Subject:      Corrections to Public and Fire Weather Forecast Zones for WFO  
Riverton, WY: Effective September 19, 2023

Effective Tuesday, September 19, 2023, at 03:00 PM Mountain Daylight Time (MDT), 2100 Coordinated Universal Time (UTC), the NWS Weather Forecast Office in Riverton, WY (RIW) will change Public and Fire Weather Forecast Zone names within the Bighorn Basin in north-central Wyoming. After this change, all forecasts and related products will use the zone numbers and names shown in Table 2 below.

If September 19, 2023 is declared a Critical Weather Day, this implementation will be postponed to September 21, 2023 at 2100 UTC.

These changes will correct misspellings in the zone names when referenced as physical entities.

Three public zones and two fire weather zones will be changed to correct the spelling. The new zone names are listed in Table 2.
