureau is composed of a President, three Vice Presidents, ~~one of whom shall assume the duties of Treasurer~~, a Secretary, a Technical Secretary, plus the Chairmen of the permanent Subcommittees.

One of the Vice Presidents shall assume the duties of Treasurer. The other two depending on the circumstances will assist the President and the Bureau with duties such as S/C Chairmen coordinator, CIAM annual events coordinator or any other task that will be agreed in order to improve CIAM Bureau performance and effectiveness.

If none of the Vice Presidents can act as Treasurer, then Bureau may appoint a Treasurer who will not have any voting rights at Bureau.

Unanimously recommended by the meeting
