ISACA AWARDS PROGRAM

ISACA recognizes outstanding contributions that advance our professional community and exemplify our purpose and leadership. By acknowledging the individuals and achievements that have a positive impact on our global society, ISACA seeks to inspire future generations of business and technology professionals.

There are four categories of awards administered by ISACA, recognizing separate levels of achievement::

Global Achievement Awards: These are the highest awards presented by ISACA for distinguished service, exemplary achievements and contributions to advancing technology worldwide.

Hall of Fame: ISACA recognizes members who have shown exemplary dedication to advancing ISACA's purpose through volunteer service and/or member engagement activities.

Chapter Awards: These awards recognize outstanding contributions by chapters and individual chapter leaders in fulfilling the needs of ISACA and its professional community.

Certification Exam Top Scores: The top scores for the Certified Information Systems Auditor (CISA), Certified Information Security Manager (CISM), Certified in the Governance of Enterprise IT (CGEIT), Certified in Risk and Information Systems Control (CRISC), and Certified Data Privacy Solutions Engineer (CDPSE) exams worldwide are recognized annually.

ISACA Educational Excellence Award

Recognizes an inspiring educator or academic at the primary, secondary or tertiary educational level or an educational institution with inspiring initiatives who has empowered students to pursue careers advancing technology.

Oleksii Baranovskyi, CISM

For contributions to cybersecurity education in Ukraine and worldwide.

Dr. Baranovskyi began his career as a security analyst at a software product company before transitioning into the banking industry and ultimately into a professional cyber security services company and academic institutions.

Oleksii has received numerous awards for his educational activities in cyber security, including awards from the National Security Council, State Telecommunication Service, and Cyberpolice. He was awarded the President of Ukraine Award for young scientists in 2018.

Oleksii has also lent his expertise to several international projects, serving as a subject matter expert for organizations such as OSCE, USAID, CRDF Global 2015-2023.

ISACA Innovative Solutions Award

Recognizes an individual or organization who has developed or utilized technology to solve business or societal challenges.

RiskOptics

For enabling organizations to have a unified, real-time view of risk and compliance to allow for risk-based, strategic decision making.

RiskOptics redefined GRC with its latest update offering deeper risk observation, assessment, and remediation functionality- ROAR. Adding ROAR to the already powerful ZenGRC transforms GRC management and provides transparency and accountability across the organization.

With built-in and custom frameworks, native integrations or OpenAPI, and outof-the-box threats and risks, organizations simply import the policies, processes, and technology currently in their security ecosystem, and then leverage the one-of-a-kind automation to obtain a tailored roadmap of remediation activity that simultaneously reduces risk and increases compliance.

RiskOptics
FORMERLY RECIPROCITY

ISACA Inspirational Leadership Award

Recognizes a visionary leader who has inspired organizations and professionals to advance and adapt within a digital world.

Vladlena Benson, CDPSE

For contributions to cybersecurity education and inspiring the next generation of women leaders in technology.

Professor Vladlena Benson is the Director of Aston University's Cyber Security Innovation Centre. Her research on illicit money flows, AML, cryptocurrency forensics and secure by design FinTech, is supported by Horizon Europe, ESRC, InnovateUK exceeding £15M. Vladlena has served on the Board of ISACA Central UK and her work on diversity in cybersecurity workforce is recognised by multiple awards.

ISACA Technology for Humanity Award

Recognizes an individual, program or organization whose efforts in connecting with underserved communities or underrepresented individuals has helped bridge the digital divide.

Sushila Nair, CISA, CRISC, CISM, CDPSE

For leadership in creating and supporting programs that advance the next generation of cybersecurity professionals, women and underrepresented populations.

Sushila Nair is Capgemini's Vice President, North American Cybersecurity practice providing services to Fortune 1000 companies. Sushila has most recently served as the Vice President for cybersecurity offers at NTT Data Services and has held the role of a CISO for 10 years. Sushila has over 30 years of experience in computing infrastructure, business and security risk analysis, preventing credit card fraud, and served as a legal expert witness. Sushila has been featured in global technical events, co-authored books and is regularly quoted in the press. Sushila is also the current Vice President of the ISACA Greater Washington, D.C. Chapter.

ISACA Hall of Fame

ISACA recognizes members who have shown exemplary dedication to advancing ISACA's purpose through volunteer service and/or member engagement activities.

GET INVOLVED

The ISACA Awards Program is a peer recognition program that relies on ISACA members and digital trust professionals worldwide to nominate outstanding colleagues, programs and organizations and to help select the recipients each yet.

Join Us!

- Nominate an outstanding colleague or industry program for an ISACA Global Achievement Award.
- Nominate your chapter, an innovative program within your chapter or one of your dedicated Chapter Leaders for an ISACA Chapter Award.
- Nominate a fellow ISACA Member to the ISACA Hall of Fame and recognize their volunteer spirit.
- Volunteer to review award nominations.
- Promote the accomplishments of the recipients.
