

Adoption of Ind AS  
(effective April 1, 2016)

## 1. Background

The Ministry of Corporate Affairs (MCA) has issued a notification dated 16<sup>th</sup> February 2015, announcing the Companies (Indian Accounting Standards) Rules, 2015 for phase-wise roadmap for adoption and applicability of Indian Accounting Standards (Ind AS). As per these rules, in the first phase, listed and unlisted companies with net worth of Rs. 500 Cr or more including the parent or subsidiaries of such companies will have to prepare their financial statements following Ind AS with effect from 1<sup>st</sup> April 2016 with comparative periods beginning 1<sup>st</sup> April 2015. Since TCS' net worth is above this threshold, TCS is required to publish its financial statements prepared under Ind AS with effect from 1<sup>st</sup> April 2016.

## 2. Ind AS

The accounting standards issued by the MCA under the rules on the recommendation of National Advisory Committee on Accounting Standards (NACAS) is a result of convergence exercise that the Institute of Chartered Accountants of India (ICAI) and International Accounting Standards Board (IASB) undertook. The standards have been converged from the International Financial Reporting Standards (IFRS) as issued by IASB except for certain carve-outs that were required to make the standards suitable to Indian business conditions.

## 3. Ind AS in TCS context

TCS has been publishing its financial statements prepared under Indian GAAP and IFRS. There were very few areas of difference between IFRS and Indian GAAP. With the adoption of Ind AS, almost all of the differences would disappear and only those differences which would result due to different dates of adoption of the standards would remain. These differences would largely remain in the balance sheet while the statement of profit and loss on a periodic basis would be similar.

However, there are many areas of difference between Indian GAAP and Ind AS. The areas which are of significant interest to TCS are as follows:

- **Dividend:** Under Ind AS, dividend to holders of equity instruments is recognised as a liability in the period in which the obligation to pay is established. In Indian GAAP, dividend payable is recorded as a liability in the period to which it relates.
- **Consolidation of Employee welfare trusts:** Ind AS 110 – Consolidated financial statements defines control and establishes control as the main basis for consolidating the entities. An investor controls an investee when it is exposed, or has rights, to variable returns from its involvement with the investee and has the ability to affect those returns through its power over the investee, in light of which we are required to consolidate employee welfare trusts of the Group. In Indian GAAP, the entities were not required to be consolidated.
- **Employee benefits:** In Indian GAAP, actuarial gains and losses were recognized in profit and loss. Under Ind AS, the actuarial gains and losses form part of remeasurement of net defined benefit liability/asset which is recognized in other comprehensive income in the respective periods.

- **Depreciation:** In April 2014, the Group revised its method of depreciation from written down value to straight-line basis. Under Ind AS, the Group has elected to apply Ind AS 16 - Property, plant and equipment from the date of acquisition. This change in method was retrospectively adjusted in Indian GAAP.
- **Reorganisation of entities under common control:** The Group under Ind AS 103-Business combination has accounted the transfer of the shareholding of Tata Sons Limited in CMC Limited and Tata America International Corporation to Tata Consultancy Services Limited on the historical cost basis and the consideration paid in excess of carrying cost of these entities, as on the date of transfer, has been recorded as a reduction to equity. In Indian GAAP, the transfer was accounted for on fair value basis.
- **Acquisition of non-controlling interest:** The group has issued shares to the non-controlling interest shareholders of CMC Ltd. in the Scheme of amalgamation of CMC Ltd. with the Company. Under Ind AS 103 – Business combinations, the difference between the nominal value of the shares issued and the carrying value of the non-controlling interest has been recognised in retained earnings.
- **Obligation to acquire non-controlling interests:** The Group under Ind AS-103 –Business Combination has recognised a liability for the present value of the redemption amount towards call option and the non-controlling interest’s put option which collectively contains an obligation for the Group to acquire non-controlling interest’s equity ownership. Indian GAAP do not have any such requirement.
- **Impact of retrospective application of Ind AS 103 to prior business combinations:** In Indian GAAP, the business combination was accounted at the book value, under Ind AS the acquiree’s identifiable assets, liabilities and contingent liabilities that meet the condition for recognition are recognised at their fair values at the acquisition date. Consequently intangible assets have been created and amortization of the same has resulted in an adjustment to the equity.
- **Fair valuation of investments:** In Indian GAAP, current investments were measured at lower of cost or fair value and long term investments were measured at cost less diminution in value. Under Ind AS, investment in debt securities have been measured at fair value with changes in fair value accounted in other comprehensive income. All other investments other than debt securities have been measured at fair value to profit and loss.
- **Tax adjustments:** In Indian GAAP, in the consolidated financial statements, the tax expense of the parents and group companies were added line- by-line and no adjustments were made/additional deferred taxes recognized or reversed on consolidation. Under Ind AS, deferred tax on account of undistributed profits of the subsidiaries has been recognized in statement of profit and loss. Further tax adjustments are also made for deferred tax impact on account of differences between Indian GAAP and Ind AS.

## Process followed to adopt Ind AS

First time adoption of Ind AS involves the following:

- Selection of appropriate options as per Ind AS 101, which contains the transition provisions for an entity to adopt Ind-AS for the first time.
- Preparation of opening balance sheet as at 1<sup>st</sup> April 2015 under Ind AS
- Preparation of quarterly financials of all four quarters of FY16
- Preparation of financial statements under Ind AS from Q1 FY17

We have analysed the options available to preparers under Ind AS 101 in the areas of business combinations, fair-valuation of assets, exchange rate fluctuation reserves, etc. and have followed the options that takes the base financials in Indian GAAP close to IFRS financials without causing major changes to the balance sheet under Indian GAAP. An opening balance sheet as on 1<sup>st</sup> April 2015 of the TCS un-consolidated entity and TCS Consolidated entity has been prepared under Ind AS along with a reconciling statement between Indian GAAP and Ind AS in respect of Shareholders Equity as at that date.

### **4. Financials statements prepared under Ind AS**

A comparison of key Profit & Loss account metrics from the financial statements prepared under Indian GAAP, IFRS and Ind AS for the financial year ended 31<sup>st</sup> March, 2016 is given in Annexure I. The reconciliation statements of the Equity as at 31<sup>st</sup> March, 2015 under Indian GAAP and Ind AS is given in Annexure II. The Balance Sheet of TCS Ltd – Unconsolidated and Consolidated as at 1<sup>st</sup> April 2015 and 31<sup>st</sup> March 2016, prepared under Ind AS is given in Annexure III. Quarterly Profit & Loss account under Ind AS for all four quarters of FY16 – Consolidated and Unconsolidated is given in Annexure IV.

The financial information in Annexures below are not audited financials and are being given only to facilitate early dissemination of comparative historical data. An excel version of these previous period financial statements will also be available on the company website.

**Annexure I – Profit and Loss Account Comparison under Indian GAAP, IFRS & Ind AS for FY16**

Amounts in ₹ crore	TCS Consolidated Profit and Loss Account for FY 2016		
	Indian GAAP	IFRS	Ind AS
Revenues	108,646	108,646	108,646
Profit before Taxes	31,676	31,840	31,840
Taxes	7,301	7,502	7,502
Profit after Taxes before non-controlling interest	24,375	24,338	24,338

Comprehensive income reconciliations for consolidated financials:

	(₹ crores)
