| Interruptions and delays:                                                | In Sunday afternoon, after the official training for F2C semifinals, during the 1' heat of 1' semi, heavy rain imposed to stop the race for safety (possibility of slipping for pilot and mechanics and lighting/static electricity on lines for pilots).<br>We wait for an hour but rain don't stop, meteo forecast give a possibility only of a short window of good weather late, so the Contest Director, asking with F2C and FAI Jury and organizers, decided to stop the competition, using for F2C the results of the 3 heats disputed. |                      |
