Arriving
September
2024

A grand welcome awaits...

Belfast Grand Central Station

Phased opening from **Sunday 8th September 2024**. Buses currently operating from the Europa Buscentre to move to the new terminus on **Sunday 8th September** followed by rail operations, date to be confirmed.

Connected and inclusive space:

- Grand Central Station will be a game changer helping inspire and reimagine how people travel for a better connected, cleaner and healthier society.
- As Belfast's new terminus station, it will enhance connectivity and integration across Northern Ireland, ROI and beyond.
- Enjoy the spacious, comfortable, modern fully accessible facilities including priority seating, accessible toilets, parent and baby facilities, and changing places room.
- Offering a range of retail outlets, beyond transportation, this new facility will be a new destination in the heart of the city where people meet.

Bus and rail services:

- Access the station via Durham Street or Grosvenor Road entrances.
- All bus services operating from the Europa Buscentre will relocate to Grand Central Station upon opening with the first service operating on Sunday 8th September at 5am.
- When rail services commence at the new station, the line will reopen between Belfast and Lisburn. All services across the rail network will operate to and from the new terminus station, including cross border Enterprise services with some adjustments to the rail timetable.
- As the main terminus station for Belfast, passengers should allow extra time to interchange to another bus or rail service if continuing on a different route.
- This means rail passengers travelling to/from the Portadown line will need to interchange at Grand Central Station if travelling to/from Botanic, City Hospital, Lanyon Place, York Street Stations or to/from stations on the Larne, Bangor and Derry~Londonderry lines.

Travel tips:

- Pre-purchase tickets in advance via the mLink app or top up your Translink smartcard to speed up your journey time.
- Contactless payments can be made for any bus and train journey.
- Buy tickets online or at one of our easy-to-use Ticket Vending Machines.
- Check passenger information screens or use the Journey Planner for departure information prior to travel.
- New public realm improvement works around the new station are ongoing and will continue through 2025. These works will enhance pedestrian safety, walking routes, accessibility and cycling as well

as see construction of the new Saltwater Square at the main entrance. Look out for the safe diversionary routes in place for pedestrians to access the station.

- Plan your journey using the Journey Planner App, visit www.translink.co.uk or call the contact centre on 028 90 66 66 30 and allow extra time if it's your first visit!

Thank you to all our passengers for your patience - we look forward to welcoming you to your world class station.
